Dan,

Jannet Jara told me that you held a meeting on SELMA PARK this week.

As the owner of our building was here, Jannet was unable to attend.

I knew nothing about the meeting.

Kindly provide us with a summary of what was discussed and resolved.

Thank you.

Hi Daniel

It was nice to see you at the Hollywood Entertainment District offices last week to talk about the Selma Park

I am very happy to see that there will some positive changes to the park in the near future

My supervisor **Audrie Echnoz** Executive Director of the Hollywood YMCA was not able to make but

I will be great if you can add me and her to the future meeting about the park

Her email address is AudrieEchnoz@ymcala.org

Thank you for your time and leadership

See you next month

To: Dan Halden <daniel.halden@lacity.org>

Hi Dan,

Thank you for organizing the Friends of Selma Park meeting; I'm excited about the different possibilities. As you know, If you drive by the school, you will notice the numerous tents, shopping carts, and homeless sleeping several feet away from the main entrance of the school. I have received many complaints from Selma and charter parents as well as I have been approached by several community members. I seek your help in resolving this issue by helping to keep our block free of debris, tents, and homeless folks blocking the path to school. I have requested additional support from school police with limited results. Please let me know how we can work together to improve the safety of the Selma Community.

I appreciate your time and consideration.

Thank you,

Glendy

Hi all,

Great meeting yesterday! I look forward to seeing you at the next meeting.

Per our discussion, each organization/school/non-profit – prior to the next meeting, please provide 3-5 realistic "events" you think you could commit to calendaring within the next few months.

We are open to suggestions and working with everyone, together.

Have a great weekend, and stay dry!

Warm Regards,
Dan

Hi Dan!

Great meeting! What a great group. Everyone seemed genuinely interested in working together to improve the park.

The Y will have summer, winter and SPRING break at the park as often as possible during those season breaks.

We can also have some staff meetings there too.

Additionally, we run a PE program at Selma on Wednesdays and a portion of that could include a walk through the park if the school is okay with that. I can check with Glendy.

The YMCA HKD (Healthy Kids Day) I mentioned, is on April 29th from 10-2. We would love to have you say a few words at our event if possible and we could extend the event to the park. Maybe the Hollywood High Band and Cheer could participate and if you are open to it, we can make this a big day for the community to get healthy!

I am also meeting with the LA Arts Council (I think that's the name) and will ask them to consider maybe some Art in the Park Days. That would be cool!

I am still available to help create a calendar if desired. No one really seemed to jump on that idea so maybe I am still too new. But just know, I am here to partner and really just want the community to be stronger because of all of us together. I look forward to working with you. Please let me know how I can further assist if desired.

James, good to talk with you Friday.

Our "Friends" group consists of Blessed Sac school, HHS, Selma Elementary, YMCA, Gay/Lesbian Center, PAL, Parks/Rec and nearby neighbors. (Of course, CD 13 and City Attorney and LAPD). So my question would be – could we do some type of weekly Farmers Market pop up in the Selma Park? We also though it would be fun to have a table where students could sell things from their community gardens at Selma and HHS.

If your team is willing to further discuss, let's consider logistics.

Hi James, we have our Friends of Selma Park meeting later this week, and I wanted to see if your team had any thoughts about the feasibility of activating the park once a week with a small farmer's market. I would invite you to come to this meeting on Thursday if you're interested in hearing about the other ideas generated – we are meeting at 10:30 a.m.

Nicole,

This afternoon our team removed all material from Yucca at the gated entrance at Cherokee and Yucca. One of the same males was removed. We also cleared the overflowing public trash can at that location.

I am asking Juan Leon to assign a pressure washing of the location asap. Thanks.

Las Palmas was clear of any encampment. My partner and I stopped the same male that we removed at Yucca from the parking lot. This is the younger male, today wearing dark grey sweatshirt with hoody, dark pants. Red or brown curly hair, 5'11 about 150 lbs.

Selma Park was okay today.

Dear Daniel,

Thank you for the opportunity to attend a meeting with agency officers
regarding Selma Park.
I appreciated learning how the "Selma Corridor" has been affected
by the influx of the homeless. Also enjoyed hearing what the principal
of Hollywood High School had to say about their impact on student safety, etc.
I informed the group of my perspective as a Manson Apartment resident
of 20 years. I don't think I have any further insights to contribute.
Will appreciate hearing what decisions and action items are committed to
at your upcoming meetings.
Thank you, Dan.
Best wishes,

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

HOLLYWOOD YMCA/ SELMA PARK "PARK"NERSHIP

1. The Y will have summer, winter and SPRING break at the park as often as possible during those season breaks. Local youth will utilize the playground and surrounding seating areas.
2. We will commit to having some staff meetings there too.
3. Additionally, the YMCA and Selma Elementary collaborate programming on Wednesdays. We would be happy to explore a possible portion of that time to include a walk/play through the park with adult supervision.
4. The YMCA HKD (Healthy Kids Day) will be held April 29th from 10-2. It could prove beneficial to extend the day's programs into the park and possibly tie in a ribbon cutting to express a re-activation including city official and partnership speaking opportunities. We could include the Hollywood Band and Cheer teams. This could also be a good time to do a community walk to raise awareness for the park and our involved partners, the Y, our schools and invested residents.
5. The YMCA does quite a bit of filming on the Y site. Would the park be a potential place for outside holding for extras during appropriate weather? We could work to arrange that. (Some filming goes into the night).
6. The YMCA could provide additional supervision for movies in the park during summer months if the city could sponsor the event.
7. The Y is willing to reach out to additional partners for days such as art *in the park* or *theater at the park*.

I am available to help create a calendar if desired.

I will follow up w/ Travis & Jose re: grants for shade

Respectfully Submitted: Audrie Echnoz, Hollywood YMCA Executive Director: 323-467-4161

Hello Dan,

Unfortunately, I will not be able to attend to today's meeting because Selma's assistant principal is not here. As for suggestions, based on teacher input, we're proposing the following:

- Drawing Class
- Read Alouds
- Yoga Class
- Community Care - the community gets together to clean the park, environmental awareness

Let me know when you have some time to discuss the upcoming Coffee with the Principal on March 1.

Thank you,

Glendy

Hello all,

As I mentioned at our pleasant chess battle / lunch (LOVED the chess pieces Kerry), the CHNC is looking to spend some money and I'd love for it to go towards permanent shade structures for Selma Park. I'm trying to get estimates put together, however I need detailed schematics of the playground facility's "playscape", with equipment heights, measurements, an accurate labeling of true north, and so on.

Is there any way for me to get this material? Sorry to trouble you all, but my google-fu has failed me.

Thank you!

Great news Travis,
I'll inform upper management. On another note attached you'll find some of the photos. Please share it with everyone else since I don't have their emails, thanks.

Hello everyone,

As I've mentioned before, I'm trying to direct some of Central Hollywood Neighborhood Council's funds towards shade structures for our beloved Selma Park.

I met with CHNC's Outreach committee last night and they are very interested in authorizing up to $20,000 for the project. There are, therefore, a number of steps and procedures with the Dept of Parks & Rec that need to take place before they'll write a check and I'm afraid I don't have the first clue how to proceed.

Can one of the Friends of Selma Park kindly direct me to the person or persons I need to communicate with in Parks & Rec? I need to first establish whether this project is at all possible, and then be educated on what steps need to be taken (a contract needs to be drawn up? permits need to be applied for? in some specific order?).

Please find the outline I presented to the Outreach committee, attached (you'll note the dearth of detail).

Thank you so much for any help you can provide!

Hi Dan!

So when can we meet for lunch? I would love to learn more about you and Hollywood and chat about the Y Healthy Kids Day and Selma Park reactivation joint venture.

Would you also be able to maybe present the Y with a proclamation on our Healthy Kids Day recognizing our efforts to promote health through community collaborations?

I can send more information if desired...or maybe you can let me know who to follow up with.

I hope to meet up soon and thank you again for all your support thus far. I am loving it here in Hollywood!

More important than Selma Park

1 message

Romulus Zamora Tue, Mar 28, 2017 at 9:17 AM
To: daniel.halden@lacity.org

Dear Daniel,

Yesterday SELMA PARK DID NOT OPEN.

It was NOT A FEDERAL HOLIDAY.

It was NOT A COUNTY HOLIDAY.

What happened?

Here's something JAMES FRASCO, Jannet Jara and I are genuinely CONCERNED ABOUT.

What are our LOCAL GOVERNMENT AGENCIES DOING NOW to PREPARE OUR NEIGHBORHOODS for the BIG EARTHQUAKE scientists have promised?

Mr. Frasco wants to know HOW MUCH WATER and FOOD STUFFS each of the Manson Apartment RESIDENTS need ON HAND to prepare.

He once told me that he was willing to provide it and store it to assure our residents survive until LOCAL GOVERNMENT can respond.

As you've introduced JANNET and me to various local government officials (including YMCA administrators),

and PREPARING LOCAL RESIDENTS for an EARTHQUAKE is of keen interest to us,

please IDENTIFY WHO we can contact about this?

Thank you,

Romulus Zamora

Hi Dan,

Unfortunately, I won't be able to make this meeting tomorrow. The update from the Center is that we'd like to be added on the Park Calendar so we can see which dates are available for our potential programming. Our Director of Programs is interested in events we discussed before – like staff lunches, youth programs, etc. Please let me know how we can get added to calendar and if there are any follow-up needs from the meeting tomorrow.

Thanks!

Krystal

Hi Dan,

I won't be able to make it to the meeting today, but I wanted to give you a quick update regarding shade structures for the park.

Audrie Echnoz, Director of the YMCA, arranged for a contractor to take measurements and so forth at the Selma Park playground. We should have an estimate soon.

The CHNC Beautification Committee has their next meeting on the 17th, which should be enough time to get the estimate completed. I'm planning on taking it into the Committee and ask for them to fund it.

Bummed I can't be there today, please keep me advised as to our next meeting!

Oh and please make note of the new email I'm using for City-related adventures.

Unworkability in Hollywood

1 message

Fri, Apr 7, 2017 at 4:51 PM

To: daniel.halden@lacity.org

Dan,

The mayor and most elected officials live in manicured suburbs FAR FROM the DIN of urban life.

They don't suffer HELICOPTERS overhead at all hours of day and night.

Or loud motorists, motor cyclists, and sirens.

There's actually a motorist who drives through Hollywood AFTER MIDNIGHT on the weekends

blowing a car horn customized to blare like a train engine's horn. Maybe it's legal, though not at those hours.

And NO ONE DOES ANYTHING ABOUT IT.

Yes, Selma Park has been relatively quiet recently for which I acknowledge you and the agencies involved.

So when a young topless man started jumping around and screaming at the top of his lungs in the park and outside it

as school children and elderly pedestrians walked by, I found it incredibly STRANGE.

I called Andrews International which thought so little of it as to DO NOTHING.

I even phoned 911 and waited until you picked up your line.

I got no assistance.

Mr. O'Farrell has been elected for another term.

It seems that the only time our elected officials DO ANYTHING

is when they STUFF OUR MAILBOXES AHEAD of ELECTIONS.

It's good to know what is VALUED in Hollywood

and WHAT ISN'T.

Right now I'd rather live in another country.

Dear Daniel,

Forgive me for losing it Friday.

I appreciate the work you and the heads of the other city agencies involved have done to calm things down at the park.

The incident caused by the loud screamer at Selma Park was extremely unusual and disturbing

occurring after an extended period of relative peace and order which seemed to herald Selma Park's troubles were over.

At 9:11AM today Jannet Jara, our building manager, informed me that **we have a trespasser sitting on our front porch.**

This follows intrusions to our property by several homeless men last night.

As I got no response at Officer Jordan's number,

I phoned the LAPD non-emergency number.

Please let me know what else we can do to deal with this continuing harassment and trespassing.

Thank you.

Guests: Mike Harkins, Hollywood & Highland.

I. Call to Order: The meeting was called to order at 10:10 a.m.

II. Public Comment: There was no public comment today.

III. Meeting Notes: The meeting notes from the January 11, 2017 meeting were distributed for review.

IV. Reports

A. Staff Report:

1. Homeless Issues

a. Encampments: Mariani reported that staff had met with the head of External Affairs for ATT and their real estate manager on February 3. The Council Office had organized the meeting and Dan Halden did a great job of bringing adjacent neighbors together to talk about issues related to the property. Additionally, the staff has reached out to the Deputy Director of Sanitation for the City to see how their crews can coordinate with BID cleaning teams to clean areas after encampments have been removed by LAPD or when "bulky items" are left behind.

b. Communication with Elected/Appointed Officials: Mariani reported that Kerry Morrison had sent an email to the Mayor's office and Sanitation to describe the current number of encampments in the two BIDs. She received a response saying that LAPD will be coordinating with Sanitation to try and conduct some outreach in the coming weeks.

c. Outreach to property Owners: Mariani shared with the committee that the BID staff has been actively reaching out to a few owners who have vacant properties to see if there is a way for them to close off private alcoves near the public sidewalk that have been used for criminal activity.

2. City Initiatives

a. Skateboard Enforcement: Mariani informed the committee that "no skateboarding" signs have been installed along the Walk of Fame. There will be a plan to communicate with local schools to educate students and do warnings before enforcement occurs. The Council Office and City Attorney are working out the details.

b. Friends of Selma Park: BID staff is working with the Council Office and community partners such as Selma Elementary, Hollywood High School, YMCA, and others to find ways to program the park on a daily basis. The staff hopes to have more details about a plan available in the coming months.

3. Andrews Contract Amendment
    a. Advisory recommendation re/request for five percent increase: James Bunch and John Adams from Andrews International discussed with the committee a budget to give Andrews personnel associated with the BIDs contract a pay increase. The staff have not received an increase since 2013. The committee asked a few questions related to how the increase would be applied. Both John and James assured the committee that the increased budget would go directly to cover personnel's increased pay and payroll taxes. No other overhead would be paid through this increase. The committee decided to bring the request to both boards at their next meeting for approval.

B. Report from Andrews International: Steve Seyler shared with the committee activities going through the end of January 2017. Seyler reported that the BID is off to a busy start with calls for service almost tracking with last year's pace through the first month. Seyler also updated the committee on the homeless outreach pilot and the status of some radio equipment that had not been working properly.

C. LAPD: Officers Danny Pesqueira and Irv Isabella gave an overview of crime stats for the area. Officer Pesqueira confirmed that the Senior Leads have also been trying to work with DMH and the HOPE car to have them conduct outreach at some of the encampments in the area.

V. New Business: There was no new business.

VI. Next Meeting: The next meeting is scheduled for March 8.

VII. Adjournment: There being no further business the meeting was adjourned at 11:25 a.m.

Committee Notes – Joint Meeting

Attendance: **HED Committee Members present:** John Tronson, Gary Goroyan, Chad Lewis, George Younan. **SVBID Committee Members present:** Fred Rosenthal, Fabio Conti, Lea Clement **Liaisons:** Steve Seyler, John Adams, Andrews International. **Staff:** Kerry Morrison, Joseph Mariani. **LAPD**: Lt. Michael Ling. Guests: Gina Donaldson, sbe; Betsy Davis, Susanna Furios, Kate Uzarowski, Franck Poalo, Church of Scientology International.

I. Call to Order: The meeting was called to order at 10:10 a.m.

II. Public Comment: There was no public comment today.

III. Meeting Notes: The meeting notes from the February 8, 2017 were not yet available.

IV. Reports

A. Staff Report:

a. Homeless Issues

i. Measure H. Kerry Morrison reported that with still about 100,000 absentee ballots to be cast, Measure H appeared to achieve the 2/3 voter threshold required, with 67.44% as of this morning. It was a terrific outcome and will yield benefits to the community by late summer. There was general discussion about the election, including the voter's rejection of Measure S. Morrison said that Hollywood would have input into the needs and priorities that need to be funded from the Measure H proceeds. More details will be available next month.

ii. Homeless count trends. Morrison indicated that she is working with the security office to reconcile some discrepancies that have arisen in the homeless trend counts that occur. It appears that with the influx of tents into the neighborhood, there has been some confusion about how to count tents versus people. She will hope to get this reconciled by next month to provide a trend report.

B. City Initiatives:

a. Selma Park – Morrison reported that under the leadership of Council District 13, a committee has been created ("Friends of Selma Park") to work on a plan to activate the park on a daily basis this summer. Meetings have been held with local schools, youth groups, the Y and other community members to create a schedule commencing with April 29, the day that the Y will host their Healthy Kids Day.

V. Andrews International Report – Steve Seyler reviewed some of the highlights from his report dated 1-30-17 to 2-26-17. He described how, in conjunction with BID staff, they are identifying hot spots for encampments and crime throughout both BIDS and then coming up with a proactive plan to work with the property owner to help make the areas safer. A good example was an effort undertaken to improve the sidewalks around the ATT building last month, where over 40 people could be sleeping at a given time. The property manager for the local senior citizens housing complex presented ATT with a petition signed by >100 residents who expressed fear to leave their apartments and described people defecating and urinating in their gardens.

Seyler also pointed out that arrests continue to be down, relative to past years, but calls for service continue to creep up. The BID Patrol is heavily involved in engaging with, and managing the homeless individuals who are living in the BID, in response to stakeholder calls and complaints. There are less options to initiate a private person's arrest, because the city attorney is not taking as many cases as in past years. BID Patrol has become pretty adept at problem solving.

VI. Report from LAPD – Lt. Ling shared crime stats for the period, and discussed the commitment to work with Dept. of Sanitation to respond to some of the large encampments that had become rooted in the two BIDs. Morrison thanked LAPD for their efforts and noted that board members and stakeholders had noticed the efforts being made. Some specific examples of retail stores experiencing shoplifting on a regular basis, and robberies were also shared. A suspect has been involved in a series of robberies of parking lot attendants at night, and he is being sought. Finally, Lt. Ling reported that as of July 1, the METRO will be contracting with LAPD to patrol the subway stations that fall within the city limits. This will be a new arrangement where Long Beach and LAPD will handle their jurisdictions on the rail lines, and LACO sheriffs will patrol in all other areas.

V. New Business: Morrison shared that the BID Renewal Committee is looking at novel ways to approach public safety in the new BID (between 1919 and 2029). Some ideas will be brought back to the next security committee meeting.

VI. Next Meeting: The next meeting is scheduled for April 12.

VII. Adjournment: There being no further business the meeting was adjourned at 11:20 a.m.

AGENDA REQUEST: Shade Structure for Selma

Hi Angie

I was hoping to be placed on the agenda for next Monday's meeting of the CHNC Outreach Committee, if possible.

I'd like to propose that some of the CHNC funds go towards building a shade structure for Selma Park's playground - (which gets very hot in the summer!) It comes as part of an effort organized by Councilman O'Ferrell's office to revitalize the park as a more welcoming space for our stakeholders. We (Audrie Echnoz, director of the Hollywood YMCA, who is CC'd, and myself) have been in contact with a contractor who could provide an estimate, and hope to have your Committee recommend it to the Board.

Please let me know what information you will need so that this item can be placed on the agenda.

Thank you!

Hi all,

We discussed some of these particulars at our last meeting of Selma Park stakeholders. Prior to CHNC voting on providing funding, I think it would be best to first get the estimate from the contractor, and then - for protocol purposes - connect with Recreation and Parks, which would have to approve any installation, funding, etc. for the park.

Additionally, any new equipment of this nature would have to be transferred to the City through the L.A. Parks Foundation.

We are thrilled with all the interest in and positive energy regarding the park, but of course need to make sure that the proper protocol is followed.

Thank you,

AGENDA REQUEST: Shade Structure for Selma

Travis Wester Wed, Apr 12, 2017 at 2:25 PM
To: Dan Halden <daniel.halden@lacity.org>

Hi Dan

Bit of a bone to pick with you, my friend.

I know I wasn't at the last Selma Park meeting, but I told you I'd be taking an estimate to the Outreach Committee. If something was discussed at the meeting that should delay that, I sure wish you would've given me a heads-up.

I'm not sure why you're trying to keep me from taking it to the Outreach Committee though. It's just the committee, and I fully expect to have to go back to them once I hear what hoops *they* want jumped through. The end of FY is coming up fast, so it's best to get this thing rolling, don't you think?

Why can't we initiate the process with the Committee while we're also checking in with Parks & Rec? Is there a protocol against a stakeholder going before a NC *committee* to ask if they're interested in him pursuing a project? Even once we get the Committee to recommend the project, we'd *still* have to take it to the full Board --and I totally agree with you that we would want everything in place before the Board votes.

Perhaps you thought I was trying to take this before the full Board for an up-or-down vote on funds? I'm not.

If you were confused about which body I was asking to appear before, I sure hope you hit Reply All again and clear the air because I was really counting on your support. This email you sent came as a bit of an unpleasant shock.

Thanks Dan.

SELMA PARK (SHADE STRUCTURES)

1 message

Travis Wester Thu, Apr 13, 2017 at 4:44 PM
To: Dan Halden <daniel.halden@lacity.org>

Hi Dan

So the estimate for those shade structures are coming in a bit more than I wanted (big surprise).

Quick question, and maybe you could forward this to the Selma Park Friends in Parks and Rec...

If the CHNC paid for the parts, would Parks & Rec be handling the labor?

Could private contractors even work in city parks? Is that the kind of thing that's subcontracted?

In other words, if CHNC purchased the structure itself, could we find money (or city resources) to have it installed?

Thank you so much!!

UPDATE Selma Shade Structurething

1 message

Travis Wester Tue, Apr 18, 2017 at 12:02 PM
To: Dan Halden <daniel.halden@lacity.org>

Hi Dan,

So everything went more or less as planned at the Outreach meeting last night in regards to shade structures at Selma Park... the item was tabled until I can get some more and better information put together. They seem eager to try and get this done, and now I have a better idea of what is required to help move it forward.

What would be extremely helpful is to begin a dialog with Parks and Rec. The main note I received is "Have you run any of this by Parks and Rec? What if you can't even do this at all?". I recall there being folks from Parks and Rec at the FoSP meeting when we were throwing about the shade structure idea and it wasn't pure poison, so I'm hoping to begin facilitating that conversation in earnest.

I know we have a Friends of Selma Park meeting next week, but time is of the essence so I'm planning on sending an email to the Parks and Rec folks on the board to see if they can help direct us to the proper personnel (feel free to belay that if you'd rather facilitate that discussion).

As it is, I'm supposed to check in with Angie as soon as I have enough answers to the main issues and roadblocks. Outreach Committee is actually open to have a Special Meeting to address this project, due to the timetable - a good sign of their support!

Thanks for all your help Dan!

Oh, P.S. - please remember to invite Laurie Goldman's clients to the FoSP meetings 🙂

save-the-hollywood-reporter-building petition_10-23-17.pdf

Hello Dan & Christine -

I am sending some follow up documents about our quest to landmark the Hollywood Reporter building. Although we already sent an official letter from the Art Deco Society of Los Angeles, the applicant for an HCM for The Hollywood Reporter building, we wanted to share some updates. These updates already went to Council Member O'Farrell's official email address and Craig Bullock was cc'd (although it appears that Craig.Bullock@lacity.org might not be going through).

We did have word that the Council Office is in support of this landmark application and we are thrilled about this.

At this time, we would like to submit to you, the comments on our petition to preserve the building. We currently have 1,265 signatures and 452 comments. You can look at the survey online, but you can also look at the attached file. https://www.ipetitions.com/petition/save-the-hollywood-reporter-building

We have made contact with Willie Wilkerson, the son of the man who built the building that still stands today and who founded the Hollywood Reporter. He has stunning photos in his archive, of what the building looked like originally and you can really see the architect's vision. We will share the photos at your meeting.

Comments from Willie Wilkerson are in the attached letter.

The current incarnation of the paper, The Hollywood Reporter, is also going to support our campaign to save the save the building.

I am attaching our comments and a copy of our survey. The comments on the petition are plentiful and I encourage you to scan them to get a sense of how people feel about the disappearance of the historic Hollywood neighborhood.

Thank you again for your attention to this case which is file no. 17-0980.

RE: Council File No. 17-0980
The Hollywood Reporter Building

Dear Council Members of the PLUM Committee:

Since we have not had the opportunity for public comment yet in this process, we would like to share some collected comments with you, both as part of a petition we launched in early September, and comments of the Art Deco Society and other heritage groups that have been championing the landmarking of the **Hollywood Reporter building**. Letters of support for the adaptive-reuse of The Hollywood Reporter Building have come in from all over the world.

Saving simply the façade is not true preservation.

Journalism History

The Hollywood Reporter started publishing on Sept. 3, 1930 and was the first daily entertainment trade paper to cover the motion picture industry from its base in Los Angeles.

The Hollywood Reporter Building represents 80 years of Los Angeles journalism history - spanning the Golden Age of Hollywood movies, all the way up to the present century.

The well-known Turner Classic Movies host **Robert Osborne** wrote his "Rambling Reporter" column for The Hollywood Reporter, for many years while the paper was housed in this building.

For 8 years in the 21st century, the building housed another important Los Angeles paper, the LA Weekly.

The demolition of this building would be a profound cultural and historical loss to the city. The property has unique value and it is now the last extant building in the Hollywood area, that housed a printing press. **The paper printed on site until the late 1980s.**

In the portion of the building where the paper was printed, original Eye-beams used to support part of the printing process, are still intact in the ceiling.

As printed media itself becomes extinct, this is an important building to preserve.

Unique Architecture

The Hollywood Reporter building is an elegant example of the exceptionally uncommon Hollywood Regency Moderne architectural style.

It is the only design style which gets its name from the influence of the work of art directors and set designers in the film industry.

The style is most commonly applied to interiors and objects, but noted architects such as S. Charles Lee and Douglas Honnold adapted it for private homes, restaurants, beauty salons, and hotels.

The Hollywood Reporter Building, designed by architect Douglas Honnold. is pure Hollywood Regency, with its curved and fluted curvilinear sections contrasting with the darker marble and the brass fixtures.

Among Honnold's notable projects, is a steamline modern home for actress Dolores del Rio and her production designer husband, Cedric Gibbons.

The elegant interior in the front part of the building is intact.. It features wood paneling, columns and a fireplace from the 1930s. We also believe that the ceiling light fixture is original to the building, based on photos in an ad that we have obtained. The ad is for Sunset House, an elite menswear store that briefly occupied this part of the building. The son of the founder of the Hollywood Reporter has recently made photographs available from his family's collection, from when the building was brand new.

Many of the architectural features remain in the complex, despite the alterations which were necessary for continued use.

I encourage the PLUM committee to support the designation of this rare namesake Hollywood structure.

- Written by Richard Adkins, President of Hollywood Heritage

Hollywood's Early Publishing History

It is a valuable example of early media connections to the entertainment industry. Hollywood newspapers formed the backbone of advertising and promotion of the industry from its earliest days in Hollywood.

Other papers included HollyLeaves - which has no extant building, the Citizen News (no extant printing facility), Variety and the Hollywood Reporter. During the Golden Age, these publications were just as important as the LA Times –whose investors had considerable stakes in Hollywood.

The property (and our nomination) actually consists of three buildings built between 1924 and 1947. The front building facing Sunset is a 1936 redesign by architect Douglas Honnold for its brief life as The Sunset House men's store.

Based on its cultural significance as the home of The Hollywood Reporter, we believe that the entire complex should be preserved. There are precious few examples of this unique architecture left in the city. The time is now to save what is left of Los Angeles' architectural history.

Adaptive Re-Use of The Hollywood Reporter Building

These three buildings together comprise a space that is well suited for adaptive reuse. The original wood interior would provide an elegant backdrop to an Old Hollywood style eatery, not unlike the Cicada restaurant/bar in the historic Oviatt building in downtown LA for example. Like the Hollywood Reporter, the Oviatt building was also originally a haberdashery with an exclusive clientele.

There is a long list of extremely successful restaurants and bars that operate in historic buildings in Los Angeles. The Houston Brothers and the 1933 Group are two companies that exclusively open businesses in historic spaces, design the interiors creatively and capitalize on a vintage ambience.

A district of high end restaurants housed in historic buildings is starting to emerge in this region. Among them are "Gwen" located at 6600 Sunset Blvd and the soon-to-open, renovated space at 6530 Sunset Blvd, which is leased to a yet to be named, NY celebrity chef-owned eatery. In an article announcing this project, LAist.com ended the story by saying "in a neighborhood otherwise devoid of high quality food destinations."

Especially as large entertainment companies such as Netflix and Viacom take up residence in Hollywood, the area sorely needs more unique, destination restaurants where the cuisine is the primary concern and dignified nightlife and business dinners and luncheons are promoted. This is what the people who live and work in this corner of Hollywood want. Not another generic Quizno's in a mixed use development.

In fact, in June of this year, The Hollywood Reporter wrote an article about "Hollywood's New "It" Corridor," citing the movement east of entertainment companies, as a major factor in the potential transformation of Hollywood. **What better time is there than now, to open the doors of an authentic piece of Hollywood history for adaptive re-use.**

Cultural Context to Hollywood

This is an extremely historic section of Los Angeles' film industry history. The volume of 80-90 year old buildings that survive in this area tell the story of 20th century Hollywood. In the 1940s, a reporter might have walked from The Hollywood Reporter's headquarters up to Hollywood Boulevard for lunch at Musso & Frank's and then made his way down to the Egyptian, Chinese or El Capitan Theatre for a premiere, followed by a night cap at the Roosevelt Hotel.

All of the buildings in this story are still extant. This is what makes Hollywood, Hollywood. We can't disrupt and erase that. Once these buildings are gone, they're gone forever.

Downtown Los Angeles' Bunker Hill community was completely decimated to make way for a modern downtown. The job was done so thoroughly, there is nothing of Victorian Los Angeles left to speak of, to tell the story of the city in this time period. Now buildings from the 1920s and 1930s are under threat of rampant demolition. The old and the new need to stand side by side on city streets to maintain a diversity of architecture. This is what brands a city.

Architecture of this era was an art form. Future generations should have the opportunity to see, study and appreciate it. The most fabulous art deco building in Los Angeles, The Atlantic Richfield, was torn down 50 years ago in 2018. Generations of people have been (and will be) robbed of seeing this magnificent building in our city. This should have been an icon of our skyline. Not an unceremonious demolition.

Cultural/industrial heritage cannot be recovered once demolished and it's what makes a city unique and part of its heart and soul.

The Hollywood Reporter Building as Historic Resource

The Cultural Heritage staff report cites inclusion in the 2009 Chattel survey of historic resources. This building has been included in every survey done in Hollywood since 1978, and always evaluated at the highest levels of significance. It was also referred to as an historic resource under CEQA in the Crossroads Project EIR. Thus, numerous experts have come to the same conclusion over time

The building's facade design is a very distinctive (and unusual) Hollywood Regency/moderne style. While in need of restoration, it is mostly intact. We have also been able to confirm that much of the original Sunset House interiors are extant despite the intervening years and changes in occupants. In addition, the middle building, which housed The Hollywood Reporter printing operation, still contains the structural characteristics that suggest this previous use. For this reason, our nomination is based both on the architectural significance of the structure as well as its cultural significance as the original home of The Hollywood Reporter.

The public does not often get to see the interiors, so the preservation community is very happy to hear that so much of the original interior remains. What remains continues to demonstrate the quality of the building. Various parts of the building had different uses, so that not all of the interiors are lavish. While the building may not rise to the level of Honnold's best work in its current condition, the features can be rehabilitated. Hollywood was home to many more Regency and Deco structures; that they are rare now, is definitely a reason for inclusion of this one.

Historic Los Angeles is Important to Tourism & Residents Alike

Tourists come to Hollywood in search of vestiges of the Golden Age. They come in force during such events as the Turner Classic Film Festival or the Noir City: Film Noir Film Festival (both in Hollywood), but there is plenty of year-round Heritage Tourism as well.

Many residents love vintage Los Angeles too. There are groups that promote and discuss this history, such as the Facebook page Vintage Los Angeles (303, 902 follows) and membership organizations such as the Art Deco Society of Los Angeles and Hollywood Heritage. Our groups produce walking tours, public educational programs, share photographs of historic Los Angeles, dine in historic bars and restaurants and buy or rent historic residences, not to mention the retailers devoted to the vintage community such as vintage shops or reproduction vintage companies (Burbank has a large number of these shops clustered on Magnolia Blvd.– why doesn't Los Angeles?).

Yes, there are a vast number of people who love the design of the past so much, that they restore homes and even apply for landmark designations for them. These citizens see it as a privilege to live in a pre-World War II home or apartment. There is no equivalent to this design and construction, today.

A large vintage community exists in Los Angeles. These people frequent places in adaptively re-used historic buildings, the Cicada Club in the Oviatt Building in Downtown LA, Highland Park Bowl developed by the 1933 Group in Highland Park and Clifton's and The Edison in Downtown LA from Andrew Meieran, to name a few successful projects.

The aesthetics of the Art Deco era are (roughly 1920 – 1949) very important to many people around the world. There is in fact an International Coalition of Art Deco Societies that includes groups from Los Angeles to Shanghai. Every two years ICADS holds a World Congress in a city with Art Deco art and architecture. The era has inspired countless exhibitions at major museums, including the recent Jazz Age: American Style in the 1920s. Although sadly, not coming to Los Angeles, it opened at the Cooper Hewitt in New York and the Cleveland Art Museum is currently exhibiting it.

Los Angeles is known around the world, as having some excellent examples of Art Deco architecture still intact. We need to maintain what we have. We have the unique opportunity to be the stewards of these buildings.

In the 1920s and 30s Los Angeles was covered with unique architecture, which included vernacular architecture such as restaurants shaped like hot dogs, ice cream cones or most famously, a Brown Derby, storybook architecture such as our Witches House, revival architecture taking inspiration from other eras and countries, such as Spanish haciendas, apartment buildings in Morroccan or French Norman design, or bungalow courts resembling English Tudor homes – and then there are the still extant, Chinese and Egyptian Theatres. Only a small portion of these whimsical designs remain today. Designs that extended the fantasy of the movies made in Los Angeles, to the buildings where Los Angelinos once lived their lives.

Much of this vintage community I speak of lives in the historic neighborhoods that are slowly being demolished. They are part of heritage groups and neighborhood associations all over the city in historic districts from West Adams to Highland Park to the Hollywood Hills, Los Feliz, Silverlake, Miracle Mile, Beverly Fairfax and many more.

We understand the need for density, but we also feel strongly that our heritage architecture must remain. We can't repeat the mistake of leveling Los Angeles' heritage on Bunker Hill.

In the Age of Instagram...
Our city is known the world over for this period of architecture, as well as the film industry. This building merges these two key concepts and should stand as an icon in our city for all time.

Attention needs to be taken to the architecture that makes our city unique and beautiful. All over social media we read about "The Brown Derby" and we see the "Crossroads of the World," globe, but upon closer inspection, we see that these are not referencing the original iconic buildings, but the RECREATIONS of them, at DISNEY PROPERTIES.

Why isn't the city promoting seeing the ORIGINAL Crossroads of the World in Hollywood?

Los Angeles WAS the first Disneyland. Vernacular and decorative architecture abounded in the 1920s. You might live In a Moorish style apartment building with English cottages in a bungalow court next door and get an ice cream in a building shaped like a milk can.

In an age of Instagram where iconic images are the gold standard for "likes." What will be left to tag with HASHTAG LOS ANGLES when everything looks exactly the same and none of the buildings with whimsy or artistry are left?

Will people take to posting a picture of the fake outsized Art Deco CVS Drugstore on La Brea on their Instagram feed? Probably not. Preserve The Hollywood Reporter Building now.

Statement from William Wilkerson –
Son of the Founder of The Hollywood Reporter Paper

I support the nomination of the Hollywood Reporter building. I am the son of Billy Wilkerson who founded the Hollywood Reporter and owned the building.

6715 Sunset Blvd., the site of the original THR building, is a stunning example of late American Art Deco, and certainly one of the few surviving examples in Hollywood. It was commissioned by my late father, Billy Wilkerson in 1936, who was the publisher of THR. Originally THR was Sunset House, the façade, a storefront that boasted elegant curved display windows, indoor Italian marble and the brass fixtures hand crafted from England.

The front housed a haberdashery, the second room an oval barbershop and the back contained both the printers and the paper.

The decimation of this building couldn't be quantified and would be an immeasurable historical loss that photography alone could never do justice. Certainly this example of Art Deco could never be replicated today. I understand there are those who do not value history but it's exactly our history that we know our own greatness. Simply, demolishing the building would be tantamount to destroying a Rembrandt. Is it at all possible that any new construction incorporate the old building so at least its historical significance be preserved?

On a personal note, the building was my second home. From the time I was born in 1951 until my family sold THR in 1988, I knew every square inch of that building, it's hiding places, hidden panels and even ghost stories. While I would certainly retain these memories, the loss of the building for future generations is unthinkable to me. And for this I would grieve the most.

From the Current Writer of the Hollywood History Pages of
The Hollywood Reporter

Dear Councilmembers,

Thanks for considering protecting The Hollywood Reporter building. I know you are all quite busy, but the preservation of this cultural icon is essential.

Currently, I write for the Reporter with a focus on Hollywood's history and I can't tell you how many times Billy Wilkerson's name comes up in relation to the early days of the film business.

Just a few weeks ago, I wrote a story about how he discovered Lana Turner at the nearby Top Hat Malt Shop, which is another old building that's been torn down.

Plus, there is all the work his wife, Tichi, did at the building when she organized the Women in Film organization and The Hollywood Reporter Key Art Awards.

Hollywood has a lot of history that is in the ether: on film, in gossip, in fading memories, but it doesn't have much on the ground in the real world. The Hollywood Reporter building is a real part of that stone and mortar past.

Thank you,
Bill Higgins

Save the Hollywood Reporter Building

About this petition

The Hollywood Reporter Building has been submitted to the city of Los Angeles for consideration as an Historical Cultural Monument (HCM) and we need your help to show that volumes of Los Angeles residents (as well as people around the world), care about Hollywood's cultural landmarks. This petition will be shared with the PLUM (Planning & Land Use Management) Committee as well as the full city council.

The Hollywood Reporter started publishing on Sept. 3, 1930 and was the first daily entertainment trade paper to cover the motion picture industry from its base in Los Angeles. It is an intrinsic part of the story of Hollywood and is situated in an historic district with other still extant buildings (i.e. The Hollywood Roosevelt Hotel, the Chinese, El Capitan and Egyptian Theatres) from the same era. It could easily be adaptively re-used.

The Art Deco Society of Los Angeles began writing the nomination before learning that the building was slated for demolition. The Cultural Heritage Commission has vote to support the nomination and now we go to PLUM and to city council.

At this time, the developer who owns the land surrounding it, would like to demolish it as part of a proposed project that would level several historic buildings on the parcel.

The Hollywood Reporter Building, located at 6715 Sunset Blvd. (just west of Las Palmas), represents an important period in Hollywood's history. Its demolition would be a profound cultural and historical loss. The property has unique value:

1. It is associated with William Wilkerson, the notable publisher and entrepreneur who founded the Hollywood Reporter, opened the Flamingo Hotel in Las Vegas, and owned numerous nightspots along the Sunset Strip. Mr. Wilkerson owned the building, and oversaw several early renovations and additions. His wife, Tichi Wilkerson was also notable and was the founder of Women in Film, which she began, to address the disparity between genders in the film industry. She herself was a rarity as a female publisher, when she took over after her husband's death in 1962. She also founded the Hollywood Reporter KeyArt Awards to acknowledge excellence in creative film marketing.

2. It has been home to two significant Los Angeles papers: The Hollywood Reporter (1930s – early 1990s), and L.A. Weekly (until 2008).

3. It is an elegant example of the exceptionally uncommon Regency Moderne architectural style. The interior is intact, featuring wood paneling, columns and a fireplace from the 1930s. This area had once been an elite menswear store called Sunset House.

4. Original Ibeams used to support part of the printing process are still intact in the ceiling of the portion of the building where the paper was printed until the late 1980s. As printed media itself becomes extinct, this is an important building to save.

5. Robert Osborne, a beloved figure to Turner Classic Movies viewers, wrote his Rambling Reporter column for many years for the paper, while it was housed in this building.

Time is of the essence. Historic Hollywood is vanishing. Please add your voice to the chorus of concerned Angelenos who believe the Hollywood Reporter Building contributes to the unique cultural, historical, and aesthetic character of Hollywood and should remain.

Please sign to voice your support this nomination. We encourage adaptive re-use of this historic building.

The reporters who worked there walked to Musso and Frank's and then over to a premiere at the Chinese, followed by a night cap at the Hollywood Roosevelt. It is all still there and it should remain to tell that story of 20th century Hollywood, the place and the film industry this first daily trade publication covered.

Comments: once these historic, beautiful buildings are gone, they are never coming back. never. this is a very serious, important decision to knock down a building. there are plenty of other lots or unimportant buildings that can be torn down for development. tourists come to los angeles for many reasons, one of which is the rich art deco architecture. preserve this building to ensure [architectural] diversity and dollars. win win!

Historic landmarks are catalysts that energize new developments, not impediments to progress. The Hollywood Reporter Building is an important touchstone for so many, a rare and intact survivor that *is* Hollywood and California's Golden Age at its zenith. It would be a wonderful landmark restaurant, boutique, visitors center, filming location. Save our history by supporting adaptive reuse and responsible development over wholesale demolition. As the first woman to run my organization-founded in 1933- I have great respect for the path that was forged by women and the foundation for diversity that was set by trailblazers such as Tichi. This structure provides us an important avenue to respect and advance our values that are the foundation of how we can foster inclusion and creativity--key to our success as a a nation and serve to inspire us all. Thank you for your consideration of this important matter. Deborah Bowen

Not incorporating this in the new project would not only be a missed chance to be city- and neighbourhood friendly but a crime to the history of the deco/ Streamline era in Hollywood and thus the world. Safe the site, create it as a shop, a restaurant or entrance side in to the developement.

Nothing destroys community like tearing down buildings and replacing them with nondescript blocks of concrete, steel and glass so that a developer can make a quick buck and escape to a mansion built on the misery of others where the ugliness, blight and overcrowding are out of sight. Stop the madness.

It is important to locate and save buildings of historic significance. "By seeing historic buildings...tourists and longtime residents are able to witness the aesthetic and cultural history of an area...a city needs old buildings to maintain a sense of permanency and heritage."

Regency Moderne as an architectural style is currently undervalued in its historical significance and we cannot allow the short-sighted destruction of what will increasingly be valued as historic properties. These precious remaining examples in Los Angeles need to be preserved so that their beauty and inventiveness will remain as inspiration for future generations.

Comments: There are but a few significant buildings in Hollywood which are designed in the style which is known as "Hollywood Regency". The Reporter building is one of those rare structures and as such is an important as an architectural style which occurs in other cities and states, but which derives its name from Hollywood. The style was influenced by the work of the art directors and set designers in the film industry. As they rapidly disappear, remaining examples of this hybridized style become more important and should be most important in Hollywood, where the style originated. Save the Hollywood Reporter Building and save one of the best examples of architecture inspired by an industry which made the city famous.

These are the places that interest tourists too which means more money into the city. And this building has many stories that are best told and recalled with a tangible brick & mortar connection. Once it is gone it is gone forever

It is integral to the history of Hollywood and is a rare example of the Hollywood Regency Moderne style of the late 1930s/1940s. It could be reused as part of this development project in a sensitive manner and could even act as a unique anchor for the whole design. Please do not destroy more of Hollywood's important history.

The interior of this building is a masterpiece of 1920's and 30's Art Deco period, with gorgeous maple wood builtin cabinetry and antique fixtures. It was originally a men's clothing store during the heyday of Hollywood! It should have historical landscape status.

Yes, if you don't have any records, I suggest a simple response along the lines of: "In response to your CPRA request of _____ [date] requesting records regarding _______, please be advised that my Office diligently searched but, unfortunately, determined that we have no records that you are looking for."

I have documents related to PPD 201 but not specifically documents ***"which explain how expanding Permit Parking District 201 will increase enforceability of its parking restrictions,"*** etc.
Attached is the letter from our office to LADOT requesting the expansion. But again, this is simply the letter requesting the extension. I think whether or not this is responsive depends on how strictly Ms. Barbosa's request is interpreted. Might be a question for the City Attorney.

I will check my emails as well.

Jeanne,
I would like to review any communications of CD 13, including but not limited to text messages, notes from phone calls and in person meetings, emails, etc. which explain how expanding Permit Parking District 201 will increase enforceability of its parking restrictions or benefit, in any way, it's current residents, as well as drawbacks to creating a separate preferential parking district directly north of 201.
Thank you,
Jennifer Barbosa

Jeanne,
I would like to review any communications of CD 13, including but not limited to text messages, notes from phone calls and in person meetings, emails, etc. which explain how expanding Permit Parking District 201 will increase enforceability of its parking restrictions or benefit, in any way, it's current residents, as well as drawbacks to creating a separate preferential parking district directly north of 201.
Thank you,
Jennifer Barbosa

Yes, if you don't have any records, I suggest a simple response along the lines of: "In response to your CPRA request of _____ [date] requesting records regarding _______, please be advised that my Office diligently searched but, unfortunately, determined that we have no records that you are looking for."

I have documents related to PPD 201 but not specifically documents ***"which explain how expanding Permit Parking District 201 will increase enforceability of its parking restrictions,"*** etc.
Attached is the letter from our office to LADOT requesting the expansion. But again, this is simply the letter requesting the extension. I think whether or not this is responsive depends on how strictly Ms. Barbosa's request is interpreted. Might be a question for the City Attorney.

I will check my emails as well.

Team:

I'm getting a lot of calls and emails regarding the situation on Gower Street underneath the freeway. I know you are all aware. I figured it would make sense to send a comprehensive email regarding the situation.

We have a CSI Day coming up in October, but I'm asking for these additional measures to be taken in the interim.

Here is what I am collectively requesting of each agency:

LAPD Hollywood Division -- Please provide extra patrol, including from Narcotics - I am getting emails and calls regarding frequent drug usage at this location.

LAPD OWB HOPE Team -- Please include this location as a top priority for all your upcoming visits to Hollywood.

LASAN - Blad -- Please re-authorize this location ASAP.

LASAN - WPD -- Please provide spot cleaning to the extent you can; I am getting reports of needles, feces, urine, etc.

LAHSA -- Please re-authorize this location ASAP and/or provide outreach services to those in need.

CD4 -- FYI, I know we are both hearing about this from both sides of the border.

Please let me know if you have any questions.

All,
I'm not sure where Tony left off with this prior to going on vacation, so Dave and William, you are up next for this week. I'm re-CCing the request below. Please search your individual accounts, plus BOTH MOF accounts.

You have one cumulative hour this week. Let us know if you use it all or if you have time left over.

Thanks!

We have another CPRA request from Adrian Riskin to work on. We can devote **ONE HOUR OF CUMULATIVE STAFF TIME** this week. I have been going through this on my own and have accumulated and redacted my documents.

I am including the request, as well as the order in which everyone should respond. Please see below.

As with before, the first person on the list should go through their emails and files, see if they have any responsive documents, print and redact anything that's responsive, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Please let me know if you have any questions.

Suggested order:

1. Leg. Team (in order of however you see fit)
2. Tony
3. Dave/William - personal accounts + the MOF accounts
4. Jeanne

Hello Dan & Christine -

I am sending some follow up documents about our quest to landmark the Hollywood Reporter building. Although we already sent an official letter from the Art Deco Society of Los Angeles, the applicant for an HCM for The Hollywood Reporter building, we wanted to share some updates. These updates already went to Council Member O'Farrell's official email address and Craig Bullock was cc'd (although it appears that Craig.Bullock@lacity.org might not be going through).

We did have word that the Council Office is in support of this landmark application and we are thrilled about this.

At this time, we would like to submit to you, the comments on our petition to preserve the building. We currently have 1,265 signatures and 452 comments. You can look at the survey online, but you can also look at the attached file. https://www.ipetitions.com/petition/save-the-hollywood-reporter-building

We have made contact with Willie Wilkerson, the son of the man who built the building that still stands today and who founded the Hollywood Reporter. He has stunning photos in his archive, of what the building looked like originally and you can really see the architect's vision. We will share the photos at your meeting.

Comments from Willie Wilkerson are in the attached letter.

The current incarnation of the paper, The Hollywood Reporter, is also going to support our campaign to save the save the building.

I am attaching our comments and a copy of our survey. The comments on the petition are plentiful and I encourage you to scan them to get a sense of how people feel about the disappearance of the historic Hollywood neighborhood.

Thank you again for your attention to this case which is file no. 17-0980.

Save the Hollywood Reporter Building

About this petition

The Hollywood Reporter Building has been submitted to the city of Los Angeles for consideration as an Historical Cultural Monument (HCM) and we need your help to show that volumes of Los Angeles residents (as well as people around the world), care about Hollywood's cultural landmarks. This petition will be shared with the PLUM (Planning & Land Use Management) Committee as well as the full city council.

The Hollywood Reporter started publishing on Sept. 3, 1930 and was the first daily entertainment trade paper to cover the motion picture industry from its base in Los Angeles. It is an intrinsic part of the story of Hollywood and is situated in an historic district with other still extant buildings (i.e. The Hollywood Roosevelt Hotel, the Chinese, El Capitan and Egyptian Theatres) from the same era. It could easily be adaptively re-used.

The Art Deco Society of Los Angeles began writing the nomination before learning that the building was slated for demolition. The Cultural Heritage Commission has vote to support the nomination and now we go to PLUM and to city council.

At this time, the developer who owns the land surrounding it, would like to demolish it as part of a proposed project that would level several historic buildings on the parcel.

The Hollywood Reporter Building, located at 6715 Sunset Blvd. (just west of Las Palmas), represents an important period in Hollywood's history. Its demolition would be a profound cultural and historical loss. The property has unique value:

1. It is associated with William Wilkerson, the notable publisher and entrepreneur who founded the Hollywood Reporter, opened the Flamingo Hotel in Las Vegas, and owned numerous nightspots along the Sunset Strip. Mr. Wilkerson owned the building, and oversaw several early renovations and additions. His wife, Tichi Wilkerson was also notable and was the founder of Women in Film, which she began, to address the disparity between genders in the film industry. She herself was a rarity as a female publisher, when she took over after her husband's death in 1962. She also founded the Hollywood Reporter KeyArt Awards to acknowledge excellence in creative film marketing.

2. It has been home to two significant Los Angeles papers: The Hollywood Reporter (1930s – early 1990s), and L.A. Weekly (until 2008).

3. It is an elegant example of the exceptionally uncommon Regency Moderne architectural style. The interior is intact, featuring wood paneling, columns and a fireplace from the 1930s. This area had once been an elite menswear store called Sunset House.

4. Original Ibeams used to support part of the printing process are still intact in the ceiling of the portion of the building where the paper was printed until the late 1980s. As printed media itself becomes extinct, this is an important building to save.

5. Robert Osborne, a beloved figure to Turner Classic Movies viewers, wrote his Rambling Reporter column for many years for the paper, while it was housed in this building.

Time is of the essence. Historic Hollywood is vanishing. Please add your voice to the chorus of concerned Angelenos who believe the Hollywood Reporter Building contributes to the unique cultural, historical, and aesthetic character of Hollywood and should remain.

Please sign to voice your support this nomination. We encourage adaptive re-use of this historic building.

The reporters who worked there walked to Musso and Frank's and then over to a premiere at the Chinese, followed by a night cap at the Hollywood Roosevelt. It is all still there and it should remain to tell that story of 20th century Hollywood, the place and the film industry this first daily trade publication covered.

Comments: once these historic, beautiful buildings are gone, they are never coming back. never. this is a very serious, important decision to knock down a building. there are plenty of other lots or unimportant buildings that can be torn down for development. tourists come to los angeles for many reasons, one of which is the rich art deco architecture. preserve this building to ensure [architectural] diversity and dollars. win win!

Historic landmarks are catalysts that energize new developments, not impediments to progress. The Hollywood Reporter Building is an important touchstone for so many, a rare and intact survivor that *is* Hollywood and California's Golden Age at its zenith. It would be a wonderful landmark restaurant, boutique, visitors center, filming location. Save our history by supporting adaptive reuse and responsible development over wholesale demolition. As the first woman to run my organization-founded in 1933- I have great respect for the path that was forged by women and the foundation for diversity that was set by trailblazers such as Tichi. This structure provides us an important avenue to respect and advance our values that are the foundation of how we can foster inclusion and creativity--key to our success as a a nation and serve to inspire us all. Thank you for your consideration of this important matter. Deborah Bowen

Not incorporating this in the new project would not only be a missed chance to be city- and neighbourhood friendly but a crime to the history of the deco/ Streamline era in Hollywood and thus the world. Safe the site, create it as a shop, a restaurant or entrance side in to the developement.

It is important to locate and save buildings of historic significance. "By seeing historic buildings...tourists and longtime residents are able to witness the aesthetic and cultural history of an area...a city needs old buildings to maintain a sense of permanency and heritage."

Regency Moderne as an architectural style is currently undervalued in its historical significance and we cannot allow the short-sighted destruction of what will increasingly be valued as historic properties. These precious remaining examples in Los Angeles need to be preserved so that their beauty and inventiveness will remain as inspiration for future generations.

Comments: There are but a few significant buildings in Hollywood which are designed in the style which is known as "Hollywood Regency". The Reporter building is one of those rare structures and as such is an important as an architectural style which occurs in other cities and states, but which derives its name from Hollywood. The style was influenced by the work of the art directors and set designers in the film industry. As they rapidly disappear, remaining examples of this hybridized style become more important and should be most important in Hollywood, where the style originated. Save the Hollywood Reporter Building and save one of the best examples of architecture inspired by an industry which made the city famous.

These are the places that interest tourists too which means more money into the city. And this building has many stories that are best told and recalled with a tangible brick & mortar connection. Once it is gone it is gone forever

It is integral to the history of Hollywood and is a rare example of the Hollywood Regency Moderne style of the late 1930s/1940s. It could be reused as part of this development project in a sensitive manner and could even act as a unique anchor for the whole design. Please do not destroy more of Hollywood's important history.

The interior of this building is a masterpiece of 1920's and 30's Art Deco period, with gorgeous maple wood builtin cabinetry and antique fixtures. It was originally a men's clothing store during the heyday of Hollywood! It should have historical landscape status.

Comments: This building, like many others in Hollywood, not only has a specific history contributing to the industry, but has clear historic value as a rare type of high style architecture. The impact of buildings like this cannot be understated. it is dangerous to go down a course which will make hollywood wind up looking like, anywhere else. Los Angeles had a strong iconic visual identity, that at a glance, would tell people that this is Hollywood. it's an image that can be banked on and a reason for people to take the effort to see this city because it's architectural elements not only set it apart but keep a classic look, that fills the expectation of what Hollywood should be. Allowing overdevelopment to make the icon look of Hollywood and L.A disappear will wind up working against this city, both for it's residents and for the business of tourism and visitors. Again, why make it look like the "trendy section of anywhere else? The history and accomplishments that have to do with this building are facts that can be touted and still set the city apart from anywhere else. Why water down the larger then life image of Hollywood and the film business? Why contribute to a path that will disperse longtime loyal residents of this city? Please think forward and do not destroy the identity of Hollywood and Los Angeles. Keep it special,

marketable, legendary and a legacy. Use imagination and let adaptive reuse come in to play. Thank you.

Gigi,
This is a records Request for the names of the members of the "clean team" Mitch refers to in this tweet.
I'd like to know who they are, first and last names, not just departments or dept heads, direct contact info, what they cleaned on Sept 11, what else they did that day (or did that take all day), and what they've cleaned or done to earn a paycheck from the City of Los Angeles since Monday. Specifically.
Thank you,
Jennifer Barbosa

Marisol,
In our 2015 meeting with LAPD and Hollywood Forever, you and Daniel said that CD 13 would create alternative parking solutions for residents of TPPD 201 during cemetery events. I have since followed up with your office several times over the last 2 years to find out about where you are in that initiative and been ignored every single time.
So I am officially requesting here all info regarding that alternative parking plan for residents.
I would also like all info regarding CD 13's coordination with CHP to provide traffic control on Santa Monica Blvd during these multi thousand person events where only one entrance is utilized and traffic is, as you have repeatedly been made aware, at a near standstill for at least an hour during admission.
Thank you,
Jennifer Barbosa

I would like to review any communications of CD 13, including but not limited to text messages, notes from phone calls and in person meetings, emails, etc. which explain how expanding Permit Parking District 201 will increase enforceability of its parking restrictions or benefit, in any way, it's current residents, as well as drawbacks to creating a separate preferential parking district directly north of 201.

2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

We have another CPRA request from Adrian Riskin to work on. We can devote **ONE HOUR OF CUMULATIVE STAFF TIME** this week. I have been going through this on my own and have accumulated and redacted my documents.

I am including the request, as well as the order in which everyone should respond. Please see below.

As with before, the first person on the list should go through their emails and files, see if they have any responsive documents, print and redact anything that's responsive, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Please let me know if you have any questions.

Suggested order:

1. Leg. Team (in order of however you see fit)
2. Tony
3. Dave/William - personal accounts + the MOF accounts
4. Jeanne
5. Christine
6. Chris
7. Sylvan

Team:

I'm getting a lot of calls and emails regarding the situation on Gower Street underneath the freeway. I know you are all aware. I figured it would make sense to send a comprehensive email regarding the situation.

We have a CSI Day coming up in October, but I'm asking for these additional measures to be taken in the interim.

Here is what I am collectively requesting of each agency:

LAPD Hollywood Division -- Please provide extra patrol, including from Narcotics - I am getting emails and calls regarding frequent drug usage at this location.

LAPD OWB HOPE Team -- Please include this location as a top priority for all your upcoming visits to Hollywood.

LASAN - Blad -- Please re-authorize this location ASAP.

LASAN - WPD -- Please provide spot cleaning to the extent you can; I am getting reports of needles, feces, urine, etc.

LAHSA -- Please re-authorize this location ASAP and/or provide outreach services to those in need.

CD4 -- FYI, I know we are both hearing about this from both sides of the border.

Please let me know if you have any questions.

Subject: CPRA Request: Allessandro Riverfront Creative Campus

This letter is in response to your request received by Council District 13 seeking records pertaining to the Allesandro Riverfront Creative Campus.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

This office also requests clarification regarding Item #5 of your request.

Your request is for "All documents on any topic from January 1, 2011 through the date of your compliance with this request that refer or relate to any of the following:" with names listed beneath. Under (g) Kevin Mulcahy, I have email documents from Mr. Mulcahy regarding improvements to our district office in Echo Park that do not relate in any way to the topic of your request. Please let me know if you wish to review them in our office before being charged for those pages.

We expect to make a determination concerning your request on or before March 20, 2015. If you have any questions, you may reach me at (213) 473-7013.

Thank you,

Subject: Attorney-Client Communication: Target/Silverstein CPRA
10-12-17 [SCAN] CPRA Request Letter to CD13 Mitch O'Farrell.PDF

Hi Strefan,
Per our conversation the other day, I just wanted to make sure we are going about this the right way. I am CCing Jeanne Min, our chief of staff.

Please see attached the CPRA request.

For **#4:** we should tell Mr. Wright that our office has already provided some documents pursuant to this request as part of **#8 in the March 9, 2016 CPRA request,** and that we will identify and provide responsive documents from *after* that date through the date of our compliance with this new request.

For **#6:** we should tell Mr. Wright that we would like him to refine his request. A simple search for just the search term "billzide@aol.com" (Bill Zide's email address) produced 294 documents on one computer alone. This also does not include the address "chair@hsdnc.org" (which Mr. Zide used on occasion when he was the chair of the Hollywood Studio District NC). Therefore, the request should be refined so as not to be excessive.

If you could suggest sample language for both of these items, that would be great.

Thanks!

Re: California Public Records Act Requests – Target at Sunset and Western Project

Dear Councilmember O'Farrell:

This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following:

For ease of reference in this document, please refer to the following **defined terms**:

The "City" shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.

"Target" shall refer to the Target Corporation, all related or affiliated companies, and all principals, including John Dewes, officers, employees, attorneys (including but not limited to the law firm of Hecht, Solberg, Robinson, Goldberg & Bagley, LLP, and/or the law firm Shoreline, and/or the law firm of Armbruster, Goldsmith & Delvac), agents and/or consultants thereof (including but not limited to Greenberg Farrow, and Douglas Couper).

"Project" shall refer to the previously or currently proposed Target at Sunset and Western project located at or near 5500-5544 W. Sunset Boulevard, 1417-1441 N. Western Ave., 1414 St. Andrews Place, and 5505-5525 W. De Longpre Ave.

"Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"Correspondence" or "communication" shall mean physical or electronic correspondence, emails, memoranda, meeting notes, calendar entries, letters, notes of telephone calls (including conference calls, Skype calls, and the like), and any other form of electronic communication, such as Instagram.

Please note that Documents and Emails includes, but is not limited to, correspondence to or from any email account through which any public business is conducted, including but not limited to **personal or otherwise private email accounts belonging to government officials, employees or consultants**, pursuant to the California Supreme Court's recent decision in City of San Jose v. Superior Court (2017) 2 Cal.5th 608. This also includes text messages on any public or private device on which discussions about the Project and other public matters was discussed. **Please ensure that you have secured and produced all such personal or otherwise private emails and texts.** Therefore, we are also requesting that all relevant officials, employees and agents **preserve intact under a litigation hold** all such "personal" and official emails and text messages, and not to destroy, delete, allow to be automatically purged, or otherwise to engage in or permit spoliation of such evidence. To the extent that such emails or texts have been deleted, purged or otherwise spoliated, we demand that the holders of these devices immediately be informed that they must take all efforts to retrieve any deleted or otherwise purged emails and texts, and make all efforts to retrieve and preserve them. **Please confirm that you will do so.**

The public records requests include:

(1) All communications from April 1, 2016 through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Target at Sunset and Western Project, Target Corporation, the law firm of Hecht, Solberg, Robinson, Goldberg & Bagley, LLP, the law firm

Shoreline, the law firm of Armbruster, Goldsmith & Delvac, or any of their employees, attorneys, consultants, or other representative.

(2) All communications from April 1, 2016 through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to Greenberg Farrow, or any of their employees, attorneys, consultants, or other representative.

(3) All communications from April 1, 2016 through the date of your compliance with this request which refer or relate to any Stop Work Order issued by the LADBS in response to litigation concerning the Target at Sunset and Western Project.

(4) All Documents and/or communications from August 1, 2014 through the date of your compliance with this request which refer or relate in any manner to the Target at Sunset and Western Project, litigation involving the Target at Sunset and Western Project, action taken by the Los Angeles Department of Building and Safety regarding the Target at Sunset and Western Project, and/or the writs of mandate issued relating to the Target at Sunset and Western Project.

(5) All Documents from April 1, 2016 through the date of your compliance with this request which refer or relate to Target being asked or required to apply for any new City Planning Commission or City Council discretionary decision processes for the Target at Sunset and Western Project.

(6) All Documents from August 1, 2013 through the date of your compliance with this request which refer or relate in any manner to the La Mirada Avenue Neighborhood Association, the Citizens Coalition Los Angeles, Doug Haines, Robert Blue, Bill Zide and/or David Bell.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If your office determines that any information is exempt from disclosure, I ask that you reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If you determine that any requested records are subject to a still-valid exemption, I request that you exercise your discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, you redact the exempt content and disclose the rest. Should you deny any part of this request, you are required to provide a written response describing the legal authority on which you rely.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b)if : (1) you are withholding any documents; (2) you are redacting any documents; (3) what documents you are so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

We request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-

referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications.

Please contact me in advance to arrange a time and place where a member of this office can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am faxing this request on October 12, 2017, please ensure that your response is provided to me by no later than **October 23, 2017**. Thank you.

Very truly yours,
Daniel Wright

We have another CPRA request from Adrian Riskin to work on. We can devote **ONE HOUR OF CUMULATIVE STAFF TIME** this week. I have been going through this on my own and have accumulated and redacted my documents.

I am including the request, as well as the order in which everyone should respond. Please see below.

As with before, the first person on the list should go through their emails and files, see if they have any responsive documents, print and redact anything that's responsive, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Please let me know if you have any questions.

Suggested order:

1. Leg. Team (in order of however you see fit)
2. Tony
3. Dave/William - personal accounts + the MOF accounts
4. Jeanne
5. Christine
6. Chris
7. Sylvan

Tree Survey-2016-10-25.pdf

Hi Luis,
I just left you a voice mail. Councilmember O'Farrell asked me to contact you regarding what I understand are some delays in obtaining a tree removal permit for trees on Leland Way as part of the Essex project at 6230 Sunset Blvd.

The project was approved by City Council about a year ago and includes a historic preservation component (as well as preservation of most of the trees around the property).

I'm attaching the tree survey as provided by the applicant. Can you please let me know the status of this, and what can be done to ensure a swift resolution?

I'll do a records request to see exactly how many he attends. Appears the ceremonies have become marketing tools for the city.

If we knew to expect you or your designated party, the documents would have been available in the front reception for pickup without confusion.

I agree with you - no one wants to be wasting paper and certainly not their time but CPRA requests do require time and effort. What matters is you get the documents you request.

Happy to return your check and $1. Let me know where to mail.

Also, attached are the documents to your 6/14 CPRA.

Team:

I'm getting a lot of calls and emails regarding the situation on Gower Street underneath the freeway. I know you are all aware. I figured it would make sense to send a comprehensive email regarding the situation.

We have a CSI Day coming up in October, but I'm asking for these additional measures to be taken in the interim.

Here is what I am collectively requesting of each agency:

LAPD Hollywood Division -- Please provide extra patrol, including from Narcotics - I am getting emails and calls regarding frequent drug usage at this location.

LAPD OWB HOPE Team -- Please include this location as a top priority for all your upcoming visits to Hollywood.

LASAN - Blad -- Please re-authorize this location ASAP.

LASAN - WPD -- Please provide spot cleaning to the extent you can; I am getting reports of needles, feces, urine, etc.

LAHSA -- Please re-authorize this location ASAP and/or provide outreach services to those in need.

CD4 -- FYI, I know we are both hearing about this from both sides of the border.

Please let me know if you have any questions.

I'm not sure where Tony left off with this prior to going on vacation, so Dave and William, you are up next for this week. I'm re-CCing the request below. Please search your individual accounts, plus BOTH MOF accounts.

You have one cumulative hour this week. Let us know if you use it all or if you have time left over.

Thanks!

CPRA REQUEST
I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request. This should include but not be limited to:
1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

Team:
We have another CPRA request from Adrian Riskin to work on. We can devote **ONE HOUR OF CUMULATIVE STAFF TIME** this week. I have been going through this on my own and have accumulated and redacted my documents.

I am including the request, as well as the order in which everyone should respond. Please see below.

As with before, the first person on the list should go through their emails and files, see if they have any responsive documents, print and redact anything that's responsive, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Please let me know if you have any questions.

Suggested order:

1. Leg. Team (in order of however you see fit)
2. Tony
3. Dave/William - personal accounts + the MOF accounts
4. Jeanne
5. Christine
6. Chris
7. Sylvan
8. Marisol

CPRA REQUEST
I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request. This should include but not be limited to:
1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

Thanks,

Jeanne,
I'd like the daily schedules of Mitch and all CD 13 staffers for the week of June 4, 2017.
And since Mitch is horrified over President Trump's exit from the Paris Climate Accord, I'm sure his office won't waste paper printing it out. I would like it emailed.
Thank you,
Jennifer Barbosa

Gigi,
Mitch says "Resist persist and insist" on government accountability. Shouldn't his office be accountable, respond to constituents properly fulfill a Records Request?

Subject: Please support Target at Sunset Boulevard!

Dear Mr. Mitch O'Farrell:

I am writing to ask for your support for a zoning amendment – requested by Target Corporation and approved November 12 by the Planning Commission – to resume construction at the company's Sunset Boulevard and Western Avenue site. This matter will be addressed at the Planning and Land Use Management (PLUM) Committee on March 22.

I am a general contractor/subcontractor/construction trades worker and a partner to Target on this project. After more than a year of the site sitting idle, approval to restart construction would mean immediate jobs for my industry, as well as long-term benefits including:

- Bringing millions of dollars of investment into the community;
- Creating hundreds of jobs;
- Generating millions of dollars in sales tax revenue for the city; and
- Providing an additional shopping and grocery option at a store that would feature a customized assortment to meet the specific local preferences of our community at a great value.

I hope you will agree with me that Target's plans in East Hollywood merit Council approval and should move forward as quickly as possible.

Thank you for your consideration.

RE-NOTICE TO APPLICANT/APPELLANT/OWNERS/OCCUPANTS WITHIN A 500-FOOT RADIUS

You are hereby notified that the Planning and Land Use Management (PLUM) Committee of the Los Angeles City Council will hold a public hearing on **Tuesday, May 3, 2016**, at approximately **2:30 p.m.** or soon thereafter in the Board of Public Works Edward R. Roybal Hearing Room 350, City Hall, 200 North Spring Street, Los Angeles, CA 90012, to consider the following:

a) Addendum to the Certified Environmental Impact Report (EIR) for the Target at Sunset and Western Project (No. ENV-2008-1421-EIR), related California Environmental Quality Act (CEQA) finding and Mitigation Monitoring and Reporting Program;

b) Communications from the Los Angeles City Planning Commission (LACPC) and Mayor and Resolution relative to a General Plan Amendment to the Hollywood Community Plan and the Mobility Element of the City's General Plan for the re-designation of Sunset Boulevard between St. Andrews Place and Western Avenue from an Avenue 1 (previously a Major Highway–Class II) to a Modified Major Highway–Class II, and Western Avenue between Sunset Boulevard and De Longpre Avenue from a Modified Avenue I (previously a Major Highway–Class II) to a Modified Major Highway Class II;

c) Specific Plan Amendment to the Vermont/Western Transit Oriented District Specific Plan / Station Neighborhood Area Plan (SNAP), Ordinance 173749, to establish Land Use Regulations, Development Standards, and Design Guidelines for a new Subarea F, Large Scale Commercial Node designation;

d) Specific Plan Amendment to the SNAP, Ordinance 173749, to change the Subarea Designation of the subject property, from Subarea C to Subarea F; and

e) Appeals filed by: John Dewes, Target Corporation (Representative: Doug Couper, Greenberg Farrow); George Abrahams; Citizen's Coalition Los Angeles (Representative: Richard MacNaughton, Attorney at Law; and Doug Haines on behalf of the La Mirada Avenue Neighborhood Association of Hollywood (Representative: Robert Silverstein, The Silverstein Law Firm), from part of the determination of the LACPC in approving a Conditional Use Permit to allow for the sale of a full line of alcoholic beverages for off-site consumption in the C2 zone, Site Plan Review for a project which results in an increase of 50,000 square feet or more of non-residential floor area and an increase of over 1,000 average daily trips, Specific Plan Project Permit Compliance with the SNAP, Ordinance 173749, and finding, pursuant to CEQA, that this project was assessed in the Target at Sunset and Western EIR No. ENV-2008-1421-EIR, SCH No. 2010121011 certified on April 3, 2013, and, as provided in the addendum, in the independent judgment of the decision maker that pursuant to CEQA Guidelines Section 15162, based on the whole of the administrative record, no subsequent or supplemental EIR or negative declaration is required for approval of the project, and adopting the proposed Mitigation Monitoring and Reporting Program and the required findings for the Addendum to the EIR;

for the demolition of a pre-existing 59,561 square-foot single-story commercial structure, an electrical substation, and a surface parking lot, including construction of a 194,749 square-foot, multi-tenant commercial structure, approximately 74 feet and four inches high, that includes a 163,862 square-foot retail store (Target), and 30,887 square feet of other smaller retail and food uses, including 458 at grade and above-ground parking spaces, for project located on a 168,869 square-foot lot classified in the C2-1 zone and also located within Subarea C of the Vermont / Western Transit Oriented District Specific Plan / Station Neighborhood Area Plan (SNAP), for property located at 5500, 5510, 5516, 5520, 5526, 5542, 5544 West Sunset Boulevard, 1417, 1431,1433, 1435, 1437, 1439, 1441 North Western Avenue, 1414 St. Andrews Place, 5505 and 5525 West De Longpre Avenue, subject to modified Conditions of Approval.

Applicant: John Dewes, Target Corporation
Representative: Doug Couper, Greenberg Farrow

It was all already stored in your computer system. They're not handwritten documents.
There is nothing in it that indicates anything was redacted. Was info redacted without proper notations indicating that the info was redacted?

3-29-17 Letter to Extend PPD 201.pdf

I have documents related to PPD 201 but not specifically documents ***"which explain how expanding Permit Parking District 201 will increase enforceability of its parking restrictions,"*** etc.
Attached is the letter from our office to LADOT requesting the expansion. But again, this is simply the letter requesting the extension. I think whether or not this is responsive depends on how strictly Ms. Barbosa's request is interpreted. Might be a question for the City Attorney.

I will check my emails as well.

Jeanne,
I would like to review any communications of CD 13, including but not limited to text messages, notes from phone calls and in person meetings, emails, etc. which explain how expanding Permit Parking District 201 will increase enforceability of its parking restrictions or benefit, in any way, it's current residents, as well as drawbacks to creating a separate preferential parking district directly north of 201.
Thank you,
Jennifer Barbosa

RE: REQUEST TO EXTEND AREA OF PREFERENTIAL PARKING DISTRICT NO. 201

Dear Ms. Reynolds,

Over the past several years, my office has worked with your department and members of the community on multiple requests for Preferential Parking Districts (PPDs), including the creation of two new Temporary PPDs in Hollywood: District 201, which is adjacent to Hollywood Forever Cemetery and was installed in Spring 2016, and District 258, which is adjacent to a forthcoming construction project and is projected to be installed in Spring 2017.

In addition to these new districts, there are residents on many other blocks in the vicinity who have requested PPDs in their areas. In order to adequately address the growing demand for PPDs in Hollywood, **I am formally requesting that PPD 201 be extended as a Permanent PPD with the following geographical boundaries:**

- Sunset Boulevard on the NORTH
- Cahuenga Boulevard on the WEST
- Santa Monica Boulevard on the SOUTH
- Western Avenue on the EAST

Please contact Daniel Halden if you have any questions regarding this matter. He can be reached at daniel.halden@lacity.org or (213) 207-3015.

Hi Dan,

I have HBO filming a TV drama the Melrose Hill area on 9/7-9/9. Production is currently out on location conducting a community survey for their posted parking and full street closure request. Based on early responses, residents are concerned about parking being taken up by production in conjunction with street sweeping days.

Production is requesting for possible relax parking enforcement for street sweeping on their prep and film dates. Would you be able to process that request on your end?

Here are the streets/dates and times they are looking to get the relax street parking.

Wednesday 9/7; 8am to 11am

Hi Chris,

Sorry to email so late on a Friday, but can you let me know on Monday if anyone in CD-13 has responded to the attached PRA request that was sent to Councilmember O'Farrell on May 24, 2017 (see page 26 of 45 of attached pdf)?

I believe we have until Wednesday, June 7, to let Mr. Tsai know whether CD-13 has any responsive document, or whether there are any records that are exempt from disclosure under either the attorney/client or deliberative process privilege.

Just as an FYI - we are currently in litigation on the South LA Farm Project *[Lydia Ponce v. City of LA]* (located at 4051 S. Alameda Street in CD-9), and would like to review all responsive documents/emails before they are sent to Mr. Tsai.

And finally, I spoke to Strefan Fauble, the City Attorney that oversees all PRA requests. He confirmed that all CD-13 staff emails (and personal email accounts, in the event that personal email addresses have or are being used to transact City business), including email accounts for Councilmember O'Farrell, need to be searched as part of the City's standard PRA search protocol. Also, please note that the search also pertains to council files and working copies of any documents related to the PRA.

Here's the list of our standard ITA search terms for CEQA cases that can be used in your email search:

"4051 S. Alameda Project"
4051 S. Alameda Street
"Alameda Farm"
"South LA Farm"

Mike - can you please have the HOPE team out to this location next time you're in Hollywood.
Adrian - FYI, please have the TAB unit pay some additional attention to this location.

Thanks!

We have another CPRA request from Adrian Riskin to work on. We can devote **ONE HOUR OF CUMULATIVE STAFF TIME** this week. I have been going through this on my own and have accumulated and redacted my documents.

I am including the request, as well as the order in which everyone should respond. Please see below.

As with before, the first person on the list should go through their emails and files, see if they have any responsive documents, print and redact anything that's responsive, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Please let me know if you have any questions.

Suggested order:

1. Leg. Team (in order of however you see fit)
2. Tony
3. Dave/William - personal accounts + the MOF accounts
4. Jeanne
5. Christine
6. Chris
7. Sylvan
8. Marisol

CPRA REQUEST

I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request. This should include but not be limited to:

1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

CPRA REQUEST
I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request.
This should include but not be limited to:
1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

CPRA CH.pdf

Jennifer -
Let me be clear, our office was not unresponsive to your CPRA request. When the documents were ready you were given notice on April 14 to arrange pick up. You did not inform us when you would be coming in nor that you would be sending someone in your place until June 8, *after* someone had visited the office. If we knew to expect you or your designated party, the documents would have been available in the front reception for pickup without confusion.

I agree with you - no one wants to be wasting paper and certainly not their time but CPRA requests do require time and effort. What matters is you get the documents you request.

Happy to return your check and $1. Let me know where to mail.

Also, attached are the documents to your 6/14 CPRA.

Jeanne

We have another CPRA request from Adrian Riskin to work on. We can devote **ONE HOUR OF CUMULATIVE STAFF TIME** this week. I have been going through this on my own and have accumulated and redacted my documents.

I am including the request, as well as the order in which everyone should respond. Please see below.

As with before, the first person on the list should go through their emails and files, see if they have any responsive documents, print and redact anything that's responsive, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Please let me know if you have any questions.

Suggested order:

1. Leg. Team (in order of however you see fit)
2. Tony
3. Dave/William - personal accounts + the MOF accounts
4. Jeanne
5. Christine
6. Chris
7. Sylvan
8. Marisol

CPRA REQUEST
I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request. This should include but not be limited to:
1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park

4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

While you were our Councilman, you approved some BAD DESIGNS for Selma Park

MAYOR ERIC GARCETTI

Los Angeles City Hall

Dear Mayor Garcetti:

I live next to the Los Angeles Gay & Lesbian Center.

On our apartment building's south side is SELMA PARK.

When you were our district councilman you approved creation of Selma Park.

Among the designs you approved were for the planting of several trees

and their being encircled by concrete rings.

The CITY PARKS Department has now discovered that these concrete rings

are DAMAGING the trees.

This morning a crew with jackhammers began breaking up the concrete

EARLIER than the legal noisy work start time of 7:30AM.

The tenants on the 3 stories of our building's south side were forced awake.

We had NO ADVANCE NOTICE of the work.

Selma Park and several blocks of SELMA AVENUE have recently become

enclaves of our homeless citizenry.

What is the City of Los Angeles doing to assist these taxpayers and sometimes

VOTERS?

Thank you.

Hi Dan,
We are scheduled to award the construction contract for the two ATP Hollywood projects this Friday, 4/28, along with the NTP within the next two weeks to officially get the contractor on started.

Our City's construction management team performed a site walk last week and was approached by Mr. Avo Papazian from the car repair shop at Hollywood/Gramercy. He was verbally upset about the curb extension work and claimed the City never informed him about the work. He also stated that this curb extension will not be built under his watch. You and I both know we took at least two visits together to work out a compromise with Avo.

We are concerned that he may attempt to interfere or disrupt the contractor's work site and area during actual construction. What would your office recommend to smooth the tension? Should we all go talk to Avo again?

Thank you,
-George

Dan,

As you know this is an area I give attention to daily. I also have been meeting with the staff at the property trying to find a way to change the front landscape of the property.

Since I'm not back till October I copied Acting Senior Lead Officer Jesse Rubalcava who is covering for me in my absence.

I also copied Sgt Maxwell who is now in charge of our Officers who deal with the homeless on a daily basis and also now in charge of the SLO's.

I'm CCing my supervisor, Marisol Rodriguez, whom I would like to involve at this point. I think one final trip is in order -- CD13, BOE, and LADOT -- to try to work with him prior to construction commencing. Are you available this **Thursday, April 27th at 10:00 AM?**

Hi Dan,
We are scheduled to award the construction contract for the two ATP Hollywood projects this Friday, 4/28, along with the NTP within the next two weeks to officially get the contractor on started.

Our City's construction management team performed a site walk last week and was approached by Mr. Avo

Papazian from the car repair shop at Hollywood/Gramercy. He was verbally upset about the curb extension work and claimed the City never informed him about the work. He also stated that this curb extension will not be built under his watch. You and I both know we took at least two visits together to work out a compromise with Avo.

We are concerned that he may attempt to interfere or disrupt the contractor's work site and area during actual construction. What would your office recommend to smooth the tension? Should we all go talk to Avo again?

Thank you,
-George

If we knew to expect you or your designated party, the documents would have been available in the front reception for pickup without confusion.

I agree with you - no one wants to be wasting paper and certainly not their time but CPRA requests do require time and effort. What matters is you get the documents you request.

Happy to return your check and $1. Let me know where to mail.

Also, attached are the documents to your 6/14 CPRA.

Hi Dan,
We are scheduled to award the construction contract for the two ATP Hollywood projects this Friday, 4/28, along with the NTP within the next two weeks to officially get the contractor on started.

Our City's construction management team performed a site walk last week and was approached by Mr. Avo Papazian from the car repair shop at Hollywood/Gramercy. He was verbally upset about the curb extension work and claimed the City never informed him about the work. He also stated that this curb extension will not be built under his watch. You and I both know we took at least two visits together to work out a compromise with Avo.

We are concerned that he may attempt to interfere or disrupt the contractor's work site and area during actual construction. What would your office recommend to smooth the tension? Should we all go talk to Avo again?

Thank you,
-George

Subject: Please support Target at Sunset Boulevard!

Dear Mr. Mitch O'Farrell:

I am writing to ask for your support for a zoning amendment – requested by Target Corporation and approved November 12 by the Planning Commission – to resume construction at the company's Sunset Boulevard and Western Avenue site. This matter will be addressed at the Planning and Land Use Management (PLUM) Committee on March 22.

I am a general contractor/subcontractor/construction trades worker and a partner to Target on this project. After more than a year of the site sitting idle, approval to restart construction would mean immediate jobs for my industry, as well as long-term benefits including:

- Bringing millions of dollars of investment into the community;
- Creating hundreds of jobs;
- Generating millions of dollars in sales tax revenue for the city; and
- Providing an additional shopping and grocery option at a store that would feature a customized assortment to meet the specific local preferences of our community at a great value.

I hope you will agree with me that Target's plans in East Hollywood merit Council approval and should move forward as quickly as possible.

Thank you for your consideration.

Hi George,
Yes, I recall at least two trips that I took with BOE/LADOT, as well as an additional trip myself to see him. I believe we also had phone and/or email correspondence as well. I appreciate your efforts to have tried to work with him.

I'm CCing my supervisor, Marisol Rodriguez, whom I would like to involve at this point. I think one final trip is in order -- CD13, BOE, and LADOT -- to try to work with him prior to construction commencing. Are you available this **Thursday, April 27th at 10:00 AM?**

Hi Dan,
We are scheduled to award the construction contract for the two ATP Hollywood projects this Friday, 4/28, along with the NTP within the next two weeks to officially get the contractor on started.

Our City's construction management team performed a site walk last week and was approached by Mr. Avo Papazian from the car repair shop at Hollywood/Gramercy. He was verbally upset about the curb extension work and claimed the City never informed him about the work. He also stated that this curb extension will not be built under his watch. You and I both know we took at least two visits together to work out a compromise with Avo.

We are concerned that he may attempt to interfere or disrupt the contractor's work site and area during actual construction. What would your office recommend to smooth the tension? Should we all go talk to Avo again?

Thank you,
-George

Good morning, Mr. Dundas.

Can you please place this request next on CD13's list, directly after whichever one they're working on presently?

I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request. This should include but not be limited to:

1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

Thanks!

Adrian

Subject: **LA MIRADA AVENUE NEIGHBORHOOD ASSOCIATION OF HOLLYWOOD V. CITY OF LOS ANGELES – NOTICE OF VIOLATION OF MAY 8, 2008 SETTLEMENT AGREEMENT**

Dear Mr. Silverstein:
This correspondence is being providing in regard to your letter, dated July 14, 2017, whereby the following actions were requested:

1) that the City of Los Angeles, comply with the directives cited in the La Mirada Avenue Neighborhood Association of Hollywood v. City of Los Angeles Settlement Agreement (dated May 8, 2008) and,

2) that the City of Los Angeles provide copies of all communications, through the date of this request, pursuant to the California Public Records Act (CPRA), related to the agreement.

Pursuant to your request, the following information is provided.

COMPLIANCE
In regard to matter of compliance, the following specific agreement directives were cited:

- Paragraphs 2.2 and 2.2.1: regarding the City's obligations to engage a traffic consultant, via a competitive process, to perform such work for the development and preparation of a Neighborhood Traffic Mitigation Program (NTMP)
- Paragraphs 2.3.1 and 2.3.2: regarding the City's obligation to develop the NTMP with input from La Mirada and its neighborhood traffic consultant and "promptly" provide any and all "traffic count data, studies, and reports to the neighborhood consultant as part of the NTMP process.
- Paragraph 2.5: regarding the City's obligation to provide quarterly expense reports.
- Paragraph 2.8: requirement of the City to respond to said request within 35 days from the date of this letter.

RESPONSE
Pursuant to Paragraph 2.2 and 2.2.1, LADOT issued a Task Order Solicitation (TOS) on May 18, 2017 to its professional engineering consultant Bench list to engage a traffic consultant to develop and prepare a Neighborhood Traffic Mitigation Program (NTMP). As such, the obligation of Paragraph 2.2 and 2.2.1 was initiated as required and will be completed within the prescribed timeframe. Inasmuch as the directives of paragraphs 2.3.1 and 2.3.2 are actions required once directive 2.2.1 has been completed, there is no action required for these directives at this time. A copy of the TOS is attached for reference.

Since completing the agreement's Pre-NTMP work back in 2009, there have been no other expenses assigned to the funding made available per the settlement agreement and therefore, in regard to the directive of Paragraph 2.5, there have been no quarterly expenses to report to date. A copy of the most recent (June 30, 2017) Condition Report for the (Neighborhood Traffic Management) Fund in which the initial Pre-NTMP payment of $42,000 was deposited is attached for reference. The expenditure in this report is for work that was completed back in 2009 and there have been no other expenditures assigned to this account since then. Earlier this year the Developer fully funded the Paseo MTF Contribution of $900,000 by paying to the City an additional $858,000, which the City deposited into the Hollywood Mobility Trust Fund. None of the $858,000 has been expended to date.

The directive of Paragraph 2.8 is being satisfied with the providing of this correspondence.

CALIFORNIA PUBLIC RECORDS ACT (CPRA) REQUEST
Inasmuch as the your request for documentation pursuant to the CPRA requires further discussion to address, LADOT's will provide response to this matter in a separate correspondence.

Thank you for your consideration of this response and I look forward to assisting you further as needed.

Sincerely,

Edward Guerrero Jr.
Senior Transportation Engineer

Subject: **TASK ORDER SOLICITATION - TO DEVELOP A NEIGHBORHOOD TRAFFIC MANAGEMENT PROGRAM (NTMP)**

The City of Los Angeles Department of Transportation (LADOT) is soliciting Task Order Proposals from on-call professional consultants in the Transportation Planning service category to conduct a neighborhood traffic management (NTM) study that would culminate in the adoption of an NTM Program (NTMP). The study areas to be covered by the NTMP are as follows:

Study Area A:	bounded by Santa Monica Boulevard on the south, Kingsley Drive on the east, Sunset Boulevard on the north, and Western Avenue on the west.
Study Area B:	bounded by Melrose Avenue on the south, Western Avenue on the east, Sunset Boulevard on the north, and Bronson Avenue on the west.
Study Area C:	bounded by Melrose Avenue on the south, the 101 Freeway on the east, Santa Monica Boulevard on the north, and Western Avenue on the west.

The Consultant will be tasked with collecting all relevant traffic data, soliciting initial neighborhood feedback (including mandatory petitions for NTMP Measures), conceptualizing improvements, preparing engineering justification and feasibility assessments for each measure, support additional outreach, and preparing draft NTMP's and the final NTMP. The overall project objective, tasks, and deliverables are defined in the attached SOW document.

Your proposal should clearly identify the Project Manager designated for this work, the name of any subcontractor(s) intended to perform any of the tasks, and a cost breakdown of each task. Please submit four (4) original copies of your proposal along with a PDF copy to the address below:

Attention: Eddie Guerrero

All proposals must be submitted to LADOT by 4 P.M. on Friday June 2. No proposals will be accepted after this date and time.

Estimated project costs and reimbursable expenses (e.g. travel, printing, *etc.*) must be clearly stated in the submitted proposal. Proposed billing method (Lump Sum Method or Cost Reimbursement Hourly Billing Rate Method) must also be stated in the proposal. If sub-consultants are proposed, please identify their scope of work and subcontracting amounts. Sub-consultants' fully burdened hourly rates must be submitted with the proposal unless already stipulated in the Professional Consultant Services contract with LADOT or Lump Sum Method is proposed. The proposal should clearly indicate all proposed costs and refer to the Professional Consultant Services contract where appropriate.

As provided by the City of Los Angeles' Business Inclusion Program, LADOT strongly encourages prime contractors to subcontract with Minority Business Enterprise (MBE), Women Business Enterprise (WBE), Small Business Enterprise (SBE), Emerging Business Enterprise (EBE), Disable Veteran Business Enterprise (DVBE) in performing work for this project. The Office of Contract Compliance's Centralized Certification Administration (CCA) maintains a directory of MBE, WBE, EBE, and DVBE certified firms. Please contact CCA at (213) 847-2676 or by e-mail at bca.certifications@lacity.org for assistance.

Also, prior to issuing the Notice to Proceed, selected bidder must provide the following:

- A current City of Los Angeles' Business Tax Registration Certificate (BTRC)
- W-9 Form or Form 587 (Nonresident Withholding Allocation Worksheet and 590 Withholding Exemption Certificate as required by State of California for out of state payment remit address.
- Updated proof of required insurance coverage, which must be posted on the City Risk Management website (track4la.lacity.org.)

Additionally, upon receiving this solicitation, please acknowledge by e-mail whether or not your firm is interested in pursuing this project within 7 calendar days by sending an e-mail to the project manager at eddie.guerrero@lacity.org and LADOT Contract Administration at dick.wong@lacity.org.

Interviews
If required, firms selected for interviews will be notified of the date, location and time.

If you have any questions regarding this task order solicitation, please contact Eddie Guerrero at 213.972.5039 or by e-mail at eddie.guerrero@lacity.org .

TASK ORDER SOLICITATION
PASEO PLAZA / LA MIRADA
NEIGHBORHOOD TRAFFIC MANAGEMENT PLAN
SCOPE OF WORK

Timeframe 18 months from issuance of the Notice to Proceed

Overview and Project Objective

Project Background:

On April 30, 2007, the City issued a written determination of its initial approval of the mixed-use development (vesting tentative tract map (VTT-6604-A1), also known as the Paseo Plaza Project, to be located at 5661 Santa Monica Boulevard. As part of the August 17, 2007 Final Project Approval, the City Council adopted a motion imposing an amended mitigation measure (MM-37) requiring the Developer to provide funding for the development and implementation of a Neighborhood Traffic Management Program (NTMP) to mitigate potential traffic impacts in specific study areas.

Study Area:

The study areas to be covered by the NTMP are as follows:

Study Area A:	bounded by Santa Monica Boulevard on the south, Kingsley Drive on the east, Sunset Boulevard on the north, and Western Avenue on the west.
Study Area B:	bounded by Melrose Avenue on the south, Western Avenue on the east, Sunset Boulevard on the north, and Bronson Avenue on the west.
Study Area C:	bounded by Melrose Avenue on the south, the 101 Freeway on the east, Santa Monica Boulevard on the north, and Western Avenue on the west.

Project Description:

DOT wishes to retain the services of a transportation planning firm (Consultant) to work with CD13, the La Mirada Avenue Neighborhood Association of Hollywood and their designated consultant and other neighborhood councils and neighborhood associations in the affected area. The Consultant will be tasked with collecting all relevant traffic data, soliciting initial neighborhood feedback (including mandatory petitions for NTMP Measures), conceptualizing improvements, preparing engineering justification and feasibility assessments for each measure, support additional outreach, and preparing draft NTMP's and the final NTMP. CD13 will serve as a conduit for the Consultant to the neighborhood representatives. The selected neighborhood representatives will lead neighborhood consensus building efforts before the NTMP is finalized. In addition to contract management, DOT's main role will be to review the Consultant's engineering assessments and confirm that the proposed measures meet all City and State design and safety standards.

Any recommended NTMP measures (such as speed humps, stop signs or other traffic control devices) should meet local criteria and satisfy any applicable warrants. The NTMP shall clearly identify potential **Fast Track** measures (e.g. striping, signage, speed humps or temporary barriers) that shall be installed within 9 months after the later of Adoption of the NTMP or receipt of NTMP Measure Approval of such measure and **Other** measures (other than striping, signage, speed hump or temporary barrier) that shall be installed within 24 months after the later of Adoption of the NTMP or receipt of NTMP Measure Approval of such measure along with commensurate cost estimates.

All relevant DOT files related to the project Pre-NTMP neighborhood traffic calming measures will be available to the Consultant.

Time is of the essence on this project. In order to ensure adoption of the NTMP within 24 months after award of the contract, the Consultant must complete development of the NTMP within 18 months after issuance of the Notice to Proceed. As such, the Consultant will be expected to allocate focused and sufficient resources to the project in order to meet this timeline.

[Note: Budget Percentages listed below are approximate.]

TASKS, DELIVERABLES AND SCHEDULE

The Consultant shall perform the following tasks:

Task 1 Kick-Off Meeting

The Consultant shall meet with CD13, DOT and key neighborhood representatives to better understand the neighborhood traffic issues and for a briefing on past neighborhood traffic management efforts in the project study area. Following the Kick-Off Meeting, Consultant will prepare a work plan for the study with a detailed schedule.

Products:	Kick-Off Meeting Minutes Work Plan
Percentage:	5% of project budget

Task 2 Field Review & Data Collection

The Consultant should review the study area during key times of concern (as expressed during the kick-off meeting) to properly assess the study area's traffic patterns. The Consultant shall collect any additional traffic data that are not currently available in the LADOT database or from other sources. This effort should include the collection of relevant collision data, vehicle speeds and traffic volumes.

Products:	Existing Conditions Maps illustrating the data collected Field Review Assessment
Percentage:	15% of project budget

Task 3 First Draft Neighborhood Traffic Management Plan

Based on the feedback received during the kick-off meeting, an assessment of the field review and data collected, the Consultant should develop the initial recommendations for a Paseo Plaza / La Mirada NTMP. Recommendations should be identified as Fast Track or Other, as described in the Project Description. An initial feasibility assessment of each measure should be conducted prior to presenting the recommendations so that measures that are not likely to receive City approval are eliminated early.

The Consultant should present these recommendations to CD13, DOT and selected neighborhood representatives in a meeting.

The draft NTMP should consider traffic calming measures, which may include, but are not limited to, traffic circles, speed humps, roadway narrowing effects (raised medians, traffic chokers, etc.), landscaping features, roadway striping changes, and stop sign pattern. Restrictive measures, such as turn restrictions, physical barriers, signal metering, etc., should be avoided since these measures can potentially lead to the diversion of traffic from one street to another, or one neighborhood to another. The NTM plan should also consider and evaluate neighborhood improvements that can assist to offset the effects of added traffic, including street trees, sidewalks, landscaping, neighborhood identification features, bicycle wayfinding, and pedestrian amenities.

Products: Draft Paseo Plaza / La Mirada NTMP

Percentage: 25% of project budget

Task 4 Second Draft Neighborhood Traffic Management Plan

Based on the feedback received from the City and neighborhood representatives on Task 3, the consultant shall submit the second draft of the Paseo Plaza / La Mirada NTMP to CD13 and DOT. This draft should also follow the identification procedure described above in Task 3. Illustrative graphics identifying the recommended measures and locations should be included in this draft. If this draft is accepted by the City, the draft will be provided to the selected neighborhood representatives who will lead neighborhood consensus building efforts by soliciting feedback from the neighborhood on the recommended measures. If necessary, the Consultant will support the representatives in the outreach effort by presenting the second draft to stakeholders, including a presentation of alternative measures and strategies if applicable.

Presentation of 2nd draft to stakeholders

Percentage: 30% of project budget

Task 5 Prepare Final Report including Recommendations and Implementation Plan for Paseo Plaza / La Mirada NTMP

Based on the feedback received from the neighborhood meetings, as well as from CD13 and DOT, the Consultant shall work with CD13 and DOT to finalize the NTMP report. The report will incorporate and summarize work from previous tasks and shall include a detailed cost estimate for all improvements. The final report will include a list of the recommended measures ranked by cost, effectiveness, project readiness and neighborhood support. The report shall also include a conceptual plan for each recommendation and should categorize each measure as **Fast Track** or **Other**, as previously defined in the project description. Any measures that require civil engineering design should be clearly identified and construction-ready plans, if applicable, should be prepared for all Fast Track improvements. The report should also include detailed cost estimates of all improvements.

Product: Final Paseo Plaza / La Mirada NTMP

Percentage: 20% of project budget

Task 6 City Council Approval

In lieu of obtaining community support pursuant to the City procedures for any particular proposed NTMP measures, City Council or the appropriate Committee may approve the NTMP measure. Any and all NTMP measures for which City Council or Committee approval is sought shall be included in a single request presented by the Consultant.

Subject: **LA MIRADA AVENUE NEIGHBORHOOD ASSOCIATION OF HOLLYWOOD V. CITY OF LOS ANGELES – CALIFORNIA PUBLIC RECORDS ACT REQUEST**

Dear Mr. Silverstein:
This letter is in response to your July 14, 2017 request received by the Department of Transportation (LADOT) seeking records pertaining to the 2008 La Mirada Settlement pursuant to the California Public Records Act (CPRA).

First, our records indicate that your firm made a request for the same records dated June 29, 2009. Our department provided all responsive records on July 23, 2009. Since that time, there has been little activity related to this settlement until the recent Developer Payment Notice received on January 17, 2017. So as to not duplicate our earlier 2009 response and to be able to expedite our response to this new request, we will be limiting our response to this new request to records created on or after January 1, 2017. Please confirm that this is agreeable to your client

Second, please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for and collect the records from field facilities or other establishments that are separate from this office and the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We will make a determination concerning your request on or before August 7, 2017.

Sincerely,

E Guerrero Jr

Good morning, Mr. Dundas.

Can you please place this request next on CD13's list, directly after whichever one they're working on presently?

I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request. This should include but not be limited to:

1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

Thanks!

Adrian

This letter is in response to your request received on March 22, 2017 seeking records pertaining to calendars and vacation/sick hours, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c).

Unusual circumstances exist because of:
(1) the need to search for and collect the records from field facilities or other establishments that are separate from this office;
(2) the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request;
(3) the need to consult with another agency or among two or more components of this agency having a substantial interest in the determination of the request; and
(4) the need to compile data, to write programming language or a computer program, or to construct a computer report to extract data.

In addition, in regards to your calendar request:
1. Some of the calendar entries are exempt from production under California Government Code 6254(k) because they are attorney-client privileged.
2. Similarly, calendar entries that contain employee personnel information will be withheld or partially redacted because they are exempt under California Government Code section 6254(c).
3. Some of the requested calendar entries are exempt because they are not public records subject to release under the CPRA. In this instance, those calendar entries relate to purely personal events, like doctor appointments, that are wholly unrelated to governmental activities and they are exempt from release under the balancing test provided in section 6255.
4. Portions of the responsive information will be redacted from the requested materials pursuant to Government Code Sections 6254(c) and 6255, which permits redaction of the personal contact information belonging to private citizens because the public interest served by not disclosing the record and protecting individuals' privacy interest in their personal information clearly outweighs the public interest served by disclosure of the record.
5. Forward looking calendar entries are exempt from release. These calendar entries are still in draft form and have yet to be finalized. Until such time as the meetings take place the entries are exempt under Government Code Section 6254(a) and Government Code Section 6255 because the public interest served by not disclosing the records clearly outweighs the public interest served by their disclosure. There is a

strong public interest in avoiding the confusion that would result when incorrect versions of a document are released. The desired avoidance of confusion, coupled with the promised future release of the final calendars, support the withholding of these records at this time.

Vacation and sick time records are maintained by the City Clerk's Office, which handles payroll services for all council offices. You should make a request for those records to the city clerk through http://clerk.lacity.org.

We expect to make a determination concerning your request on or before April 14.

Thank you for your cooperation.

Hi Chris,

Sorry to email so late on a Friday, but can you let me know on Monday if anyone in CD-13 has responded to the attached PRA request that was sent to Councilmember O'Farrell on May 24, 2017 (see page 26 of 45 of attached pdf)?

I believe we have until Wednesday, June 7, to let Mr. Tsai know whether CD-13 has any responsive document, or whether there are any records that are exempt from disclosure under either the attorney/client or deliberative process privilege.

Just as an FYI - we are currently in litigation on the South LA Farm Project *[Lydia Ponce v. City of LA]* (located at 4051 S. Alameda Street in CD-9), and would like to review all responsive documents/emails before they are sent to Mr. Tsai.

And finally, I spoke to Strefan Fauble, the City Attorney that oversees all PRA requests. He confirmed that all CD-13 staff emails (and personal email accounts, in the event that personal email addresses have or are being used to transact City business), including email accounts for Councilmember O'Farrell, need to be searched as part of the City's standard PRA search protocol. Also, please note that the search also pertains to council files and working copies of any documents related to the PRA.

Here's the list of our standard ITA search terms for CEQA cases that can be used in your email search:

RE: Public Records Act and Mailing List Request Regarding Lydia Poncé, an individual; Parcel Map AA – 2012 – 919 – PMLA.

Dear Mr. Englander,

On behalf of Lydia Poncé ("Poncé"), this Office requests that the **City of Los Angeles** provide any and all information referring or related to the proposed Parcel Map AA – 2012 – 919 – PMLA project, which allows for the subdivision of one 562,314 net square-foot parcel into four lots for the construction of four industrial building consisting of Building 1: 115,973 square feet and 123 parking spaces, Building 2: 133,680 square feet and 79 parking spaces, Building 3: 116,724 square feet and 96 parking spaces, and Building 4: 113,743 square feet and 106 parking spaces and the merger of the right of way of 40th Place and the two alleys north and south of 40th Place at properties located at 4051South Alameda Street (1700-1838 East Martin Luther King Jr. Boulevard, 1708-1835 East 40th Place, 1707-1843 East 41st Street, 4014 and 4066 South Long Beach in the City of Los Angeles. ("**Project**") pursuant to the California Public Records Act ("**PRA**"), Cal. Government ("**Gov't**") Code §§ 6250–6270 (collectively "**PRA Request**").

Moreover, Poncé requests that the **City of Los Angeles** provide notice for any and all notices referring or related to the Project issued under the California Environmental Quality Act ("**CEQA**"), Cal Public Resources Code ("**PRC**") § 21000 *et seq*, and the California Planning and Zoning Law ("**Planning and Zoning Law**"), Cal. Gov't Code §§ 65000–65010. California Public Resources Code Sections 21092.2, and 21167(f) and Government Code Section 65092 require agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.

Lydia Poncé is an individual who has engaged in farming activities, recreation, and other activities on the Project Site, has submitted written comments to the Los Angeles City Council and Los Angeles Department of City Planning opposing the Project, is a member of the South Central Farmers and whose life activities would be impacted by the Project.

I. PUBLIC RECORDS ACT REQUEST.

Poncé is requesting any and all information referring or related to the Project.

The Public Records Act defines the term "public record" broadly as "any writing containing information relating to the conduct of the public's business . . . regardless of physical form and characteristics." Gov't Code § 6252(d). "Records" includes all communications relating to public business regardless of physical form or characteristics, including but not limited to any writing, picture, sound, or symbol, whether paper, magnetic, electronic, text, other media, or written verification of any oral communication. Included in this request are any references in any appointment calendars and applications, phone records, or text records. These "records" are to include but are not limited to correspondences, e-mails, reports, letters, memorandums, and communications by any employee or elected official of Planning concerning the Project.

Please include in your response to this request the following examples of "records," as well as any similar physical or electronic forms of communication: any form of writing such as correspondence, electronic mail records ("email"), legal and factual memoranda, facsimiles, photographs, maps, videotapes, film, data, reports, notes, audiotapes, or drawings. Responsive correspondence should include, inter alia, emails and any and all other forms of internal agency correspondence. *Citizens for Ceres v. Super. Ct.* (*"Ceres"*) (2013) 217 Cal. App. 4th 889, 909; *Citizens for Open Gov't v. City of Lodi* (*"Lodi"*) (2012) 205 Cal.App.4th 296, 307, 311.

This Office requests any and all information referring or related to the Project, including but not limited to:

(1) All Project application materials;

(2) All staff reports and related documents prepared by the City with respect to its compliance with the substantive and procedural requirements of the California Environmental Quality Act, Public Resources Code § 21000 et seq., and the CEQA Guidelines, title 14, California Code of Regulations, § 15000 et seq. (collectively "**CEQA**") and with respect to the action on the Project;

(3) All staff reports and related documents prepared by the City and written testimony or documents submitted by any person relevant to any findings or statement of overriding considerations adopted by the agency pursuant to CEQA;

(4) Any transcript or minutes of the proceedings at which the decision-making body of the City heard testimony on, or considered any environmental document on, the Project, and any transcript or minutes of proceedings before any advisory body to the public agency that were presented to the decision-making body prior to action on the environmental documents or on the Project;

(5) All notices issued by the City to comply with CEQA or with any other law governing

the processing and approval of the Project;

(6) All written comments received in response to, or in connection with, environmental documents prepared for the Project, including responses to the notice of preparation;

(7) All written evidence or correspondence submitted to, or transferred from, the City with respect to compliance with CEQA or with respect to the Project;

(8) Any proposed decisions or findings submitted to the decision-making body of the City by its staff, or the Project proponent, Project opponents, or other persons;

(9) The documentation of the final City decision and approvals, including the final environmental impact report, mitigated negative declaration, negative declaration, or notice of exemption, and all documents, in addition to those referenced in paragraph (3), cited or relied on in the findings or in a statement of overriding considerations adopted pursuant to CEQA;

(10) Any other written materials relevant to the public agency's compliance with CEQA or to its decision on the merits of the Project, including the initial study, any drafts of any environmental document, or portions thereof, that have been released for public review, and copies of studies or other documents relied upon in any environmental document prepared for the Project and either made available to the public during the public review period or included in the City 's files on the Project, and all internal agency communications, including staff notes and memoranda related to the Project or to compliance with CEQA; and

(11) The full written record before any inferior administrative decision-making body whose decision was appealed to a superior administrative decision-making body prior to the filing of any litigation.

Please respond within 10 business days from the date you receive this request as to whether this request specifies identifiable records not exempt from disclosure under the PRA or otherwise privileged or confidential, and are therefore subject to disclosure. This Office understands that this time may be extended up to 14 days for unusual circumstances as provided by Cal. Government Code § 6253(c) and that we will be notified of any extension and the reasons justifying it.

We request that you provide all documents in electronic format and waive any and all fees associated with this Request. Poncé is an individual who is requesting this information for public informational purposes. Please notify and obtain express approval from this Office before incurring any duplication costs.

If any of the above-requested documents are available online, please provide us with the URL web address at which the documents may be downloaded. If any of the requested documents are retained

by the City in an electronic computer-readable format such as PDF (portable document format), please provide us with pdf copies of the documents via email, or inform us of the location at which we can copy these documents electronically.

In preparing your response, please bear in mind that you have an obligation under Government Code section 6253.1 to (1) identify all records and information responsive to our request or the purpose of our request; (2) describe the information technology and physical location in which the records exist; and (3) provide suggestions for overcoming any practical basis for denying access to the records or information sought.

In responding to this request, please bear in mind that any exemptions from disclosure you may believe to be applicable are to be narrowly construed. *Marken v. Santa Monica-Malibu Unif. Sch. Dist.* (2012) 202 Cal. App. 4th 1250,1262; and may be further narrowed or eliminated by the adoption of Proposition 59, which amended article I, section 3(b)(2) of the California Constitution to direct that any "statute ... or other authority ... [that] limits the right of access" to "information concerning the conduct of the people's business" must be "narrowly construed."

As for any records that you nonetheless decline to produce on the grounds of an exemption, please bear in mind that the case law under the Public Records Act imposes a duty on you to distinguish between the exempt and the non-exempt portion of any such records, and to attempt in good faith to redact the exempt portion and to disclose the balance of such documents.

Please bear in mind further that should you choose to withhold any document from disclosure, you have a duty under Government Code section 6255, subd. (a) to "justify withholding any record by demonstrating that the record in question is exempt under express provisions" of the Public Records Act or that "the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record."

II. NOTICE LIST REQUEST.

We also ask that you put this Office on its notice list for any and all notices issued under the CEQA and the Planning and Zoning Law.

Particularly, we request that Planning send by mail or electronic mail notice of any and all actions or hearings related to activities undertaken, authorized, approved, permitted, licensed, or certified by the City and any of its subdivision for the Project, or supported, in whole or in part, through permits, contracts, grants, subsidies, loans, or other forms of approvals, actions or assistance, including but not limited to the following:

- Notices of any public hearing held in connection with the Project; as well as
- Any and all notices prepared pursuant to CEQA, including but not limited to:

- Notices of determination that an Environmental Impact Report ("EIR") or supplemental EIR is required for a project, prepared pursuant to Public Resources Code Section 21080.4;
- Notices of availability of an EIR or a negative declaration for a project prepared pursuant to Public Resources Code Section 21152 and Section 15087 of Title 14 of the California Code of Regulations;
- Notices of approval or determination to carry out a project prepared pursuant to Public Resources Code Section 21152 or any other provision of law;
- Notice of approval or certification of any EIR or negative declaration prepared pursuant to Public Resources Code Section 21152 or any other provision of law;
- Notice of exemption from CEQA prepared pursuant to Public Resources Code section 21152 or any other provision of law; and
- Notice of any Final EIR prepared pursuant to CEQA.

This Office is requesting notices of any approvals or public hearings under CEQA and the California Planning and Zoning Law. This request is filed pursuant to California Public Resources Code Sections 21092.2, and 21167(f) and Government Code Section 65092 requiring agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.

Please send notice by regular and electronic mail to:

RE: Public Records Act and Mailing List Request Regarding Lydia Poncé, an individual; Parcel Map AA – 2012 – 919 – PMLA.

Dear Mr. Harris-Dawson,

On behalf of Lydia Poncé ("Poncé"), this Office requests that the **City of Los Angeles** provide any and all information referring or related to the proposed Parcel Map AA – 2012 – 919 – PMLA project, which allows for the subdivision of one 562,314 net square-foot parcel into four lots for the construction of four industrial building consisting of Building 1: 115,973 square feet and 123 parking spaces, Building 2: 133,680 square feet and 79 parking spaces, Building 3: 116,724 square feet and 96 parking spaces, and Building 4: 113,743 square feet and 106 parking spaces and the merger of the right of way of 40th Place and the two alleys north and south of 40th Place at properties located at 4051South Alameda Street (1700-1838 East Martin Luther King Jr. Boulevard, 1708-1835 East 40th Place, 1707-1843 East 41st Street, 4014 and 4066 South Long Beach in the City of Los Angeles. ("**Project**") pursuant to the California Public Records Act ("**PRA**"), Cal. Government ("**Gov't**") Code §§ 6250–6270 (collectively "**PRA Request**").

Moreover, Poncé requests that the **City of Los Angeles** provide notice for any and all notices referring or related to the Project issued under the California Environmental Quality Act ("**CEQA**"), Cal Public Resources Code ("**PRC**") § 21000 *et seq*, and the California Planning and Zoning Law ("**Planning and Zoning Law**"), Cal. Gov't Code §§ 65000–65010. California Public Resources Code Sections 21092.2, and 21167(f) and Government Code Section 65092 require agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.

Lydia Poncé is an individual who has engaged in farming activities, recreation, and other activities on the Project Site, has submitted written comments to the Los Angeles City Council and Los Angeles Department of City Planning opposing the Project, is a member of the South Central Farmers and whose life activities would be impacted by the Project.

I. PUBLIC RECORDS ACT REQUEST.

Poncé is requesting any and all information referring or related to the Project.

The Public Records Act defines the term "public record" broadly as "any writing containing information relating to the conduct of the public's business . . . regardless of physical form and characteristics." Gov't Code § 6252(d). "Records" includes all communications relating to public business regardless of physical form or characteristics, including but not limited to any writing, picture, sound, or symbol, whether paper, magnetic, electronic, text, other media, or written verification of any oral communication. Included in this request are any references in any appointment calendars and applications, phone records, or text records. These "records" are to include but are not limited to correspondences, e-mails, reports, letters, memorandums, and communications by any employee or elected official of Planning concerning the Project.

Please include in your response to this request the following examples of "records," as well as any similar physical or electronic forms of communication: any form of writing such as correspondence, electronic mail records ("email"), legal and factual memoranda, facsimiles, photographs, maps, videotapes, film, data, reports, notes, audiotapes, or drawings. Responsive correspondence should include, inter alia, emails and any and all other forms of internal agency correspondence. *Citizens for Ceres v. Super. Ct.* (*"Ceres"*) (2013) 217 Cal. App. 4th 889, 909; *Citizens for Open Gov't v. City of Lodi* (*"Lodi"*) (2012) 205 Cal.App.4th 296, 307, 311.

This Office requests any and all information referring or related to the Project, including but not limited to:

(1) All Project application materials;

(2) All staff reports and related documents prepared by the City with respect to its compliance with the substantive and procedural requirements of the California Environmental Quality Act, Public Resources Code § 21000 et seq., and the CEQA Guidelines, title 14, California Code of Regulations, § 15000 et seq. (collectively "**CEQA**") and with respect to the action on the Project;

(3) All staff reports and related documents prepared by the City and written testimony or documents submitted by any person relevant to any findings or statement of overriding considerations adopted by the agency pursuant to CEQA;

(4) Any transcript or minutes of the proceedings at which the decision-making body of the City heard testimony on, or considered any environmental document on, the Project, and any transcript or minutes of proceedings before any advisory body to the public agency that were presented to the decision-making body prior to action on the environmental documents or on the Project;

(5) All notices issued by the City to comply with CEQA or with any other law governing

the processing and approval of the Project;

(6) All written comments received in response to, or in connection with, environmental documents prepared for the Project, including responses to the notice of preparation;

(7) All written evidence or correspondence submitted to, or transferred from, the City with respect to compliance with CEQA or with respect to the Project;

(8) Any proposed decisions or findings submitted to the decision-making body of the City by its staff, or the Project proponent, Project opponents, or other persons;

(9) The documentation of the final City decision and approvals, including the final environmental impact report, mitigated negative declaration, negative declaration, or notice of exemption, and all documents, in addition to those referenced in paragraph (3), cited or relied on in the findings or in a statement of overriding considerations adopted pursuant to CEQA;

(10) Any other written materials relevant to the public agency's compliance with CEQA or to its decision on the merits of the Project, including the initial study, any drafts of any environmental document, or portions thereof, that have been released for public review, and copies of studies or other documents relied upon in any environmental document prepared for the Project and either made available to the public during the public review period or included in the City 's files on the Project, and all internal agency communications, including staff notes and memoranda related to the Project or to compliance with CEQA; and

(11) The full written record before any inferior administrative decision-making body whose decision was appealed to a superior administrative decision-making body prior to the filing of any litigation.

Please respond within 10 business days from the date you receive this request as to whether this request specifies identifiable records not exempt from disclosure under the PRA or otherwise privileged or confidential, and are therefore subject to disclosure. This Office understands that this time may be extended up to 14 days for unusual circumstances as provided by Cal. Government Code § 6253(c) and that we will be notified of any extension and the reasons justifying it.

We request that you provide all documents in electronic format and waive any and all fees associated with this Request. Poncé is an individual who is requesting this information for public informational purposes. Please notify and obtain express approval from this Office before incurring any duplication costs.

If any of the above-requested documents are available online, please provide us with the URL web address at which the documents may be downloaded. If any of the requested documents are retained

by the City in an electronic computer-readable format such as PDF (portable document format), please provide us with pdf copies of the documents via email, or inform us of the location at which we can copy these documents electronically.

In preparing your response, please bear in mind that you have an obligation under Government Code section 6253.1 to (1) identify all records and information responsive to our request or the purpose of our request; (2) describe the information technology and physical location in which the records exist; and (3) provide suggestions for overcoming any practical basis for denying access to the records or information sought.

In responding to this request, please bear in mind that any exemptions from disclosure you may believe to be applicable are to be narrowly construed. *Marken v. Santa Monica-Malibu Unif. Sch. Dist.* (2012) 202 Cal. App. 4th 1250,1262; and may be further narrowed or eliminated by the adoption of Proposition 59, which amended article I, section 3(b)(2) of the California Constitution to direct that any "statute ... or other authority ... [that] limits the right of access" to "information concerning the conduct of the people's business" must be "narrowly construed."

As for any records that you nonetheless decline to produce on the grounds of an exemption, please bear in mind that the case law under the Public Records Act imposes a duty on you to distinguish between the exempt and the non-exempt portion of any such records, and to attempt in good faith to redact the exempt portion and to disclose the balance of such documents.

Please bear in mind further that should you choose to withhold any document from disclosure, you have a duty under Government Code section 6255, subd. (a) to "justify withholding any record by demonstrating that the record in question is exempt under express provisions" of the Public Records Act or that "the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record."

II. **NOTICE LIST REQUEST.**

We also ask that you put this Office on its notice list for any and all notices issued under the CEQA and the Planning and Zoning Law.

Particularly, we request that Planning send by mail or electronic mail notice of any and all actions or hearings related to activities undertaken, authorized, approved, permitted, licensed, or certified by the City and any of its subdivision for the Project, or supported, in whole or in part, through permits, contracts, grants, subsidies, loans, or other forms of approvals, actions or assistance, including but not limited to the following:

- Notices of any public hearing held in connection with the Project; as well as
- Any and all notices prepared pursuant to CEQA, including but not limited to:

- Notices of determination that an Environmental Impact Report ("EIR") or supplemental EIR is required for a project, prepared pursuant to Public Resources Code Section 21080.4;
- Notices of availability of an EIR or a negative declaration for a project prepared pursuant to Public Resources Code Section 21152 and Section 15087 of Title 14 of the California Code of Regulations;
- Notices of approval or determination to carry out a project prepared pursuant to Public Resources Code Section 21152 or any other provision of law;
- Notice of approval or certification of any EIR or negative declaration prepared pursuant to Public Resources Code Section 21152 or any other provision of law;
- Notice of exemption from CEQA prepared pursuant to Public Resources Code section 21152 or any other provision of law; and
- Notice of any Final EIR prepared pursuant to CEQA.

This Office is requesting notices of any approvals or public hearings under CEQA and the California Planning and Zoning Law. This request is filed pursuant to California Public Resources Code Sections 21092.2, and 21167(f) and Government Code Section 65092 requiring agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.

Please send notice by regular and electronic mail to:

Government Code § 6253(c) and that we will be notified of any extension and the reasons justifying it.

We request that you provide all documents in electronic format and waive any and all fees associated with this Request. Poncé is an individual who is requesting this information for public informational purposes. Please notify and obtain express approval from this Office before incurring any duplication costs.

If any of the above-requested documents are available online, please provide us with the URL web address at which the documents may be downloaded. If any of the requested documents are retained

by the City in an electronic computer-readable format such as PDF (portable document format), please provide us with pdf copies of the documents via email, or inform us of the location at which we can copy these documents electronically.

In preparing your response, please bear in mind that you have an obligation under Government Code section 6253.1 to (1) identify all records and information responsive to our request or the purpose of our request; (2) describe the information technology and physical location in which the records exist; and (3) provide suggestions for overcoming any practical basis for denying access to the records or information sought.

In responding to this request, please bear in mind that any exemptions from disclosure you may believe to be applicable are to be narrowly construed. *Marken v. Santa Monica-Malibu Unif. Sch. Dist.* (2012) 202 Cal. App. 4th 1250,1262; and may be further narrowed or eliminated by the adoption of Proposition 59, which amended article I, section 3(b)(2) of the California Constitution to direct that any "statute ... or other authority ... [that] limits the right of access" to "information concerning the conduct of the people's business" must be "narrowly construed."

As for any records that you nonetheless decline to produce on the grounds of an exemption, please bear in mind that the case law under the Public Records Act imposes a duty on you to distinguish between the exempt and the non-exempt portion of any such records, and to attempt in good faith to redact the exempt portion and to disclose the balance of such documents.

Please bear in mind further that should you choose to withhold any document from disclosure, you have a duty under Government Code section 6255, subd. (a) to "justify withholding any record by demonstrating that the record in question is exempt under express provisions" of the Public Records Act or that "the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record."

II. NOTICE LIST REQUEST.

We also ask that you put this Office on its notice list for any and all notices issued under the CEQA and the Planning and Zoning Law.

Particularly, we request that Planning send by mail or electronic mail notice of any and all actions or hearings related to activities undertaken, authorized, approved, permitted, licensed, or certified by the City and any of its subdivision for the Project, or supported, in whole or in part, through permits, contracts, grants, subsidies, loans, or other forms of approvals, actions or assistance, including but not limited to the following:

- Notices of any public hearing held in connection with the Project; as well as
- Any and all notices prepared pursuant to CEQA, including but not limited to:

- Notices of determination that an Environmental Impact Report ("EIR") or supplemental EIR is required for a project, prepared pursuant to Public Resources Code Section 21080.4;
- Notices of availability of an EIR or a negative declaration for a project prepared pursuant to Public Resources Code Section 21152 and Section 15087 of Title 14 of the California Code of Regulations;
- Notices of approval or determination to carry out a project prepared pursuant to Public Resources Code Section 21152 or any other provision of law;
- Notice of approval or certification of any EIR or negative declaration prepared pursuant to Public Resources Code Section 21152 or any other provision of law;
- Notice of exemption from CEQA prepared pursuant to Public Resources Code section 21152 or any other provision of law; and
- Notice of any Final EIR prepared pursuant to CEQA.

This Office is requesting notices of any approvals or public hearings under CEQA and the California Planning and Zoning Law. This request is filed pursuant to California Public Resources Code Sections 21092.2, and 21167(f) and Government Code Section 65092 requiring agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.

On behalf of Lydia Poncé ("Poncé"), this Office requests that the **City of Los Angeles** provide any and all information referring or related to the proposed Parcel Map AA – 2012 – 919 – PMLA project, which allows for the subdivision of one 562,314 net square-foot parcel into four lots for the construction of four industrial building consisting of Building 1: 115,973 square feet and 123 parking spaces, Building 2: 133,680 square feet and 79 parking spaces, Building 3: 116,724 square feet and 96 parking spaces, and Building 4: 113,743 square feet and 106 parking spaces and the merger of the right of way of 40th Place and the two alleys north and south of 40th Place at properties located at 4051South Alameda Street (1700-1838 East Martin Luther King Jr. Boulevard, 1708-1835 East 40th Place, 1707-1843 East 41st Street, 4014 and 4066 South Long Beach in the City of Los Angeles ("**Project**") pursuant to the California Public Records Act ("**PRA**"), Cal. Government ("**Gov't**") Code §§ 6250–6270 (collectively "**PRA Request**").

Moreover, Poncé requests that the **City of Los Angeles** provide notice for any and all notices referring or related to the Project issued under the California Environmental Quality Act ("**CEQA**"), Cal Public Resources Code ("**PRC**") § 21000 *et seq*, and the California Planning and Zoning Law ("**Planning and Zoning Law**"), Cal. Gov't Code §§ 65000–65010. California Public Resources Code Sections 21092.2, and 21167(f) and Government Code Section 65092 require agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.

Lydia Poncé is an individual who has engaged in farming activities, recreation, and other activities on the Project Site, has submitted written comments to the Los Angeles City Council and Los Angeles Department of City Planning opposing the Project, is a member of the South Central Farmers and whose life activities would be impacted by the Project.

I. PUBLIC RECORDS ACT REQUEST.

Poncé is requesting any and all information referring or related to the Project.

The Public Records Act defines the term "public record" broadly as "any writing containing information relating to the conduct of the public's business . . . regardless of physical form and characteristics." Gov't Code § 6252(d). "Records" includes all communications relating to public business regardless of physical form or characteristics, including but not limited to any writing, picture, sound, or symbol, whether paper, magnetic, electronic, text, other media, or written verification of any oral communication. Included in this request are any references in any appointment calendars and applications, phone records, or text records. These "records" are to include but are not limited to correspondences, e-mails, reports, letters, memorandums, and communications by any employee or elected official of Planning concerning the Project.

Please include in your response to this request the following examples of "records," as well as any similar physical or electronic forms of communication: any form of writing such as correspondence, electronic mail records ("email"), legal and factual memoranda, facsimiles, photographs, maps, videotapes, film, data, reports, notes, audiotapes, or drawings. Responsive correspondence should include, inter alia, emails and any and all other forms of internal agency correspondence. *Citizens for Ceres v. Super. Ct.* (*"Ceres"*) (2013) 217 Cal. App. 4th 889, 909; *Citizens for Open Gov't v. City of Lodi ("Lodi")* (2012) 205 Cal.App.4th 296, 307, 311.

This Office requests any and all information referring or related to the Project, including but not limited to:

(1) All Project application materials;

(2) All staff reports and related documents prepared by the City with respect to its compliance with the substantive and procedural requirements of the California Environmental Quality Act, Public Resources Code § 21000 et seq., and the CEQA Guidelines, title 14, California Code of Regulations, § 15000 et seq. (collectively "**CEQA**") and with respect to the action on the Project;

(3) All staff reports and related documents prepared by the City and written testimony or documents submitted by any person relevant to any findings or statement of overriding considerations adopted by the agency pursuant to CEQA;

(4) Any transcript or minutes of the proceedings at which the decision-making body of the City heard testimony on, or considered any environmental document on, the Project, and any transcript or minutes of proceedings before any advisory body to the public agency that were presented to the decision-making body prior to action on the environmental documents or on the Project;

(5) All notices issued by the City to comply with CEQA or with any other law governing

the processing and approval of the Project;

(6) All written comments received in response to, or in connection with, environmental documents prepared for the Project, including responses to the notice of preparation;

(7) All written evidence or correspondence submitted to, or transferred from, the City with respect to compliance with CEQA or with respect to the Project;

(8) Any proposed decisions or findings submitted to the decision-making body of the City by its staff, or the Project proponent, Project opponents, or other persons;

(9) The documentation of the final City decision and approvals, including the final environmental impact report, mitigated negative declaration, negative declaration, or notice of exemption, and all documents, in addition to those referenced in paragraph (3), cited or relied on in the findings or in a statement of overriding considerations adopted pursuant to CEQA;

(10) Any other written materials relevant to the public agency's compliance with CEQA or to its decision on the merits of the Project, including the initial study, any drafts of any environmental document, or portions thereof, that have been released for public review, and copies of studies or other documents relied upon in any environmental document prepared for the Project and either made available to the public during the public review period or included in the City 's files on the Project, and all internal agency communications, including staff notes and memoranda related to the Project or to compliance with CEQA; and

(11) The full written record before any inferior administrative decision-making body whose decision was appealed to a superior administrative decision-making body prior to the filing of any litigation.

Please respond within 10 business days from the date you receive this request as to whether this request specifies identifiable records not exempt from disclosure under the PRA or otherwise privileged or confidential, and are therefore subject to disclosure. This Office understands that this time may be extended up to 14 days for unusual circumstances as provided by Cal. Government Code § 6253(c) and that we will be notified of any extension and the reasons justifying it.

We request that you provide all documents in electronic format and waive any and all fees associated with this Request. Poncé is an individual who is requesting this information for public informational purposes. Please notify and obtain express approval from this Office before incurring any duplication costs.

If any of the above-requested documents are available online, please provide us with the URL web address at which the documents may be downloaded. If any of the requested documents are retained

by the City in an electronic computer-readable format such as PDF (portable document format), please provide us with pdf copies of the documents via email, or inform us of the location at which we can copy these documents electronically.

App. 4th 889, 909; *Citizens for Open Gov't v. City of Lodi ("Lodi")* (2012) 205 Cal.App.4th 296, 307, 311.

This Office requests any and all information referring or related to the Project, including but not limited to:

(1) All Project application materials;

(2) All staff reports and related documents prepared by the City with respect to its compliance with the substantive and procedural requirements of the California Environmental Quality Act, Public Resources Code § 21000 et seq., and the CEQA Guidelines, title 14, California Code of Regulations, § 15000 et seq. (collectively "**CEQA**") and with respect to the action on the Project;

(3) All staff reports and related documents prepared by the City and written testimony or documents submitted by any person relevant to any findings or statement of overriding considerations adopted by the agency pursuant to CEQA;

(4) Any transcript or minutes of the proceedings at which the decision-making body of the City heard testimony on, or considered any environmental document on, the Project, and any transcript or minutes of proceedings before any advisory body to the public agency that were presented to the decision-making body prior to action on

the environmental documents or on the Project;

(5) All notices issued by the City to comply with CEQA or with any other law governing the processing and approval of the Project;

(6) All written comments received in response to, or in connection with, environmental documents prepared for the Project, including responses to the notice of preparation;

(7) All written evidence or correspondence submitted to, or transferred from, the City with respect to compliance with CEQA or with respect to the Project;

(8) Any proposed decisions or findings submitted to the decision-making body of the City by its staff, or the Project proponent, Project opponents, or other persons;

(9) The documentation of the final City decision and approvals, including the final environmental impact report, mitigated negative declaration, negative declaration, or notice of exemption, and all documents, in addition to those referenced in paragraph (3), cited or relied on in the findings or in a statement of overriding considerations adopted pursuant to CEQA;

(10) Any other written materials relevant to the public agency's compliance with CEQA or to its decision on the merits of the Project, including the initial study, any drafts of any environmental document, or portions thereof, that have been released for public review, and copies of studies or other documents relied upon in any environmental document prepared for the Project and either made available to the public during the public review period or included in the City 's files on the Project, and all internal agency communications, including staff notes and memoranda related to the Project or to compliance with CEQA; and

(11) The full written record before any inferior administrative decision-making body whose decision was appealed to a superior administrative decision-making body prior to the filing of any litigation.

Please respond within 10 business days from the date you receive this request as to whether this request specifies identifiable records not exempt from disclosure under the PRA or otherwise privileged or confidential, and are therefore subject to disclosure. This Office understands that this time may be extended up to 14 days for unusual circumstances as provided by Cal. Government Code § 6253(c) and that we will be notified of any extension and the reasons justifying it.

We request that you provide all documents in electronic format and waive any and all fees associated with this Request. Poncé is an individual who is requesting this information for public informational purposes. Please notify and obtain express approval from this Office before incurring any duplication costs.

If any of the above-requested documents are available online, please provide us with the URL web address at which the documents may be downloaded. If any of the requested documents are retained by the City in an electronic computer-readable format such as PDF (portable document format), please provide us with pdf copies of the documents via email, or inform us of the location at which we can copy these documents electronically.

In preparing your response, please bear in mind that you have an obligation under Government Code section 6253.1 to (1) identify all records and information responsive to our request or the purpose of our request; (2) describe the information technology and physical location in which the records exist; and (3) provide suggestions for overcoming any practical basis for denying access to the records or information sought.

In responding to this request, please bear in mind that any exemptions from disclosure you may believe to be applicable are to be narrowly construed. *Marken v. Santa Monica-Malibu Unif. Sch. Dist.* (2012) 202 Cal. App. 4th 1250,1262; and may be further narrowed or eliminated by the adoption of Proposition 59, which amended article I, section 3(b)(2) of the California Constitution to direct that any "statute ... or other authority ... [that] limits the right of access" to "information concerning the conduct of the people's business" must be "narrowly construed."

As for any records that you nonetheless decline to produce on the grounds of an exemption, please bear in mind that the case law under the Public Records Act imposes a duty on you to distinguish between the exempt and the non-exempt portion of any such records, and to attempt in good faith to redact the exempt portion and to disclose the balance of such documents.

Please bear in mind further that should you choose to withhold any document from disclosure, you have a duty under Government Code section 6255, subd. (a) to "justify withholding any record by demonstrating that the record in question is exempt under express provisions" of the Public Records Act or that "the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record."

II. NOTICE LIST REQUEST.

We also ask that you put this Office on its notice list for any and all notices issued under the CEQA and the Planning and Zoning Law.

Particularly, we request that Planning send by mail or electronic mail notice of any and all actions or hearings related to activities undertaken, authorized, approved, permitted, licensed, or certified by the City and any of its subdivision for the Project, or supported, in whole or in part, through permits, contracts, grants, subsidies, loans, or other forms of approvals, actions or assistance, including but not limited to the following:

- Notices of any public hearing held in connection with the Project; as well as
- Any and all notices prepared pursuant to CEQA, including but not limited to:

- Notices of determination that an Environmental Impact Report ("EIR") or supplemental EIR is required for a project, prepared pursuant to Public Resources Code Section 21080.4;
- Notices of availability of an EIR or a negative declaration for a project prepared pursuant to Public Resources Code Section 21152 and Section 15087 of Title 14 of the California Code of Regulations;
- Notices of approval or determination to carry out a project prepared pursuant to Public Resources Code Section 21152 or any other provision of law;
- Notice of approval or certification of any EIR or negative declaration prepared pursuant to Public Resources Code Section 21152 or any other provision of law;
- Notice of exemption from CEQA prepared pursuant to Public Resources Code section 21152 or any other provision of law; and
- Notice of any Final EIR prepared pursuant to CEQA.

This Office is requesting notices of any approvals or public hearings under CEQA and the California Planning and Zoning Law. This request is filed pursuant to California Public Resources Code Sections 21092.2, and 21167(f) and Government Code Section 65092 requiring agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.

Please send notice by regular and electronic mail to:

RE: Public Records Act and Mailing List Request Regarding Lydia Poncé, an individual; Parcel Map AA – 2012 – 919 – PMLA.

Dear Mr. Wesson,

On behalf of Lydia Poncé ("Poncé"), this Office requests that the **City of Los Angeles** provide any and all information referring or related to the proposed Parcel Map AA – 2012 – 919 – PMLA project, which allows for the subdivision of one 562,314 net square-foot parcel into four lots for the construction of four industrial building consisting of Building 1: 115,973 square feet and 123 parking spaces, Building 2: 133,680 square feet and 79 parking spaces, Building 3: 116,724 square feet and 96 parking spaces, and Building 4: 113,743 square feet and 106 parking spaces and the merger of the right of way of 40th Place and the two alleys north and south of 40th Place at properties located at 4051South Alameda Street (1700-1838 East Martin Luther King Jr. Boulevard, 1708-1835 East 40th Place, 1707-1843 East 41st Street, 4014 and 4066 South Long Beach in the City of Los Angeles ("**Project**") pursuant to the California Public Records Act ("**PRA**"), Cal. Government ("**Gov't**") Code §§ 6250–6270 (collectively "**PRA Request**").

Moreover, Poncé requests that the **City of Los Angeles** provide notice for any and all notices referring or related to the Project issued under the California Environmental Quality Act ("**CEQA**"), Cal Public Resources Code ("**PRC**") § 21000 *et seq*, and the California Planning and Zoning Law ("**Planning and Zoning Law**"), Cal. Gov't Code §§ 65000–65010. California Public Resources Code Sections 21092.2, and 21167(f) and Government Code Section 65092 require agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.

Lydia Poncé is an individual who has engaged in farming activities, recreation, and other activities on the Project Site, has submitted written comments to the Los Angeles City Council and Los Angeles Department of City Planning opposing the Project, is a member of the South Central Farmers and whose life activities would be impacted by the Project.

I. PUBLIC RECORDS ACT REQUEST.

Poncé is requesting any and all information referring or related to the Project.

The Public Records Act defines the term "public record" broadly as "any writing containing information relating to the conduct of the public's business . . . regardless of physical form and characteristics." Gov't Code § 6252(d). "Records" includes all communications relating to public business regardless of physical form or characteristics, including but not limited to any writing, picture, sound, or symbol, whether paper, magnetic, electronic, text, other media, or written verification of any oral communication. Included in this request are any references in any appointment calendars and applications, phone records, or text records. These "records" are to include but are not limited to correspondences, e-mails, reports, letters, memorandums, and communications by any employee or elected official of Planning concerning the Project.

Please include in your response to this request the following examples of "records," as well as any similar physical or electronic forms of communication: any form of writing such as correspondence, electronic mail records ("email"), legal and factual memoranda, facsimiles, photographs, maps, videotapes, film, data, reports, notes, audiotapes, or drawings. Responsive correspondence should include, inter alia, emails and any and all other forms of internal agency correspondence. *Citizens for Ceres v. Super. Ct.* (*"Ceres"*) (2013) 217 Cal. App. 4th 889, 909; *Citizens for Open Gov't v. City of Lodi* (*"Lodi"*) (2012) 205 Cal.App.4th 296, 307, 311.

This Office requests any and all information referring or related to the Project, including but not limited to:

(1) All Project application materials;

(2) All staff reports and related documents prepared by the City with respect to its compliance with the substantive and procedural requirements of the California Environmental Quality Act, Public Resources Code § 21000 et seq., and the CEQA Guidelines, title 14, California Code of Regulations, § 15000 et seq. (collectively "**CEQA**") and with respect to the action on the Project;

(3) All staff reports and related documents prepared by the City and written testimony or documents submitted by any person relevant to any findings or statement of overriding considerations adopted by the agency pursuant to CEQA;

(4) Any transcript or minutes of the proceedings at which the decision-making body of the City heard testimony on, or considered any environmental document on, the Project, and any transcript or minutes of proceedings before any advisory body to the public agency that were presented to the decision-making body prior to action on the environmental documents or on the Project;

(5) All notices issued by the City to comply with CEQA or with any other law governing

the processing and approval of the Project;

(6) All written comments received in response to, or in connection with, environmental documents prepared for the Project, including responses to the notice of preparation;

(7) All written evidence or correspondence submitted to, or transferred from, the City with respect to compliance with CEQA or with respect to the Project;

(8) Any proposed decisions or findings submitted to the decision-making body of the City by its staff, or the Project proponent, Project opponents, or other persons;

(9) The documentation of the final City decision and approvals, including the final environmental impact report, mitigated negative declaration, negative declaration, or notice of exemption, and all documents, in addition to those referenced in paragraph (3), cited or relied on in the findings or in a statement of overriding considerations adopted pursuant to CEQA;

(10) Any other written materials relevant to the public agency's compliance with CEQA or to its decision on the merits of the Project, including the initial study, any drafts of any environmental document, or portions thereof, that have been released for public review, and copies of studies or other documents relied upon in any environmental document prepared for the Project and either made available to the public during the public review period or included in the City 's files on the Project, and all internal agency communications, including staff notes and memoranda related to the Project or to compliance with CEQA; and

(11) The full written record before any inferior administrative decision-making body whose decision was appealed to a superior administrative decision-making body prior to the filing of any litigation.

Please respond within 10 business days from the date you receive this request as to whether this request specifies identifiable records not exempt from disclosure under the PRA or otherwise privileged or confidential, and are therefore subject to disclosure. This Office understands that this time may be extended up to 14 days for unusual circumstances as provided by Cal. Government Code § 6253(c) and that we will be notified of any extension and the reasons justifying it.

We request that you provide all documents in electronic format and waive any and all fees associated with this Request. Poncé is an individual who is requesting this information for public informational purposes. Please notify and obtain express approval from this Office before incurring any duplication costs.

If any of the above-requested documents are available online, please provide us with the URL web address at which the documents may be downloaded. If any of the requested documents are retained

by the City in an electronic computer-readable format such as PDF (portable document format), please provide us with pdf copies of the documents via email, or inform us of the location at which we can copy these documents electronically.

In preparing your response, please bear in mind that you have an obligation under Government Code section 6253.1 to (1) identify all records and information responsive to our request or the purpose of our request; (2) describe the information technology and physical location in which the records exist; and (3) provide suggestions for overcoming any practical basis for denying access to the records or information sought.

In responding to this request, please bear in mind that any exemptions from disclosure you may believe to be applicable are to be narrowly construed. *Marken v. Santa Monica-Malibu Unif. Sch. - Notice of approval or certification of any EIR or negative declaration prepared pursuant to Public Resources Code Section 21152 or any other provision of law;
- Notice of exemption from CEQA prepared pursuant to Public Resources Code section 21152 or any other provision of law; and
- Notice of any Final EIR prepared pursuant to CEQA.

This Office is requesting notices of any approvals or public hearings under CEQA and the California Planning and Zoning Law. This request is filed pursuant to California Public Resources Code Sections 21092.2, and 21167(f) and Government Code Section 65092 requiring agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.

Good morning, Mr. Dundas.

Can you please place this request next on CD13's list, directly after whichever one they're working on presently?

I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request. This should include but not be limited to:

1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"

3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

Thanks!

Adrian

Dear Jeanne,

Following up on our conversation yesterday, below is a proposed email for you to send to Dan Wright indicating that your office requires another 14 days to ensure that your staff has sufficient time to complete follow up searches of their personal email accounts:

"Dear Mr. Wright,

This is to respond to your email of _____ in which you questioned my initial response to your PRA request in which I stated our office has no emails responsive to your request.

After consulting with the City Attorney's Office, we are asking our staff to again search their personal email accounts for any emails responsive to your PRA request dated _____. This will take some time as it requires each of our ____ staff members to conduct this search and the compilation of information regarding the results of those searches. As such, this constitutes an unusual circumstance under Government Code, section 6253 requiring an additional 14 days to respond.
Accordingly, our office will provide a follow-up response to you by no later than April 28, 2017.

Sincerely,"

In addition Jean, we are recommending that you send an email to each of your staff members, similar to the one I sent to Chris and you, providing instructions on how to search their personal email accounts and the search terms they should use: "Palladium, 6201 Sunset, CPC 2014-3808." I would also recommend that once each staff member has completed their searches, he/she sign a declaration under penalty of perjury detailing the process he/she went through to search his/her personal email accounts. We can assist in the preparation of a template for those declarations.
Feel free to call us with any questions.

Good morning, Mr. Dundas.

Can you please place this request next on CD13's list, directly after whichever one they're working on presently?

I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request. This should include but not be limited to:

1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

Thanks!

Adrian

Jeanne -- I've included documents from March of this year that relate specifically to the **expansion** of PPD 201.
There are lots of other documents regarding this PPD but they relate either to the creation of the district itself back in the day, or enforcement of the existing signage -- not the expansion issue that Ms. Barbosa has raised.

It would be great to have the City Attorney's feedback on the documents I provided to see if they do or do not pertain to the specific nature of her request.

CD13 Request to Extend PPD 201

Hi Felix,

Per our discussion last week, please see the attached letter from Councilmember O'Farrell formally requesting that Temporary PPD 201 be extended as a Permanent PPD with expanded boundaries.

This would absorb existing PPD 201, the forthcoming PPD 258, as well as other proposed districts in the area. On certain blocks, petitions have been circulating for a couple years now.

Please let me know the next steps.

Thanks!

Hi Dan -

Sorry for my disappearance on this...

Regarding the expansion to combine 201 and 258 (as it pertains to the Rules and Regs) - if can be done BUT it will need to meet a few requirements.

Due to the distance between the two districts, a minimum of 4 streets are needed to petition for the expansion (any 4 between the two PPDs). If they were closer together and adjacent (see Beachwood Canyon), the boundaries can be changed easily without having to do an expansion.

PPD 201 would transition to a permanent district and PPD 258 would become 201. After the conversion, the process will then be considered as an expansion of PPD 201.

Once all the necessary petitions are received and verified, the process will continue the same as if we were "establishing" a district.

Hope this clarifies things.

Thanks again for your patience,
Felix

PS: I attached an updated map of PPD's, OPD's within CD13

Hi Felix,

Thanks for this. I need a bit more clarification, though. The request to expand PPD 201 is not simply to include PPD 258 in it, it's to expand the boundaries overall. If it makes things easier, we could *not* include PPD 258 in the expansion. But we would like to make PPD 201 a larger overall PPD because there are several blocks directly adjacent or nearby that want PPDs, too.

In other words, it's not just about Cahuenga, it's about several other blocks as well. With that in mind, how do we move forward?

Thanks,

Dan -

Correct - That's how I understood it also but probably didn't convey it in my last email. Either way, the minimum requirement will be the 4 petitioned streets for an expansion. These streets can go in either direction and do not have to be immediately adjacent to or continuous to PPD 201. Therefore, the process will begin with a Letter of Intent from your office, meeting with residents/community to find any alternative options and if nothing else is feasible, issue the petitions.

Whether PPD 258 is incorporated into the expansion has no bearing. Just keep in mind that if it does not get included or expanded itself, it will go away after 1 year (2 years total with extension)

March 29, 2017

Ms. Seleta Reynolds
City of Los Angeles Department of Transportation
100 S. Main St., 10th Floor
Los Angeles, CA 90012

RE: REQUEST TO EXTEND AREA OF PREFERENTIAL PARKING DISTRICT NO. 201

Dear Ms. Reynolds,

Over the past several years, my office has worked with your department and members of the community on multiple requests for Preferential Parking Districts (PPDs), including the creation of two new Temporary PPDs in Hollywood: District 201, which is adjacent to Hollywood Forever Cemetery and was installed in Spring 2016, and District 258, which is adjacent to a forthcoming construction project and is projected to be installed in Spring 2017.

In addition to these new districts, there are residents on many other blocks in the vicinity who have requested PPDs in their areas. In order to adequately address the growing demand for PPDs in Hollywood, **I am formally requesting that PPD 201 be extended as a Permanent PPD with the following geographical boundaries:**

- Sunset Boulevard on the NORTH
- Cahuenga Boulevard on the WEST
- Santa Monica Boulevard on the SOUTH
- Western Avenue on the EAST

Thanks, Felix. FYI, I am working on the letter of intent for Paramount PPD as well as the PPD 201 expansion, which WILL result in some overlap between OVRA and PPD in the future. We can work together to keep it as simple as possible, of course. Your help is much appreciated.

Extension of PPD 201 - Next Steps

Hi Felix and Linda:

It was good seeing you last week. I am re-attaching our Letter of Intent to Extend PPD 201 to be bounded by Cahuenga on the WEST, Santa Monica on the SOUTH, Western on the EAST, and Sunset on the NORTH.

We are open to amending these boundaries but we would like the PPD to be extended to cover a relatively wide swath of Central Hollywood, given the number of requests we receive.

What are the next steps? I believe it would be to hold the community meeting(s). I'm thinking at least one, perhaps two, would be in order. Please advise.

Thanks,

Thanks, Felix. We already did the Letter of Intent to expand PPD 201 (re-attaching again). Do you need a different Letter of Intent? If so, can you let me know precisely what needs to be included?

Additionally, I have lots of community members on various blocks within the expansion that have already gathered signatures and completed petitions for their blocks. Will those petitions be considered valid?

Thank you,

Correct - That's how I understood it also but probably didn't convey it in my last email. Either way, the minimum requirement will be the 4 petitioned streets for an expansion. These streets can go in either direction and do not have to be immediately adjacent to or continuous to PPD 201. Therefore, the process will begin with a Letter of Intent from your office, meeting with residents/community to find any alternative options and if nothing else is feasible, issue the petitions.

Whether PPD 258 is incorporated into the expansion has no bearing. Just keep in mind that if it does not get included or expanded itself, it will go away after 1 year (2 years total with extension)

Hi Dan -

Sorry for my disappearance on this...

Regarding the expansion to combine 201 and 258 (as it pertains to the Rules and Regs) - if can be done BUT it will need to meet a few requirements.

Due to the distance between the two districts, a minimum of 4 streets are needed to petition for the expansion (any 4 between the two PPDs). If they were closer together and adjacent (see Beachwood Canyon), the boundaries can be changed easily without having to do an expansion.

PPD 201 would transition to a permanent district and PPD 258 would become 201. After the conversion, the process will then be considered as an expansion of PPD 201.

Once all the necessary petitions are received and verified, the process will continue the same as if we were "establishing" a district.

Hope this clarifies things.

Thanks again for your patience,
Felix

PS: I attached an updated map of PPD's, OPD's within CD13

RE: REQUEST TO EXTEND AREA OF PREFERENTIAL PARKING DISTRICT NO. 201

Dear Ms. Reynolds,

Over the past several years, my office has worked with your department and members of the community on multiple requests for Preferential Parking Districts (PPDs), including the creation of two new Temporary PPDs in Hollywood: District 201, which is adjacent to Hollywood Forever Cemetery and was installed in Spring 2016, and District 258, which is adjacent to a forthcoming construction project and is projected to be installed in Spring 2017.

In addition to these new districts, there are residents on many other blocks in the vicinity who have requested PPDs in their areas. In order to adequately address the growing demand for PPDs in Hollywood, **I am formally requesting that PPD 201 be extended as a Permanent PPD with the following geographical boundaries:**

- Sunset Boulevard on the NORTH
- Cahuenga Boulevard on the WEST
- Santa Monica Boulevard on the SOUTH
- Western Avenue on the EAST

Please contact Daniel Halden if you have any questions regarding this matter. He can be reached at daniel.halden@lacity.org or (213) 207-3015.

But we would like to make PPD 201 a larger overall PPD because there are several blocks directly adjacent or nearby that want PPDs, too.

Hi Felix,

Per our discussion last week, please see the attached letter from Councilmember O'Farrell formally requesting that Temporary PPD 201 be extended as a Permanent PPD with expanded boundaries.

This would absorb existing PPD 201, the forthcoming PPD 258, as well as other proposed districts in the area. On certain blocks, petitions have been circulating for a couple years now.

Please let me know the next steps.

Hello Council Member,

Can you please enforce the law in your city and send the Police to cite and remove the people camping on our sidewalks, so we can use them. I would like for my guests to feel safe in my area.

The law says NO CAMPERS from 6am to 9pm.

Please enforce the law in your district and protect your citizens.

I will provide daily updates.

Thank you

Max

Hi Chris,

Sorry to email so late on a Friday, but can you let me know on Monday if anyone in CD-13 has responded to the attached PRA request that was sent to Councilmember O'Farrell on May 24, 2017 (see page 26 of 45 of attached pdf)?

I believe we have until Wednesday, June 7, to let Mr. Tsai know whether CD-13 has any responsive document, or whether there are any records that are exempt from disclosure under either the attorney/client or deliberative process privilege.

Just as an FYI - we are currently in litigation on the South LA Farm Project *[Lydia Ponce v. City of LA]* (located at 4051 S. Alameda Street in CD-9), and would like to review all responsive documents/emails before they are sent to Mr. Tsai.

And finally, I spoke to Strefan Fauble, the City Attorney that oversees all PRA requests. He confirmed that all CD-13 staff emails (and personal email accounts, in the event that personal email addresses have or are being used to transact City business), including email accounts for Councilmember O'Farrell, need to be searched as part of the City's standard PRA search protocol. Also, please note that the search also pertains to council files and working copies of any documents related to the PRA.

Here's the list of our standard ITA search terms for CEQA cases that can be used in your email search:

"4051 S. Alameda Project"
4051 S. Alameda Street
"Alameda Farm"
"South LA Farm"
AA-2012-919-PMLA!
ENV-2012-920-EIR!
DIR-2013-887-SPR!

Hey Dan,
Here is a new priority list from Adrian Riskin. He has withdrawn 11 of the pending requests from his list. For these five below, he has amended his request to have you include records through the date you start work on the respective requests.

CD13.2016.11.02.a
CD13.2016.10.14.b
CD13.2016.10.08.a
CD13.2016.10.01.a
CD13.2016.09.28.c
I will be forwarding you a couple other specific emails, including the new request that is now in spot # 2 on the list right after this email.

Also, Strefan is taking over CPRA advice for our office on a going forward basis.

Good morning, Mr. Dundas.

Attached is an updated priority list for CD13 reflecting the changes contained in the emails I sent you just prior to sending this. I can't be sure where CD13.2017.03.25.a ought to be placed as I have no way of knowing what CD13 is working on right now. I placed it just after the first one on the list, but I trust that you will adjust it if that's not the right place for it.

Thanks,

Adrian

If the records are ready for release you should send them to the clerk's office to give to Adrian, along with a determination letter if you are withholding anything. I have attached a new flow chart re: the process.
Strefan, are you available today?

Hi Mike,
Request # CD13.2016.06.23.b is complete; I have documents for you. Is gray mail OK?

We will get started on this new request next. I have a few questions. Are you (or Strefan) available to speak by phone this afternoon? Please advise who/when I should speak to with some questions.

Thanks,

Good morning, Mr. Dundas.

Can you please place this request next on CD13's list, directly after whichever one they're working on presently?

I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request. This should include but not be limited to:

1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456

5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

Thanks!

Adrian

Hi All,
Very true, Vince. Any pruning on public lands must have a permit. Pruning is the wrong term though for what has been perpetrated by OUTFRONT Media on our little public space. The protected by state law California Sycamores had just begun to provide needed shade cover to our community? I don't know who has the responsibility for maintaining the Sunset Triangle Park, but whom ever it is, perhaps it needs to be transferred to a more proactive entity?
Sincerely,
Bobby Peppey

Dear Mitch

Outfront Media, a billboard company, is violating the law in your district and I want you to do something about it.

Outfront hired a tree trimmer to drastically and illegally lop off the tops of several trees at Sunset Plaza in Silver Lake. Why? To make their billboards more visible.

If you don't take action by informing the City Attorney are requesting prosecution, you will convince me that you are in the pocket of the billboard companies.

Please do something!!!

yours cordially

Dear Councilmember Mitch O'Farrell and staff,

I live in Silver Lake in CD 13. A group of my neighbors and myself will be attending the PLUM Committee meeting next Tuesday at City Hall concerning the plague of billboards in
community. Our streetscape is full of ugliness and this ordinance will make a major difference in rectifying this out of control problem. It is time now to finally pass this a substant
billboard ordinance.

After the outrageous and illegal activity of Outfront Media USA in Sunset Triangle Plaza I hope you will support version B+. I am especially disgusted by the activities of Outfront M
USA and its lobbyist Veronica Perez. I hope that your office will work for the people of Silver Lake and not collaborate with the gangsters at Outfront Media USA and its lobbyist Veronica Perez. If it had been a young Latino fellow who desecrated our trees in Sunset Triangle Plaza, I am sure he would be fined and serving time by now, but money talks in t
City Attorney's office regardless of the wishes of the Silver Lake community and its Councilmembers.

I urge you to approve version B+ of the citywide sign ordinance as adopted by the City Planning Commission on Oct. 22, 2015. That version helps protect our communities and neighborhoods because it:

- Restricts all new off-site signs, including digital billboards, to sign districts in a limited number of high-intensity commercial areas.
- Requires the takedown of existing billboards in exchange for new off-site signs in sign district at a ratio that can significantly reduce the number of billboards on the city's commercial streets.
- Establishes a schedule of administrative penalties for sign law violations that will be a real deterrent to companies and property owners who have been willing in the past to flout sign regulati
- Denies any amnesty to billboards without permits or out of compliance with their permits.
- Prohibits billboards, banners and other forms of off-site signage in city-owned parks and recreation facilities.

Sincerely,

Bobby Peppey

An upgrade to this intersection (in front of Sunset Media Center, Palladium, Nickelodeon, etc.) has been approved to ADD a left turn signal. Ballpark estimate per LADOT is $55K.

Perfect timing...was going to suggest we update the spreadsheet! I'm running a balance on the HMTF right now!

can we add this to our "Hollywood Projects" spreadsheet in drive and also, let's mark up at what stage the others are that have been funded or are in que?

State of Hollywood -- Topics

Councilman,

Per your request, here are some possible facts and figures worth mentioning for this week's State of Hollywood. I am CCing Jeanne, Marisol, Chris and Tony should they have any items they think should be added:

Pedestrian Safety

- In its first year of existence (November 2015 to November 2016), the Hollywood & Highland scramble made a dramatic improvement for pedestrian safety. There were ***zero*** pedestrian-related collisions during that entire year.

- Full traffic signals that you have worked on (or are working on) in Hollywood during your first term:
- **Sunset/Las Palmas** – COMPLETED
- **Vine/Waring** – COMPLETED; YOU FUNDED IT (next to Larchmont Charter School)
- **Romaine/Vine** – YOU ARE FUNDING IT **FY 17-18** (next to Vine Street School)
- **Hollywood/McCadden** – ETA FY 17-18
- **Hollywood/Gramercy** – ETA FY 17-18 (part of H-W Streetscape)
- **Hollywood/St. Andrews** – ETA FY 17-18 (funded by 5550 Hollywood Blvd project)
- **Highland/Hawthorn** – ETA FY 17-18 (part of Safe Routes to Schools project)

- There is another signal approved for Western/DeLongpre, but it's part of the Target project so I recommend leaving it out.

- Streetscape Projects:
- **Hollywood Western Streetscape** – beginning construction SUMMER 2017; on Hollywood Blvd b/w Gower and Western
- **Selma Ave Safe Routes to Schools Project** – beginning construction SUMMER 2017; on Selma Ave b/w Hollywood HS and Selma ES

Affordable Housing

- **Selma Community Housing** - opened November 2016 -- 66 units, 100% affordable housing - across the street from Selma Elementary School
- **Hollywood Arts Collective** - Wilcox Schrader Project; project team has been selected to create affordable housing/arts development on city-owned property in the heart of Hollywood
- MOF negotiates affordable units in all projects over which he has discretion
- 900+ affordable units created, constructed or approved since taking office
- Measure HHH recently passed by voters

Historic Heart of Hollywood

- **Warner Pacific Theatre** – MOF has assembled a team to study the feasibility of re-opening the historic theatre – *as a theatre*
- **Wayfinding Signage Project** – A series of wayfinding signage projects are in the works that have brought a lot of different agencies to the table – LA County, LADOT, CD13, and community stakeholders like the BID, Chamber, etc. -- The result will be coordinated signage throughout Hollywood directing vehicles to public parking garages/lots and other areas of interest, as well as pedestrian signage that points people to landmarks throughout Hollywood. The contractor has worked on signage for other cities throughout SoCal including Pasadena (Old Town).
- **Historic Cultural Monuments** – MOF helped designate both the Palladium and Earl Carroll Theatre as HCMs
- Historic preservation is an important topic, particularly in Hollywood, that MOF will continue to address both in individual cases and through Hollywood Community Plan Update, etc.

RELEASE: PROPOSED DEMOLITION OF ECHO PARK BUNGALOWS SPURS NEIGHBORHOOD ACTIVISM, COUNCIL ACTION

Councilmember O'Farrell working with residents, introducing policy to address inconsistent zoning

CITY HALL -- Los Angeles City Councilmember Mitch O'Farrell is encouraging the Echo Park community and historic preservationists to attend a City Planning Commission meeting on Thursday regarding a cultural historic monument status application for a set of pre-World War II bungalows proposed for demolition.

The City Planning Commission will hear the item regarding 1456 Echo Park Avenue on **Thursday, January 19, 10 a.m., at Los Angeles City Hall, 200 N Spring Street, room 1010, Los Angeles, 90012.** The Office of Historic Resource staff is recommending the Commission take the nomination for 1456 Echo Park Avenue under consideration for designation as a Cultural Historic landmark.

News of the proposed development project broke last month. According to City records, an application filed by the developer of 1456 Echo Park Avenue calls for the construction of 12 single-family homes under the city's small-lot development ordinance.

"The proposal to demolish this piece of Echo Park history flies in the face of our preservation efforts, as well as my work to revise the City's Small Lot Subdivision ordinance," said O'Farrell. "In addition, the proposal does not align with my goals to maintain the historic character of our Echo Park neighborhood. I will continue to work with the residents of 1456 Echo Park Avenue to preserve this property, and do my best to make sure they are protected under their rights as renters."

The project, proposed by Bixel House LLC, would require the demolition of seven apartments and the removal of nearly 4,000 cubic feet of earth. Resident Lena Kouyoumdjian is spearheading efforts for the historic cultural monument status.

"I am doing this because I think the bungalows are a rich piece of Echo Park history," said Kouyoumdjian. "It's important to make sure development does not come at the cost of neighborhood character."

The Councilmember supports the residents and their efforts to seek Historic Cultural Monument status for the bungalows. He also plans on introducing a series of motions in the coming days that will address the inconsistent zoning in this area of Echo Park Avenue, and also direct staff to report on preservation recommendations to bolster the protections available to these threatened bungalow courts.

During his first term in office, Councilmember O'Farrell has worked with local communities to designate four additional Historic Cultural Landmarks in the 13th District; a 104-year old Craftsman-style home in Silver Lake; the Black Cat Tavern, also in Silver Lake, birthplace of the LGBT movement; the Hollywood Palladium, a Streamline Moderne Art Deco entertainment venue; and the Tom of Finland House in Echo Park, home of the world-renowned artist with the same moniker.

COUNCILMEMBER O'FARRELL, HISTORIC PRESERVATIONISTS DESIGNATE CULTURAL LANDMARK AT EARL CARROLL THEATRE

Agreement between the Council Office, Essex Property Trust, Hollywood Heritage, and the LA Conservancy secures preservation of an iconic existing structure

HOLLYWOOD -- One of the last remaining examples of modern entertainment venues constructed during the height of the Golden Age will be protected and restored thanks to an agreement that Los Angeles Councilmember Mitch O'Farrell orchestrated between property owner Essex Property Trust, Hollywood Heritage, and the Los Angeles Conservancy.

The Councilmember approved a Historic-Cultural Monument designation for the Earl Carroll Theatre, located at 6230 Sunset Boulevard at Argyle Avenue. The status assists in protecting this National Register of Historic Places eligible building/non-designated local landmark that is significant to the rich history of the 13th District.

"This designation will help to ensure that another historic gem in Hollywood will be preserved and enhanced," said Councilmember O'Farrell. "This investment will continue to establish Hollywood as a world-class, transit-oriented community, while protecting and preserving our unique historical resources."

According to the Nomination and information from Hollywood Heritage, the Earl Carroll Theatre was designed by renowned architect Gordon B. Kaufmann (designer of the Los Angeles Times Building, Santa Anita Race Track, Hoover Dam, Doheny Mansion) and completed in 1938 as an innovative theater-restaurant building, the first to include dining, dancing and stage shows under one roof. The venue became a groundbreaking, glamorous nightclub enjoyed by many Angelenos during the rise of radio and television.

John Girodo, Chair, Preservation Issues, Hollywood Heritage, Inc. remarks, "This has been a longstanding priority issue for Hollywood Heritage and we are genuinely thankful to have had such commendable preservation partners in the Los Angeles Historic Theatre Foundation, the Art Deco Society of Los Angeles , the Los Angeles Conservancy, and indeed the Essex Property team, all working in conjunction with Councilmember O'Farrell and his outstanding staff to achieve a fantastic preservation win, which will ultimately include the return of the building's historic neon signage to the Sunset Boulevard façade."

The Los Angeles Times hailed the building as "the first structure of its kind in the nation," as the technologically advanced theatre included a stage machinery complex not duplicated in any other theatre in America. The Earl Carroll Theatre's runaway success led to the development of other venues in the surrounding area, including Florentine Gardens (1938) and the Hollywood Palladium (1940), which City Council also designated as an HCM last September.

The theatre would later become the club Hullabaloo in 1966; the Aquarius in 1968 for the West Coast premiere of the Broadway stage production "Hair"; and The Center Theatre Group-Mark Taper Forum in the 1970s premiering the acclaimed production of "Zoot Suit." Since 1997 the Nickelodeon television network has leased the building for television studio production, continuing the theatre's rich history as an operating and functional entertainment and production venue.

"The cooperation and engagement of the Council Office, Essex, Hollywood Heritage, and the Los Angeles Conservancy has resulted in upholding the historic integrity of the Earl Carroll Theatre," said Bob Linder, Vice President of Development, Essex Property Trust, Inc.

During his first term in office, Councilmember O'Farrell has worked with local communities to designate four additional Historic Cultural Landmarks in the 13th District; a 104-year old Craftsman-style home in Silver Lake; the Black Cat Tavern, also in Silver Lake, birthplace of the LGBT movement; the Hollywood Palladium, a Streamline Moderne Art Deco entertainment venue; and the Tom of Finland House in Echo Park, home of the world-renowned artist with the same moniker.

MTA Issues

Stuart Bell Thu, Dec 1, 2016 at 5:39 PM
To: Dan Halden <daniel.halden@lacity.org>
Cc: Leon Young <leon.young@whotels.com>

Hi Dan,

Thank you so much for being in touch with me. I like Mitch a lot and am friends with Sheila. My main concern is safety. When they park there they create blind spots and we have a very active street with cars and pedestrians which even without the buses parking there, it is still a bit precarious with the construction going on.

I will say that I think the City should do a better job of requiring developers to provide staffing during the entire construction period to assist cars and traffic. There are mornings where it is almost impossible to get out of our driveway without doing something illegal. If the developer of East Town had a flag person there during peak hours, it would make a huge difference. That person could also help police the street from buses and other parkers who are there illegally. Assuming the Palladium projects gets going, we are going to face some of these same issues.

I hope that this gets resolved and that the bus drivers understand that we all appreciate that they are being inconvenienced but a little inconvenience is a lot better than a pedestrian or driver getting killed.

All my best,
Stuart

Hi Stacy,

Hope all is well. Please see below the email we received this morning.

Let me know if this is something we can assist you with. We do have some No Loitering signs if you'd like some to install on the perimeter of your property.

Please advise.

Thanks,

On my daily trip to L.A Fitness on El Centro I pass one of our treasured Hollywood Landmark's.This past Sunday morning I was more than disgusted to see transients occupying the front entrance. It's bad enough that the area is populated by homeless, but it is totally unacceptable that the entry portion of one of Hollywood's most recognizable tourist attractions isn't off limits to street dwellers. I suggest that the City install signage that no loitering is permitted any time at the entrance to the Palladium.
I ask that you check with the L.A. City Attorney to determine whether my suggestion is enforceable.
Thank You

Hi Dan,

I'm happy to put up 'No Loitering' signs. We do our best to keep the sidewalk clear of homeless when we are in the building. It's more difficult on dark days. I've been told that we can't do anything to remove them from sunset to sunrise though. Is that correct?

Thanks,
Stacey

All,

They are never allowed to set up camp on private property or blocking entrances. Officers won't respond and have them move unless a representative from the property calls. Stacy we do have a trespass letter on file for the Palladium but signage is also required for arrests to be made.

We had the signs up, but they must have come down for an event. We will put them back up and cover the entrance with bike rack. We will start calling when they move in, but we are not here on the weekends if we don't have events. What is the best number to call for this?

Friend --

Recent natural disasters in the Atlantic Ocean, as well as a swarm of seismic activity at the Salton Sea, are good reminders to have a plan in place for your family in case of an emergency.

The City of Los Angeles offers some great resources on ways to map out a plan in case disaster strikes. The Emergency Management Department has developed the 5 Steps to Neighborhood Preparedness program and a 5 Steps to Neighborhood Preparedness Toolkit. The website provides Angelenos with resources and tips to prepare for a potential disaster in their neighborhood, and offers residents suggestions on how to create a Neighborhood Disaster Plan in their community.

Also, for those of you who live along the Los Angeles River, the United States Army Corps of Engineers (USACE) is recommending that Federal Emergency Management Agency (FEMA) update its Flood Insurance Rate Maps (FIRM).

Because of this proposed update, the City of Los Angeles Bureau of Engineering will conduct a community meeting on **Monday, October 17, 2016, 6:30-8:30 pm, at the Friendship Auditorium, 3201 Riverside Drive, Los Angeles, 90027**. Staff from the City of Los Angeles, USACE, the Los Angeles County Flood Control District, the City of Glendale, the City of Burbank and FEMA (if available) will discuss flood zone mapping. Property owners and residents are invited to attend the meeting.

If you have any questions or concerns about the proposed changes to the FIRM or its effect on your property, you may review this information or email the Bureau of Engineering at eng.nfip@lacity.org.

Warm regards,

Mitch O'Farrell

Historic status in Hollywood

Friend --

This week, the Los Angeles City Council unanimously voted to designate the Hollywood Palladium as an Historic-Cultural Monument (HCM). Working in collaboration with the local historic preservation community, I introduced a motion that led the way to recognize this important piece of Los Angeles history. This designation means that any future plans for the site will have to comply with strict guidelines.

The Palladium was built in 1940 and has showcased many legendary artists from Frank Sinatra to Jay Z. The Palladium was also home of The Lawrence Welk Show, and for nearly eight decades, has been a hub for dancing and entertainment in the City of Angels.

In addition to recognizing this important landmark on Sunset Boulevard, the Palladium will be enhanced because of the project planned on the adjacent surface parking lot. Some of the historical benefits that come as a result of the Palladium project include:

- A Palladium Preservation and Enhancement Plan which may include, but not limited to: Improvements to key features such as the lobby doors, ballroom ceiling, ballroom floor, lobby, ballroom chandeliers; and
- A Historic Interpretive Exhibit that will be incorporated at key locations to increase general public and patron awareness and appreciation of the history and significance of Hollywood and the Hollywood Palladium.

These improvements will ensure that one of our historic gems will not only be preserved, but enhanced, so that the Palladium may continue to thrive as an operable and competitive theater in the years to come. This investment will continue to establish Hollywood as a world-class, transit-oriented community, while protecting and preserving our unique historical resources.

For more information on what historic-cultural monument status means, please visit the Office of Historic Resources webpage.

Warm regards,

Mitch O'Farrell

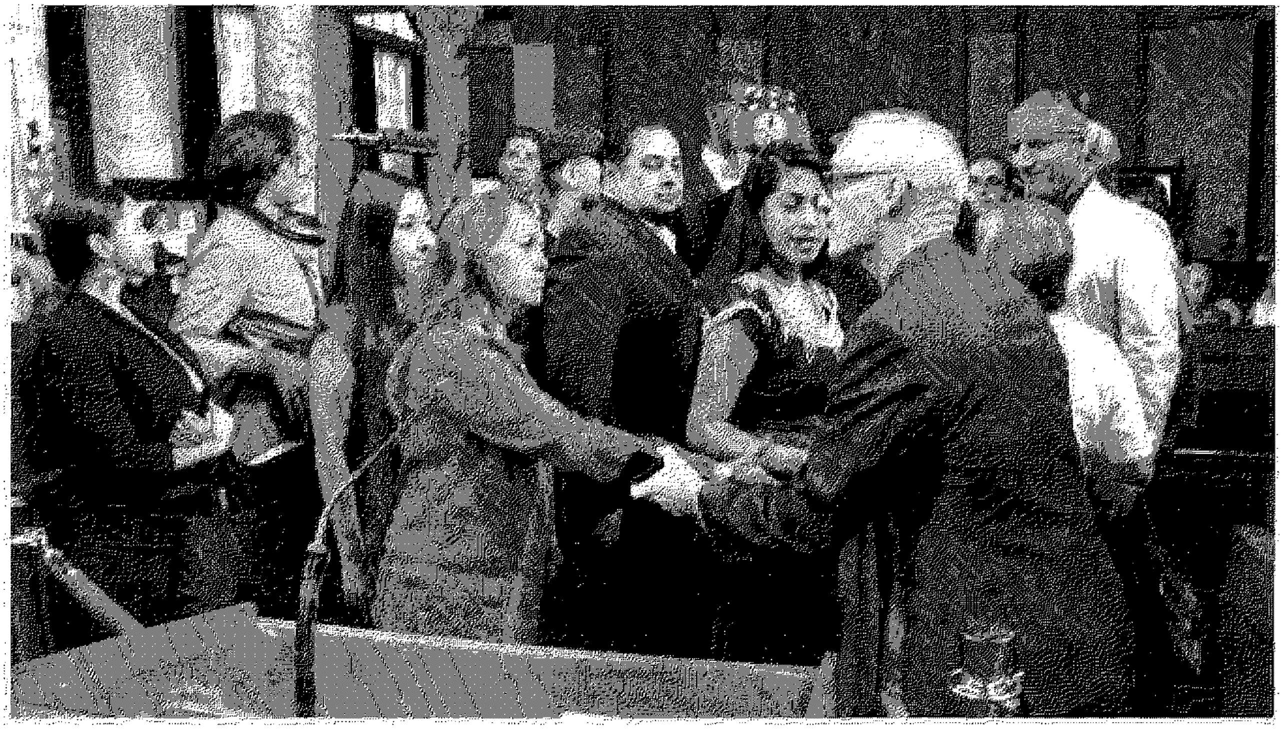
O'FARRELL, LOCAL TRIBAL LEADERS PROTEST CONSTRUCTION OF NORTH DAKOTA ACCESS PIPELINE



CITY HALL -- Los Angeles City Councilmember Mitch O'Farrell expresses his gratitude on Friday to the the tribal leaders who testified in Council regarding O'Farrell's resolution to protest the construction of the Dakota Access Pipeline (DAPL) project. DAPL is a 1,168-mile, 30-inch pipeline that will carry

570,000 barrels of crude oil each day, from western North Dakota to Illinois. The project is expected to cost $3.7 billion dollars.

Dozens of tribal organizations have voiced their concern, saying the pipeline poses a major environmental and cultural threat. O'Farrell, a member of the Wyandotte Nation, says in his resolution that Native Americans anywhere have a right to protect their sovereign resources, and a vote for the resolution would place this issue on the City's official Federal Legislation Program to support the protest of this pipeline project.

Dear Mr. Farrell,

I am very pleased to hear that the Palladium is being designated a historic building, but I must let you know that I (and most of my friends) do not believe the proposed mega-buildings being planned for the adjacent parking lots are an enhancement. Quite the contrary; we believe that they are out of proportion for the neighborhood, will increase the already-gridlocked traffic, do not fit in with the architecture of the neighborhood (specifically the Palladium) and will not do anything to alleviate any so-called housing shortage that you guys keep talking about. (None of these new buildings have affordable housing and are way overpriced). I wish and hope every day that the proposal on the Palladium parking lots does not get approved!

I appreciate getting your email updates and hope you will continue to respect the voices of those of us who have to live her and are about our neighborhoods.

Best,
Suzanna Regos

Dear Suzanna,

Thank you so much for taking the time to write to our office. As Councilmember O'Farrell's deputy for the Hollywood area, I am very pleased to hear that you subscribe to our email updates. Thanks for following us.

Also, thank you for your feedback regarding this issue. As the Councilmember wrote in Friday's e-blast, the Palladium is a cultural icon in Los Angeles and we are very happy with its official designation as an historic monument.

Regarding the planned buildings next to the Palladium (currently a surface parking lot), the structures actually would include covenanted affordable units. As Councilmember O'Farrell has only been in office just over three years, the new residential buildings in the Palladium's direct vicinity were entitled and began construction prior to his term in office, so we had no involvement in that building process. But affordable housing is, has been, and will continue to be one of Councilmember O'Farrell's top priorities, which is why the Palladium project, if built, will include affordable units.

Here is a link to the conditions of approval for the Palladium project: http://clkrep.lacity.org/onlinedocs/2016/16-0106-s1_ORD_184162_5-2-16.pdf

I am CCing my colleague Chris Robertson, our planning director, who can provide more information regarding Councilmember O'Farrell's extensive work on affordable housing policy as well as the creation of actual affordable units within the 13th District. In recent weeks on our social media channels (Instagram & Facebook) we have been highlighting some affordable housing projects in the pipeline throughout the district, including Hollywood.

Please feel free to contact us at any time if you have any questions.

Best Regards,

Hey Tony,

Hope your week is going well. I was wondering if you or the Councilman wanted to talk about the vote on the Palladium's HCM nomination. Also, are you following along with the Sunset Square HPOZ, and if so, can we talk about that as well when you get a minute? Let me know what you think.

Thanks,

Hello sir - please see below, the most updated list of notes/bullets/information for tomorrow night's HUNC event. As you know, we have the list of topics that you provided and will be addressing. Staff has compiled as much information as possible on the various topics. We will also be briefing you tomorrow at 4:30 PM directly after DO Block.

Please let me know if you have any questions. Thanks!

HUNC SPEAKER FORUM
Presented by HUNC + Hollywood Coalition of NCs
Thursday, September 15, 2016
First Presbyterian Church of Hollywood - 1760 N Gower

Event Details

6:30 PM	Doors Open
7:00 PM	Introduction (Susan Swan, HUNC president)
	MOF conversation w/ Linda Deutsch
8:00 PM	Submitted questions from audience
8:15 PM	Closing remarks (Tom Meredith, HUNC)

Event Background

This is the third event in HUNC's "Speakers Series." The first event featured CM David Ryu and his first 100 days in office. The second event featured Controller Ron Galperin, BPW President Kevin James and former Supervisor Zev Yaroslavsky in a discussion on budget & infrastructure.

The point of this event is for Hollywood to **"get to know MOF,"** his background, values, vision and priorities and to hear information on various topics.
On a broader scale, and for wider distribution, the event will be featured on Channel 35 both on their broadcast and digital platforms. The conversation will be framed as a discussion on how the City is serving its constituents, especially as it relates to the topics of public safety, planning reform, affordable housing, and walkability.

LAPD Senior Lead Officers Eddie Guerra, Irv Isabella and Paul Jordan will be on site from 6:30-8:30 PM to help out. Captain Cory Palka may also stop by.

Event Format
MOF will be seated on stage with Linda Deutsch to discuss various topics for approximately 50 or so minutes. Following the discussion, there will be approximately 15 minutes of questions submitted from the audience. There will NOT be a direct Q&A; the questions will be compiled and then asked directly by George Skarpelos, HUNC Vice President.

Main Topics

- **MOF background/personal story**
- **Affordable housing**
    - How to provide seniors, low-income residents and the workforce a place to live
- **Quality of life**

    - Preserving Hollywood's unique character
- **Infrastructure**
    - How we can improve roads, sewers, DWP
- **Planning Reform**
    - Hollywood Community Plan Update
- **Neighborhood Mobility**
    - Traffic, parking, public transportation

MOF Background/Personal Story

(Please add your own personal details as necessary)

- MOF's "Hollywood" story
    - Moving to Hawthorn Ave in 1982, performing, etc. and your experience of Hollywood
    - How Hollywood then vs. Hollywood now informs your experience as Councilmember
    - The path to community activism
        - Project Angel Food, volunteering, GPIA, forming GPNC, etc.
    - More than a decade of service to CD13 prior to being elected as a staffer his predecessor and as a neighborhood advocate in Glassell Park.

Affordable Housing

- Affordable housing crisis - and its residual effects (including homelessness, etc.) one of the #1 crises facing Los Angeles
- One of my top priorities is to build and preserve affordable housing wherever possible - I am committed

to doing this both by setting **policy** for the City in addition to negotiating affordable housing in **current development projects**

- Policy - From a policy perspective I have introduced a series of initiatives aimed at replenishing the Affordable Housing Trust Fund and increasing the City's affordable housing stock, including:
    - Value capture - which would establish an inclusionary housing standard for many types of discretionary projects, especially those requesting a zone change or general plan amendment. Right now, inclusionary housing is negotiated on a case-by-case basis and varies largely by council district and circumstance. This approach would level the playing field across the City and create surety for elected officials, the community and development community.
    - Establishing a permanent revenue source for the Affordable Housing Trust Fund (formerly 25% of CRA "Boomerang" tax increment funds)
    - LA River EIFD (Enhanced Infrastructure Finance District - SB 628 Beall)
    - I also introduced a number of resolutions this year in support of State legislation that would increase affordable housing including:
        - AB 2502 a bill that would authorize the legislative body of any city, county, or city and

        county to adopt ordinances to establish, as a condition of development, inclusionary housing requirements. (This would eliminate uncertainty vis-a-vis the Costa Hawkins Rental Act/*Palmer v. City of LA*.)
        - and SB 1267 which would, under an Ellis Act eviction, provide a one year notice requirement to families who have children enrolled in primary or secondary school.
    - Setting policy at the local level is difficult because I am not on the PLUM or Housing Committees but we are aggressively trying to move forward working with the PLUM chair.
- Current Development - Like I mentioned, I also address affordable housing needs as part of my approach to negotiating current development projects as well.
    - When we review projects that require zone changes or general plan amendments we require some level of affordability
    - Most recent examples include:
        - Palladium Residences which will include nearly 40 units of covenant-restricted units for 55 years (50-120% AMI),
        - And the Rescore project that will include 20 covenanted units for 55 years.
        - We just approved the Hudson Pacific project that included a $1.75 m development agreement with

$1 m committed to the affordable housing trust fund - the first 100% office project in the City to commit funds to affordable housing.

- **RFP at Wilcox Schrader for more affordable units**
- CD13 has **670** affordable units in the pipeline or completed since MOF took office
- In addition to projects where CD13 has discretionary approval (and can negotiate for affordable units), there are also several projects that are 100% affordable or low-income, including:
  - **BEVERLY TERRACE [BEVERLY/VIRGIL]**
  - **MERIDIAN APARTMENTS [VERMONT/BEVERLY]**
  - **SELMA COMMUNITY HOUSING [SELMA ELEMENTARY]**
  - **5400 HOLLYWOOD [NEAR WESTERN]**
  - **PATH METRO VILLAS Address: 345 N. Westmoreland (Phase 1)- 100% affordable housing project, with 65 units including 51 Permanent Supportive Housing units for people experiencing homelessness**
- We have a process for creation of affordable housing in CD13, but we need a strong citywide policy.
- Regarding **seniors,** CD13 has several senior housing complexes and centers, including in Hollywood, and is committed to providing as many resources to them as possible.

- In Hollywood, some of the senior centers or residences include:
  - Las Palmas Senior Center (operated by RAP)
    - MOF has been there several times and helped out with various improvements
  - Tom Safran & Associates Housing:
    - Montecito
    - Hollywood El Centro
    - Hollywood Fountain North & South
- CD13 hosts an annual Senior Resource Fair which connects our senior community to a variety of resources, information, organizations and services. We held our 2016 senior fair just last week.
- For the last 10 years, MOF has worked on the creation of the **Echo Park Senior Center,** which was a major priority and opened last year.

Quality of Life

- Quality of life is directly tied to public safety, and MOF believes in everyone's right to have a clean, safe, pleasant neighborhood to live, work or play.
- CD13 has strong relationships with LAPD and Department of Public Works to help reach that goal.
- CD13 contracts with the Los Angeles Conservation Corps (LACC) to fund two "clean teams" throughout the district: one that services the LA River, and one that

cleans and maintains our streets and neighborhoods throughout the district, 5 days/week.

- Our clean team has participated in countless beautification projects throughout the district, and we regularly post “Before and After” photos on social media.
- In Hollywood, from a quality of life standpoint we are focused on beautification and historic preservation. Some efforts include:
  - Hollywood Western Streetscape (Hollywood Blvd b/w Gower & Western) ETA 2017
    - Trees, curb extensions, 2 new full signals, etc.
  - Hollywood Transit Crossroads (portions of Highland, Vine & Sunset) ETA 2017
    - Transit-related improvements, including lighting, to bus stops
  - Identified funding for tree trimming on various corridors including El Centro Ave (b/w SMB & Melrose) and the Sunset/Cherokee area
  - Major tree trimming projects in East Hollywood area in 3 grids:
    - 1) Hollywood Blvd on the north, Sunset Blvd on the south, Western Ave on the west, Edgemont St on the east
    - 2) Fountain Ave on the north, Santa Monica Blvd on the south, Normandie Ave on the west, Edgemont St on the east

        - 3) Melrose Ave on the north, Beverly Blvd on the south, Normandie Ave on the west, Hoover St on the east.
    - Official designation of Hollywood Theatre Row and possible streetscape improvements here (working with Caltrans, etc.)
    - Possible restoration of the old CRA curb extensions on Hollywood Walk of Fame, plus activation with tables, chairs, art, etc.
    - Feasibility study for historic preservation and re-opening of Warner Pacific Theatre - *as a theatre*
    - Worked to revamp the City's Arts Development Fee to unlock funding for arts projects, murals, and programming citywide

Infrastructure

- MOF member of Public Works AND Energy & Environment Committees
- DWP
    - Water rate increase was passed to allow for **investment in the city's deteriorating pipes**
    - Reform at the department will allow for **less bureaucracy** and swift decision making to better serve LA customers
    - New DWP service center (including community room) will be coming soon to Cole Ave in Media District (ETA construction winter 2016-17)

- Sidewalk Repair Policy
  - The City will be spending $1.3B over the next 30 years for sidewalk repairs required for ADA compliance.
  - While the policy has not yet been finalized, the Council is currently working with City staff to develop the Citywide repair program.
  - The basic framework involves the City adopting a **"Fix and Release"** policy whereby the City fixes sidewalks and release them back to the responsibility of the adjacent property owner.
  - The City will only be spending up to $20,000 per sidewalk.
  - The City will provide a warranty of 20 years for sidewalks adjacent to residential properties and 5 years for sidewalks adjacent to commercial/industrial properties.
  - In developing this policy, your priorities include:
    - Getting sidewalks fixed as fast as possible
    - The use of alternative, drought friendly/permeable/green materials
    - Preservation and proliferation of the urban forest.
    - Limiting the cost burden on low income property owners
- Street Resurfacing in Hollywood

  - Many of Hollywood's streets are in relatively decent shape and major corridors are resurfaced fairly regularly, some recently. Notable exceptions include Santa Monica Blvd (owned by Caltrans) and some of the older concrete streets.
    - This year, CD13 did work with BSS to resurface and reconfigure Cahuenga Blvd (b/w SMB & Melrose) in the Hollywood Media District, notably improving the pedestrian environment and street quality.
- Hollywood Mobility Trust Fund
  - Certain developments - depending on the project - have paid into this CD13 Public Benefits Trust Fund account which can then be used to fund various mobility-related improvements, including anything from traffic signals (like Vine/Waring) to sidewalk repair, etc.

Planning Reform

Citywide Planning reform

- Presently, 29 out of 35 Community Plans are older than 15 years.
- My colleagues and I introduced a motion earlier this year directing the Planning Department of come up with an aggressive strategy to update our community plans.

- Currently, our goal is to bring each of the City's plans up to date within a **10 Year Timeframe.**
- To do this, we have increased the funding for the Community Plan program as part of the adopted FY 2016-17 budget.
- That said, the Planning and Land Use Management Committee is currently in the process of working with the Planning Department to see if we can decrease the ten year timeframe to six years.
- We know that one of the reasons we see so many general plan amendments and zone changes, is because the City has not historically allocated the resources it needs to policy planning.
- My colleagues on the City Council and I, along with the Mayor have taken the steps we need to make sure this changes immediately.

(segway to Hollywood Community Plan Update)

- As many of you know, the Hollywood Community Plan Update is one of the first plans that we are in the process of updating and it also happens to be THE oldest community plan in the City.
- Hollywood's current community plan dates back to 1988 and is one of the oldest in the City. It was adopted well before the addition of the Red Line and the current investments into the area.

- My staff and I are working closely with the Planning Department to update the Plan as quickly as possible.
- We held the public scoping meeting on May 17th for the Hollywood Community Plan Update. This was an important "kick off" milestone.
- The City extended the public comment period in order to make sure we had EVERY opportunity to solicit public comments on the scope of the EIR.
- Drafting of the EIR is now currently underway based on feedback provided by the public.
- As some of you may know, the EIR will include an updated traffic study and nexus study that will identify traffic impact fees.
- It will also include updated population numbers and SCAG just released its updated population projections in April, so the City will have the best available information to make an informed decision.
- The Planning Department plans to have the Draft EIR released in **January 2017,** with the formal public hearing process beginning shortly thereafter - which will include hearings before a Hearing Officer, City Planning Commission and finally City Council
- We are on target to complete this process and adopt a plan by **Summer 2017.**
- As part of the update, I intend to make some **very targeted amendments** to the plan we rescinded in 2012 to incentivize the development of affordable

housing; protect and preserve our unique **historic/cultural resources** and foster investment in **Hollywood Theatre Row** along Santa Monica Blvd.

- Density/development
    - Much of the major development that has occurred or been proposed (Palladium, Millennium, the Eastown projects) occurred on surface parking lots.
    - Smart density and development should be constructed around public transit and should include an affordable component.
    - Our housing stock is very low and Hollywood is, more than ever, a walkable neighborhood where residents enjoy the pedestrian environment with resources concentrated nearby.
- **HOT-BUTTON ISSUES THAT MAY COME UP:**
    - Yucca/Argyle site (Champion)
        - Developer has proposed evicting (via Ellis Act) the residents from the 45 units and replacing it with a large, mixed-use project including a residential tower and a hotel.
        - CD13 sent a strong message to the developer that we do not support the current proposal. Our biggest concern is the displacement of the residents, many of whom have lived at the property for decades.

- 1850 Cherokee
    - Conversion of former RSO building to boutique hotel (vs. demolition and replacement with a condo project)
    - Matter is currently being litigated (Sylvie Shain & her group sued the City)
    - Residents were evicted via Ellis Act prior to MOF taking office
    - Developer cannot be forced to re-rent the property; though CD13 is not supportive of residential-to-hotel conversions (and has denied them in the past) this was a different case because the building was already vacant, and we did not want to see it be demolished.

Mobility

- Best to NOT address Hollywood Mobility Fund
- Since MOF took office, the following FULL traffic signals have been approved or installed in Hollywood:
    - Sunset/Las Palmas - **installed**
    - Vine/Waring - **installed**
    - Selma/Gower - **installed**
    - Hollywood/McCadden - **ETA 2017**
    - Hollywood/Gramercy - **ETA 2017**
    - Hollywood/St. Andrews - **ETA 2017**
    - Highland/Hawthorn - **ETA 2017**
    - Western/De Longpre - **ETA TBD (Target)**

- Parking
    - Hollywood is well-served by parking, both private and public lots as well as meters. The problem in most cases is the cost.
    - CD13 worked with LADOT to lower the cost of parking for the first two hours at two public parking garages: Vine St and Cherokee Ave. Since Dec. 2014, the cost for each of the first two hours is $2/hour (matching the parking meters on the street).
    - MOF does NOT unilaterally support under-parking buildings as a means of "forcing" people to use transit.
- Traffic
    - Use the 1982 example: traffic was always bad in Hollywood.
    - Hollywood Scramble at Hollywood/Highland to improve intersection crossing conditions for both pedestrians and vehicles
    - Traffic due to construction: My staff works regularly with LADOT, BSS, contractors, stakeholders, etc. to achieve as much coordination as possible
- Public Transportation
    - Hollywood is well-served by Metro rail and bus lines, as well as the LADOT DASH service
    - LADOT is currently considering changes to DASH routes, including the Hollywood route. The current proposal would **eliminate Franklin Avenue in**

favor of Hollywood Blvd. Public comment is open until the end of the month, and we encourage everyone to weigh in, particularly the seniors and others who rely on DASH service.

- Bicycles
  - There will be a Metro Bike Hub opening at Hollywood/Vine (to take advantage of the Red Line station) ETA late 2016. There will be space to store 62-64 bicycles.
  - Hollywood is slated to get the Metro Bike **SHARE** program ETA 2019, although hopefully sooner. Current schedule for rolling this out: Phase 1 was Downtown (2016), Phase 2 is Pasadena (2017), Phase 3 is Koreatown/Westlake/MacArthur Park (2018), followed by Hollywood.

Hi Dan,

I have been working with Live Nation for the past six months on their community engagement efforts, focusing primarily in Los Feliz. Now that the Greek season is winding down, I will be working more closely with Stacey at the Palladium. You are already very familiar with her, I am sure, as she has been involved in Hollywood organizations and she has been proactive in resolving neighborhood concerns.

I will be making the rounds at Hollywood Neighborhood Councils and working with Stacey to continue Live Nation's involvement in the community. I wanted to give you a heads up so you know what I am up to, lurking in Hollywood.

Take care,

Jeanne,
I would like to amend my request so that it includes the calendar dates up to the date you process the request. In other words, I sent the request in March. If you believe the public is not entitled to public records regarding upcoming meetings, and also wait until April or May to fulfill my March request, the schedules provided by your office should also include April and/or May, since those will no longer be upcoming dates.
Thank you so much,
Jennifer Barbosa

Jennifer:

This letter is in response to your request received on March 22, 2017 seeking records pertaining to calendars and vacation/sick hours, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c).

Unusual circumstances exist because of:
(1) the need to search for and collect the records from field facilities or other establishments that are separate from this office;
(2) the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request;
(3) the need to consult with another agency or among two or more components of this agency having a substantial interest in the determination of the request; and
(4) the need to compile data, to write programming language or a computer program, or to construct a computer report to extract data.

In addition, in regards to your calendar request:
1. Some of the calendar entries are exempt from production under California Government Code 6254(k) because they are attorney-client privileged.
2. Similarly, calendar entries that contain employee personnel information will be withheld or partially redacted because they are exempt under California Government Code section 6254(c).
3. Some of the requested calendar entries are exempt because they are not public records subject to release under the CPRA. In this instance, those calendar entries relate to purely personal events, like doctor appointments, that are wholly unrelated to governmental activities and they are exempt from release under the balancing test provided in section 6255.
4. Portions of the responsive information will be redacted from the requested materials pursuant to Government Code Sections 6254(c) and 6255, which permits redaction of the personal contact information belonging to private citizens because the public interest served by not disclosing the record and protecting individuals' privacy interest in their personal information clearly outweighs the public interest served by disclosure of the record.
5. Forward looking calendar entries are exempt from release. These calendar entries are still in draft form and have yet to be finalized. Until such time as the meetings take place the entries are exempt under Government Code Section 6254(a) and Government Code Section 6255 because the public interest served by not disclosing the records clearly outweighs the public interest served by their disclosure. There is a strong public interest in avoiding the confusion that would result when incorrect versions of a document are released. The desired avoidance of confusion, coupled with the promised future release of the final calendars, support the withholding of these records at this time.

Vacation and sick time records are maintained by the City Clerk's Office, which handles payroll services for all council offices. You should make a request for those records to the city clerk through
http://clerk.lacity.org.

We expect to make a determination concerning your request on or before April 14.

Thank you for your cooperation.

Dave,

I am writing to request a meeting with the Councilman and my client, OUTFRONT Media. We would like to discuss recent unfortunate events regarding the tree trimming incident in Silver Lake. Of course we will accommodate his schedule, but FYI Ryan Brooks, Vice President of Government Affairs for the Company will be in town next Tuesday afternoon and all day Wednesday.

Many thanks for your consideration!

Dave,

I am writing to request a meeting with the Councilman and my client, OUTFRONT Media. We would like to discuss recent unfortunate events regarding the tree trimming incident in Silver Lake. Of course we will accommodate his schedule, but FYI Ryan Brooks, Vice President of Government Affairs for the Company will be in town next Tuesday afternoon and all day Wednesday.

Many thanks for your consideration!

Hi All,
Very true, Vince. Any pruning on public lands must have a permit. Pruning is the wrong term though for what has been perpetrated by OUTFRONT Media on our little public space. The protected by state law California Sycamores had just begun to provide needed shade cover to our community? I don't know who has the responsibility for maintaining the Sunset Triangle Park, but whom ever it is, perhaps it needs to be transferred to a more proactive entity?
Sincerely,
Bobby Peppey

Dear Mitch

Outfront Media, a billboard company, is violating the law in your district and I want you to do something about it.

Outfront hired a tree trimmer to drastically and illegally lop off the tops of several trees at Sunset Plaza in Silver Lake. Why? To make their billboards more visible.

If you don't take action by informing the City Attorney are requesting prosecution, you will convince me that you are in the pocket of the billboard companies.

Please do something!!!

yours cordially

Dear Councilmember Mitch O'Farrell,

Thank you for your efforts towards a resolution of the vandalism perpetrated by OutFront Media USA to Silver Lake's trees in and around Sunset Triangle Park and Polka Dot Plaza. The SLNC urges and advises your office to pursue the following actions concerning these acts of vandalism:

1) Seek a Memorandum of Agreement (MOA) between Councilmember O'Farrell's office and the City Attorney's office and Outfront Media USA that stipulates that Outfront Media USA and its sub-contractors will refrain from ever impacting our trees in Silver Lake in any way in the future but not limited to the following, such as trimming, pruning, topping or poisoning (yes the use of poison has been documented as a practice employed by billboard corporations in the past to destroy trees blocking the view of their respective billboards).

2) Seek charges of vandalism and or charges concerning any other violations of City ordinances or City guidelines that may have been perpetrated by Outfront Media USA, its executives and its sub contractors, by the City Attorney's office.

3) Outfront Media USA must also be held liable for the cost of the replacement of up to nine trees with healthy trees of the same age and height as they were all topped which is a violation of the City's Urban Forestry's guidelines that must be followed when a permit is given. Of course no permit was applied for by or granted to Outfront Media USA or its sub contractors in this case. Topping of trees is forbidden in the Bureau of Street Services guidelines.

4) An additional shade element such as umbrellas for the seating area in Polka Dot Plaza fronting on Morning/Nights Cafe and Pine and Crane restaurant as desired by the Silver Lake Improvement Association (SLIA) to be provided by Outfront Media USA.

5) The use of Outfront's billboard atop El Condor for public service announcements by Silver Lake stakeholders has also been brought up as another proposal.

6) That Silver Lake stakeholders be allowed a place at any negotiations concerning the vandalism perpetrated by Outfront Media USA between the City and Outfront Media USA executives to include two representatives from the Silver Lake community to be chosen by the SLNC Governing Board, in addition to Genelle Le Vin, president of SLIA.

Sincerely,

Heather Carson, Co-Chair
On behalf of the SLNC

Joseph Ferrell, Co-Chair
On behalf of the SLNC

I certify that this statement represents the official position of the Silver Lake Neighborhood Council.

Dear Councilmember Mitch O'Farrell and staff,

I live in Silver Lake in CD 13. A group of my neighbors and myself will be attending the PLUM Committee meeting next Tuesday at City Hall concerning the plague of billboards in
community. Our streetscape is full of ugliness and this ordinance will make a major difference in rectifying this out of control problem. It is time now to finally pass this a substant
billboard ordinance.

After the outrageous and illegal activity of Outfront Media USA in Sunset Triangle Plaza I hope you will support version B+. I am especially disgusted by the activities of Outfront
USA and its lobbyist Veronica Perez. I hope that your office will work for the people of Silver Lake and not collaborate with the gangsters at Outfront Media USA and its lobbyist
Veronica Perez. If it had been a young Latino fellow who desecrated our trees in Sunset Triangle Plaza, I am sure he would be fined and serving time by now, but money talks in
City Attorney's office regardless of the wishes of the Silver Lake community and its Councilmembers.

I urge you to approve version B+ of the citywide sign ordinance as adopted by the City Planning Commission on Oct. 22, 2015. That version helps protect our communities and neighborhoods because it:

- Restricts all new off-site signs, including digital billboards, to sign districts in a limited number of high-intensity commercial areas.
- Requires the takedown of existing billboards in exchange for new off-site signs in sign district at a ratio that can significantly reduce the number of billboards on the city's commercial streets.
- Establishes a schedule of administrative penalties for sign law violations that will be a real deterrent to companies and property owners who have been willing in the past to flout sign regulati
- Denies any amnesty to billboards without permits or out of compliance with their permits.
- Prohibits billboards, banners and other forms of off-site signage in city-owned parks and recreation facilities.

Sincerely,

Bobby Peppey

Since this particular strip of land is adjacent to the entrance to the 101 freeway, it is very congested, especially during business hours.

Also, since this block is predominantly, if not entirely, commercial, have they considered working overnight, when there are fewer commuters?

Jeanne,
I'd like to review all your staff's communications, including texts and emails on both personal and city phones, and notes from meetings and phone calls, regarding the closure of the two lanes of eastbound traffic on sunset blvd., referenced in the below email.
Thank you,
Jennifer Barbosa

They don't even appear to actually be working on two lanes, but are blocking both lanes, despite the inconvenience to drivers, bikers and pedestrians. Since this particular strip of land is adjacent to the entrance to the 101 freeway, it is very congested, especially during business hours.

To: Tony Arranaga <tony.arranaga@lacity.org>

Mr Arranga:

Since the councilman does not have a portal for public records - or use the term in the entire website - I am sending this records request to you.

In accordance with todays CA Supreme Court ruling to include personal email accounts in public records, I am submitting the following requests for any and all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act. Ill remind you of the key provisions:

6253.1. (a) When a member of the public requests to inspect a public record or obtain a copy of a public record, the public agency, in order to assist the member of the public make a focused and effective request that reasonably describes an identifiable record or records, shall do all of the following, to the extent reasonable under the circumstances:
(1) Assist the member of the public to identify records and information that are responsive to the request or to the purpose of the request, if stated.
(2) Describe the information technology and physical location in which the records exist.
(3) Provide suggestions for overcoming any practical basis for denying access to the records or information sought.

The records I request are:

ALL records [all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act] in which my I, Jay (John) Marose and/or M West Holdings (and their properties and employees, past and present) is discussed or addressed - whether directly or indirectly - from 1 Jan 2014 to Today, March 2, 2017 by staff, past and present, public and private - in accordance with todays Supreme Court ruling. This includes correspondence between 3rd parties about these subjects, their interests or activities. For instance, complaints made to LAPD passed to CD13 about Jay or M West Holdings, their employees and properties, would be germane to this request.

ALL records [all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act] between CD13 and the HPOA - the business improvement districts for Hollywood Blvd and Sunset/Vine regarding the HPOA program with the Hollywood Arts Council to paint electrical boxes in the BID as well as the arts project I brought to HPOA to paint rolling shutters on Hollywood Blvd (regardless of the name used, as outlined in 6253.1.1). This includes correspondence between 3rd parties about these subjects, their interests or activities. For instance, CD13 corresponding with Erik Kaizer or Steven Tronson, would be germane to this request. Dates Jan 1 2014 - Today, March 2, 2017.

Yours,
Jay Marose

Subject: Records Request
To: Tony Arranaga <tony.arranaga@lacity.org>

Mr Arranga:

Since the councilman does not have a portal for public records - or use the term in the entire website - I am sending this records request to you.

In accordance with todays CA Supreme Court ruling to include personal email accounts in public records, I am submitting the following requests for any and all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act. Ill remind you of the key provisions:

6253.1. (a) When a member of the public requests to inspect a public record or obtain a copy of a public record, the public agency, in order to assist the member of the public make a focused and effective request that reasonably describes an identifiable record or records, shall do all of the following, to the extent reasonable under the circumstances:
(1) Assist the member of the public to identify records and information that are responsive to the request or to the purpose of the request, if stated.
(2) Describe the information technology and physical location in which the records exist.
(3) Provide suggestions for overcoming any practical basis for denying access to the records or information sought.

The records I request are:

ALL records [all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act] in which my I, Jay (John) Marose and/or M West Holdings (and their properties and employees, past and present) is discussed or addressed - whether directly or indirectly - from 1 Jan 2014 to Today, March 2, 2017 by staff, past and present, public and private - in accordance with todays Supreme Court ruling. This includes correspondence between 3rd parties about these subjects, their interests or activities. For instance, complaints made to LAPD passed to CD13 about Jay or M West Holdings, their employees and properties, would be germane to this request.

ALL records [all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act] between CD13 and the HPOA - the business improvement districts for Hollywood Blvd and Sunset/Vine regarding the HPOA program with the Hollywood Arts Council to paint electrical boxes in the BID as well as the arts project I brought to HPOA to paint rolling shutters on Hollywood Blvd (regardless of the name used, as outlined in 6253.1.1). This includes correspondence between 3rd parties about these subjects, their interests or activities. For instance, CD13 corresponding with Erik Kaizer or Steven Tronson, would be germane to this request. Dates Jan 1 2014 - Today, March 2, 2017.

Yours,
Jay Marose

Utility Box Art - Sunset & Vine

Hello Dan,

Sorry we've been playing phone tag! I thought I'd shoot you an email to catch you up on where we are with our utility box public art project for the Sunset & Vine BID.

As you may recall, we announced our "call for artists" back in July. We received 48 submissions from local artists and, with the help of our Streetscape & Planning Committee and Sunset & Vine BID board, have narrowed the submissions down to our top 2 artists.

Attached you will find examples of each of the artist's work. These are just examples to show their style, technique, and creative direction. Once we select our preferred artist, the Do Art Foundation will work with them directly to curate 10 unique pieces with direction from the BID and CD13.

Per the utility box guidelines established by DOT, we must receive approval and sign off of final artwork from CD13 to proceed. Do you have any thoughts on our top 2 artists? With your direction, we will make our final selection and proceed with curating the 10 artworks.

Please give me a call if you'd like to discuss further!

Best,

Hi Matthew,

Thanks for sending. No super strong feelings regarding either artist, although we reviewed it internally and Artist #2 feels la bit more "Hollywood."

Our suggestion/advice would be that the artwork is really geared toward Hollywood specifically. One thing that folks always seem to like to see is representation of Hollywood's history, so it might be neat to see that incorporated into the art for the boxes.

Keep me posted!

Hello Dan!

I am happy to report that we are ready to proceed with the next steps of approval for our Sunset & Vine utility box art project. We moved forward with artist #2 (Paige Emery) and have been busy refining the artist's work with direction from our streetscape committee and executive board.

As a reminder... we commissioned a local artist with the help of the Do Art Foundation to create 10 original artworks for the District, which feature all-local bands who play in Hollywood. The paintings will be captured in high resolution and professionally printed/installed on 3M vinyl wrap. We plan to exhibit the art installations for one year. Attached you will find a presentation which outlines the project, including the artist's biography/statement, the utility box locations, and proposed artwork.

As you know, the artwork must be approved by the Council Office in order to proceed. If approved, CD13 would then forward the request to LADOT for final review and approval. I have attached a similar request letter from CD14 for reference, in case it's helpful.

Please let me know if you have any questions or need anything else from me!

They are the final paintings, but once we capture the paintings in high resolution, we plan to do some slight editing in Photoshop in order to tone down some of the contrast/saturation. Specifically, I'd like to soften paintings #2 and #3.

Hi Dan,

We're proceeding with our utility box art project for Hollywood Boulevard (Walk of Fame). We received 45 submissions from local artists and, with the help of our Streetscape & Planning Committee and HPOA Board of Directors, have narrowed the submissions down to our top 2 artists.

Attached you will find examples of each of the artist's work. These are just examples to show their style, technique, and creative direction. Once we select our preferred artist, the Hollywood Arts Council will work with the artist directly to curate 10 unique pieces with direction from the BID.

Per the utility box guidelines established by DOT, we must receive approval and sign off of final artwork from CD13 to proceed with installation. Do you have any thoughts on our top 2 artists? With your direction, we will make our final selection and proceed with curating the 10 artworks for final approval.

I think you'll agree that these works are a bit more "Hollywood-centric" in traditional terms. Let me know what you think.

PS – can't thank you enough for the letter!

Best,

MATTHEW SEVERSON

The Hollywood Roosevelt Hotel opened its doors on May 15, 1927, and is the oldest continually operating hotel in Los Angeles.

The first Academy Awards ceremony was held here on May 16, 1929, inside the Blossom Ballroom.

The mural at the bottom of the hotel's Tropicana Pool was painted by David Hockney in 1987.

– Artist Explanation –

- Photograph the angles of significant locations on the Boulevard that can't be seen from street level.
- Would help to build interest about the location that many may just walk past.
- Will include three written pieces of information, either historical or trivial.
- A QR code on each box could link to the location's website.

Hi Dan,

I was hoping you could forward this along to your social media team. We're trying to get the word out about our call to artists for the Hollywood Boulevard utility box artwork program – is this something you can help with? Even a Twitter mention would be fantastic, we're trying to reach as many local artists as possible!

Thank you in advance,

Re: LADOT Cabinet Signal Art Installations – CD13/Sunset & Vine BID

Dear Ms. Reynolds,

Across the city, many LADOT signal cabinets are adorned with decorative displays by local artists. These works of art add unique flair to the various neighborhoods of the City, and have proven quite popular with various communities and stakeholders.

Recently, the Sunset & Vine Business Improvement District (BID), which oversees part of central Hollywood's commercial corridor, has worked with local artist Paige Emery and the non-proft DO Art Foundation to design displays for 10 signal cabinets in the Hollywood area, at these locations:

Sunset/Wilcox
Sunset/Cahuenga
Sunset/Ivar
Sunset/Vine
Sunset/Argyle
Sunset/Van Ness
Selma/Vine
De Longpre/Vine
Fountain/Vine
Lexington/Vine

My office has approved these locations, the artist and the attached designs provided by the BID. The art has been created following the specific conditions of the LADOT program for decorative displays on traffic signal cabinets.

We respectfully submit the attached designs to the Department of Transportation for final review and approval. Please contact Daniel Halden of my staff at daniel.halden@lacity.org or (213) 207-3015 upon approval of the submitted designs.

[Artist]

Paige Emery is a Los Angeles-based artist with a Bachelor's Degree in Fine Arts from Laguna College of Art and Design. While attending the university she received classical training in representational painting. Today she adds to her repertoire by incorporating abstract paintings with bold colors and expression. Emery employs oil painting to capture moments of truth among people she loves and meets in artistic and musical communities, emphasizing the rawness and honesty with expressive brushstrokes. While her specialty lies in figurative oil painting, she also combines her love for art and music by designing artwork for albums and posters for bands. Previous exhibitions include the Hibbleton, Gallery in Fullerton, Vintage Poster Gallery and Forest and Ocean Gallery in Laguna Beach, Lolipop Records in Los Angeles, and Elliot Bay Book Company in Seattle.

[Artist Statement]

In a world where mainstream and commercial products easily gain success while independent artists and businesses struggle for recognition, I aim to shine a light on lives trying to make an impact with their music despite that system. I document a culture of Los Angeles that is not conventional and superficial, but an artistic community of underrated talent struggling to make it while following their passion to create and share art and music- something underappreciated and undervalued now more than ever. Los Angeles has an energy drawing people together to create. For this project I intend to expose the richness of bands that are shaping this sprawling metropolis by capturing moments that symbolize the changing way that music is affecting the world.

For each chosen band, I listened to their music while painting them. Each painting was expressively rendered to depict the mood and emotion I interpreted the band to emit. Incorporating vibrant geometrical shapes allowed the subject matter to merge with their environment.

LOS ANGELES DEPARTMENT OF TRANSPORTATION POLICY FOR DECORATIVE DISPLAYS ON TRAFFIC SIGNAL CABINETS

The Los Angeles Department of Transportation (LADOT) oversees the display of decorative designs on the exterior of traffic signal cabinets purchased and maintained by the City of Los Angeles. Displays are limited to signal cabinets located on public right of ways, excluding railroad crossings and locations restricted by safety regulations contained in the California Manual of Uniform Traffic Control Devices.

Prior to installation, the proposed decorative design, locations and duration for display must be approved by the appropriate City Council Office responsible for the district area. The Council Office must subsequently forward the request to the LADOT General Manager or his/her designee for final review and approval. Final approval will be based on compliance with safety regulations and impacts on the functionality of the signal cabinet. LADOT will notify the Council Office of its final approval or concerns within 3 business days.

All decorative displays must use environmentally preferred paints or adhesives with low volatile organic compounds. The décor may not puncture, etch, bend or otherwise alter the dimensions and integrity of the traffic signal cabinet. Additionally, the display must not cover or obstruct cabinet air vents, door handles, key holes, hinges, and seams.

The City has the right to reject any display that contains language or images that:

- infringe upon a registered trademark, patent or copyright;
- advertise for a financial benefit or commercial purpose;
- resemble a traffic control device or regulatory sign;
- contain reflective material, mirrors, or causes a glare;
- campaign for specific legislation, or the election or recall of a public official;
- promote violence, nudity, illegal drugs, deviant behavior or an illegal activity;
- portray acts deemed obscene, vulgar, profane, or scatological;
- denigrate a specific group based on ethnicity, national origin, age, disability, religion, gender, or sexual orientation;
- denigrate the military, law enforcement, fire rescue and support, government services, or public officials;
- denigrate animals or any living creature protected under the Federal Endangered Species Act.

The decorator will be responsible for all costs associated with the installation, repair, replacement or removal of a display. If any damage is caused to the exterior of a signal cabinet as the direct result of the decorator's installation or maintenance of the display, the decorator will be responsible for the costs necessary to restore the cabinet to a functional condition.

The decorator may be instructed to remove a display from any traffic signal cabinet at the direction of City Council, City Council Office responsible for the district area or LADOT (upon advance notice to City Council or appropriate Council Office). Removal shall take place within 24 hours from the time of notification. If the decorator fails to comply with the removal instruction, the City may remove the display and seek cost reimbursement from the decorator.

Public Art - Call for Artists

To: Daniel Halden <daniel.halden@lacity.org>

Hi Dan,

I hope you are doing well. We just announced our public art program for the Sunset & Vine BID – attached you will find the call for artists flyer we are distributing. Additional details about the program, including the application, can be viewed on our website: http://onlyinhollywood.org/calling-all-artists/.

As you can see, we have identified 10 utility boxes in the district that we hope to wrap with 3M vinyl (with councilmember approval of artwork, of course!). We are following the utility box art guidelines that have been established by LADOT.

My question to you: would CD13 be willing to help us spread the word on your social media channels? We're trying to garner the largest possible pool of top-notch, quality artists to choose from.

Let me know if you have any questions about this!

Best regards,

Great Streets: Hollywood Blvd - Punch List

Hello Carter!

Please see the attached punch list which we compiled during our Hollywood Boulevard walkthrough. You'll note some recurring themes throughout:

- Light pole/historic post refurbishment
- Sign repair/replacement
- Curb painting
- Terrazzo repair
- Bump out resurfacing/repair
- Spotlight repair
- Tree well consistency

I have also included a Dropbox link to photos which correspond to each respective punch list item #: https://www.dropbox.com/sh/423eehce690qh4o/AADJeEvZyGHLi9EIKIUXjBcka?dl=0

Some of these items (e.g. graffiti removal, DG filling) will be taken care of by our maintenance team. In addition, the BID is looking to take on some of these special projects, like adding art to utility boxes. We can discuss more after our walkthrough on June 4.

I hope this is a helpful start – let me know if you have any questions!

COUNCILMEMBER O'FARRELL SEEKS TO STRENGTHEN CITYWIDE TREE TRIMMING POLICY FOR PRIVATE ENTITIES

CITY HALL – Los Angeles City Councilmember Mitch O'Farrell introduced a motion this week that seeks to evaluate the current protocols for inspection and enforcement of both permitted and unpermitted pruning and removal of trees on public rights of way across the City.

The motion was introduced following the unpermitted trimming of nine trees over the holidays at Sunset Triangle Plaza in Silver Lake, next to Polka Dot Plaza at the intersection of Sunset Boulevard and Griffith Park Boulevard. The City's Department of Urban Forestry said three of the nine trees were severely damaged by a private entity and will need to be replaced.

"The City has tree pruning protocols as it relates to street trees, however, without proper inspection and enforcement, incidents like the one in Silver Lake continue to occur and lead to further deterioration of the City's urban forest," said Councilmember O'Farrell in the motion he introduced Tuesday during the regular Council meeting. The motion seeks to re-evaluate this process, and make improvements where necessary.

Following the tree trimming incident in Silver Lake, Councilmember O'Farrell directed staff to organize a meeting with the billboard company responsible for the tree trimming, a group of neighbors, and the City's Division of Urban Forestry. During that meeting, the billboard company agreed to consider the replacement of three of the damaged trees, donate public service announcement space on their billboard, and make other improvements at the plaza. The Councilmember is working to follow through with the City Attorney to determine what fines, if any, are applicable to this act of vandalism.

The Councilmember also seeks to review funding and staffing levels needed for proper enforcement, as well as hear a report back on recommendations for monetary fines for illegal pruning and removal.

"It is imperative the City take every effort to ensure the protection and preservation of our urban forest in order to reap all the environmental and aesthetic benefits that trees provide," said O'Farrell.

The motion and report backs will be heard in the Public Works and Gang Reduction Committee in the coming weeks.

MOF Illegal Tree Pruning Motion Notes for Monday

Hi guys,

Here's a rough draft of how I foresee committee going on Monday. The talking points and questions are below and attached.

- The CM will make opening remarks about the Silver Lake incident, and tie it in to an overall Citywide issue.

- The CM will then bring up BSS and the City Attorney and ask for an update on the Silver Lake investigation

- He'll then ask BSS to give a rundown of the current permitting, inspection and enforcement protocols

- Then he'll throw it back to the other members to weigh in before giving his final recommendations.

Let me know your thoughts.

PUBLIC WORKS & GANG REDUCTION COMMITTEE NOTES

ILLEGAL TREE PRUNING/REMOVALS MOTION

OPENING REMARKS:

- LATE LAST YEAR, AN INCIDENT OCCURRED IN THE SILVER LAKE NEIGHBORHOOD OF MY DISTRICT

- A PRIVATE COMPANY HIRED A CONTRACTOR TO PRUNE STREET TREES IN THE PUBLIC RIGHT OF WAY

- THE PRUNING WORK WAS DONE NEGLIGIBLY AND WITHOUT A PERMIT.

- THIS RESULTED IN THE DEATH OF THREE TREES, AND THREE OTHER TREES THAT WILL NOT HAVE THE SAME CANOPY

- UNFORTUNATELY INCIDENTS OF THIS TYPE HAPPEN THROUGHOUT THE CITY AND WE NEED TO DO MORE TO PREVENT AND SUPPRESS IT.

- TREES ARE A VITAL COMPONENT OF OUR CITY'S INFRASTRUCTURE AND PROVIDE NUMEROUS ENVIRONMENTAL AND AESTHETIC BENEFITS

- THE CURRENT PROTOCOLS IN PLACE MAY NOT BE SUFFICIENT AND IT IS MY HOPE THAT TODAY'S DISCUSSION WILL LEAD TO FUTURE ACTION TO ALLOW US TO CLAMP DOWN ON THESE VIOLATIONS

QUESTIONS:

SILVER LAKE INCIDENT:

- WHAT IS THE CURRENT STATUS OF THE INVESTIGATION OF THE INCIDENT IN SILVER LAKE?

- WHEN WILL THE REPORT FROM THE BUREAU BE TRANSMITTED TO THE CITY ATTORNEY'S OFFICE?

- WHAT IS THE POTENTIAL PENALTY THAT THE PERPETRATOR FACES? I WANT TO MAKE IT CLEAR THAT I WOULD LIKE TO SEE THE OFFENDER BE DEALT THE MAXIMUM PENALTY AVAILABLE.

RUNDOWN OF CURRENT POLICY:

- CAN YOU PLEASE WALK US THROUGH THE CURRENT PERMITTING PROTOCOLS FOR TREE PRUNING AND TREE REMOVALS? PLEASE TOUCH ON:
  - HOW A PRIVATE ENTITY APPLIES AND OBTAINS A PERMIT FOR TREE PRUNING AND TREE REMOVAL?
  - WHAT IS THE FEE FOR EACH PERMIT?
  - WHAT RULES MUST THE PERMITEE COMPLY WITH?
  - WHAT LEVEL OF INSPECTION OR OVERSIGHT IS CONDUCTED PRIOR TO APPROVING EACH PERMIT, RESPECTIVELY?
  - HOW LONG IS EACH PERMIT VALID FOR?
  - IS THERE ANY INSPECTION OF THE WORK AFTER THE PERMIT IS ISSUED?

- HOW MANY TREE PRUNING AND TREE REMOVAL PERMIT APPLICATIONS DOES THE BUREAU RECEIVE IN ANY GIVEN YEAR, AND OF THAT NUMBER, HOW MANY DOES IT APPROVE?

- WHAT IS THE CURRENT PENALTY FOR PRUNING TREES WITHOUT A PERMIT?
  - IS THAT VIOLATION THE SAME FOR PERMITTED TREE PRUNING, BUT LEADS TO THE TREE BEING INJURED OR DESTROYED?
  - HOW MANY VIOLATIONS ARE INVESTIGATED ON AVERAGE IN ANY GIVEN YEAR?
  - WOULD THE BUREAU BENEFIT FROM HAVING THE ABILITY TO ISSUE MONETARY ADMINISTRATIVE FINES FOR TREE PRUNING AND REMOVAL VIOLATIONS?

- ****ASK THE CHAIR TO ALLOW OTHER COMMITTEE MEMBERS TO WEIGH IN BEFORE GIVING FINAL RECOMMENDATIONS****

RECOMMENDATIONS:

- MR. CHAIR, I RECOMMEND THAT WE HOLD THIS ITEM IN COMMITTEE AND REQUEST THE FOLLOWING REPORTS BACK FROM THE BUREAU:
  - REQUEST THAT THE BUREAU OF STREET SERVICES, WITH THE ASSISTANCE OF THE CITY ATTORNEY, PROVIDE A **WRITTEN** REPORT BACK ON RECOMMENDATIONS FOR ESTABLISHING MONETARY ADMINISTRATIVE FINES FOR ILLEGAL TREE PRUNING AND REMOVALS, INCLUDING ITS POTENTIAL INCLUSION IN THE ADMINISTRATIVE CITATION ENFORCEMENT PROGRAM
    - THE REPORT SHOULD INCLUDE RATIONALE FOR THE FINE AMOUNT
    - THE REPORT SHOULD INCLUDE RECOMMENDATIONS THAT WOULD ALLOW THE ADMINISTRATIVE FINE TO BE APPLICABLE TO BOTH THE PARTY CONTRACTED TO PERFORM THE WORK AS WELL AS THE PARTY HIRING THAT CONTRACTOR (TWEAKING THE WORDING ON THIS ONE)
- ADDITIONALLY, I RECOMMEND THAT THE BUREAU OF STREET SERVICES PROVIDE A **WRITTEN** REPORT BACK ON THE BUREAU'S CURRENT PROTOCOLS AND ABILITY TO INSPECT TREE PRUNING AND REMOVAL PERMITS AS WELL AS RECOMMENDATIONS TO IMPROVE CURRENT PRACTICES:
  - THE REPORT SHOULD INCLUDE, BUT NOT BE LIMITED TO:
    - THE NUMBER OF TREE PRUNING AND TREE REMOVAL VIOLATIONS.
    - THE LEVEL OF STAFFING NECESSARY TO INSPECT EVERY TREE PRUNING AND REMOVAL PERMIT BEFORE AND AFTER WORK IS COMPLETED.
    - AMENDING THE TREE PRUNING PERMIT RULES TO REQUIRE A SUBMITTAL OF A BEFORE AND AFTER PICTURES OF EACH TREE PERMITTED TO BE PRUNED.
    - RECOMMENDATIONS FOR ENSURING THAT REPEAT OFFENDERS ARE NOT ALLOWED TO COMPETE FOR CITY CONTRACTS NOR BE APPROVED FOR TREE PRUNING AND REMOVAL PERMITS.
    - RECOMMENDATIONS FOR REQUIRING PERMITEES TO PHYSICALLY POST NOTIFICATIONS ON TREES THAT WILL BE TRIMMED AND REMOVED, WHEN THE NUMBER OF TREES TRIMMED EXCEEDS: XX

Great notes. edits below:

- RECOMMENDATIONS FOR ENSURING THAT REPEAT OFFENDERS ARE NOT ALLOWED TO COMPETE FOR CITY CONTRACTS NOR BE APPROVED FOR TREE PRUNING AND REMOVAL PERMITS.

Explain this one, we are saying that a tree trimming company should be excluded from being issued a tree pruning permit **and** other contracts? Such as what? And, a bit extreme don't you think? How about this:

- RECOMMENDATIONS FOR ENSURING THAT (the city deny private companies that are) REPEAT OFFENDERS (a) TREE PRUNING AND REMOVAL PERMIT(remove the "s"), this includes any sub-contractors hired by the original permittee (are we allowing sub contracting? can we limit it? We should extend all rules to any subcontractors).

RECOMMENDATIONS:

Great recs. Please talk to Rita Venegas as well, she is prepping the next quarterly report for public safety on ACE and plans on including the BSS department in it. Add the instruction below, or some version. The CA must be requested to include the bureau officially.

- REQUEST THAT THE CITY ATTORNEY EXTEND THE ACE PROGRAM TO THE BUREAU OF STREET SERVICES.

In regards to the "blacklisting suggestion" It was something that JM brought up when we first intro'd the motion. Yes, in a sense, if a tree pruner is caught trimming trees poorly and/or without a permit x number of times, we would deny them a tree pruning permit and blacklist their ability to compete for BSS Urban Forestry tree pruning contracts, DWP tree pruning contracts, etc.

I'll ask about the sub-contracting piece. My understanding is that the agency/company/person doing the work has to be the one with the approved permit.

Thanks, I'll add the ACE recommendation as well and talk to Rita

Utility Box Art - Sunset & Vine

To: Dan Halden <daniel.halden@lacity.org>

Hello Dan,

Sorry we've been playing phone tag! I thought I'd shoot you an email to catch you up on where we are with our utility box public art project for the Sunset & Vine BID.

As you may recall, we announced our "call for artists" back in July. We received 48 submissions from local artists and, with the help of our Streetscape & Planning Committee and Sunset & Vine BID board, have narrowed the submissions down to our top 2 artists.

Attached you will find examples of each of the artist's work. These are just examples to show their style, technique, and creative direction. Once we select our preferred artist, the Do Art Foundation will work with them directly to curate 10 unique pieces with direction from the BID and CD13.

Per the utility box guidelines established by DOT, we must receive approval and sign off of final artwork from CD13 to proceed. Do you have any thoughts on our top 2 artists? With your direction, we will make our final selection and proceed with curating the 10 artworks.

Please give me a call if you'd like to discuss further!

Best,

Hi Matthew,

Thanks for sending. No super strong feelings regarding either artist, although we reviewed it internally and Artist #2 feels la bit more "Hollywood."

Our suggestion/advice would be that the artwork is really geared toward Hollywood specifically. One thing that folks always seem to like to see is representation of Hollywood's history, so it might be neat to see that incorporated into the art for the boxes.

Keep me posted!

Hello Dan!

I am happy to report that we are ready to proceed with the next steps of approval for our Sunset & Vine utility box art project. We moved forward with artist #2 (Paige Emery) and have been busy refining the artist's work with direction from our streetscape committee and executive board.

As a reminder... we commissioned a local artist with the help of the Do Art Foundation to create 10 original artworks for the District, which feature all-local bands who play in Hollywood. The paintings will be captured in high resolution and professionally printed/installed on 3M vinyl wrap. We plan to exhibit the art installations for one year. Attached you will find a presentation which outlines the project, including the artist's biography/statement, the utility box locations, and proposed artwork.

As you know, the artwork must be approved by the Council Office in order to proceed. If approved, CD13 would then forward the request to LADOT for final review and approval. I have attached a similar request letter from CD14 for reference, in case it's helpful.

Please let me know if you have any questions or need anything else from me!

Best regards,

Hi Matthew,

Thanks for sending. No super strong feelings regarding either artist, although we reviewed it internally and Artist #2 feels a bit more "Hollywood."

Our suggestion/advice would be that the artwork is really geared toward Hollywood specifically. One thing that folks always seem to like to see is representation of Hollywood's history, so it might be neat to see that incorporated into the art for the boxes.

Keep me posted!

They are the final paintings, but once we capture the paintings in high resolution, we plan to do some slight editing in Photoshop in order to tone down some of the contrast/saturation. Specifically, I'd like to soften paintings #2 and #3.

Please feel free to share the images with this in mind.

Thank you!

Hi Dan,

We're proceeding with our utility box art project for Hollywood Boulevard (Walk of Fame). We received 45 submissions from local artists and, with the help of our Streetscape & Planning Committee and HPOA Board of Directors, have narrowed the submissions down to our top 2 artists.

Attached you will find examples of each of the artist's work. These are just examples to show their style, technique, and creative direction. Once we select our preferred artist, the Hollywood Arts Council will work with the artist directly to curate 10 unique pieces with direction from the BID.

Per the utility box guidelines established by DOT, we must receive approval and sign off of final artwork from CD13 to proceed with installation. Do you have any thoughts on our top 2 artists? With your direction, we will make our final selection and proceed with curating the 10 artworks for final approval.

I think you'll agree that these works are a bit more "Hollywood-centric" in traditional terms. Let me know what you think.

PS – can't thank you enough for the letter!

The Hollywood Roosevelt Hotel opened its doors on May 15, 1927, and is the oldest continually operating hotel in Los Angeles.

The first Academy Awards ceremony was held here on May 16, 1929, inside the Blossom Ballroom.

The mural at the bottom of the hotel's swimming pool was painted by David Hockney in 1987.

The Los Angeles Department of Transportation approves your request to allow paint displays on the signal cabinet listed below as described in your correspondence dated February 11, 2016:

1. Sunset Bl & Wilcox Av
2. Sunset Bl & Caheunga Bl
3. Sunset Bl & Ivar Av
4. Sunset Bl & Vine St
5. Sunset Bl & Argyle Av
6. Sunset Bl & Van Ness Av
7. Vine St & Lexington Av
8. Vine St & Fountain Av
9. Vine St & De Longpre Av
10. Vine St & Selma Av

A map of all approved decorative traffic signal cabinets can be found here:

https://goo.gl/bL0WRE

After the display is installed on the signal cabinet, a photograph may be submitted to showcase on the map. If you have any questions, please have your staff call me at (213) 972-8420.

Sincerely,

Selwyn Hollins

Re: LADOT Cabinet Signal Art Installations – CD13/Sunset & Vine BID

Dear Ms. Reynolds,

Across the city, many LADOT signal cabinets are adorned with decorative displays by local artists. These works of art add unique flair to the various neighborhoods of the City, and have proven quite popular with various communities and stakeholders.

Recently, the Sunset & Vine Business Improvement District (BID), which oversees part of central Hollywood's commercial corridor, has worked with local artist Paige Emery and the non-proft DO Art Foundation to design displays for 10 signal cabinets in the Hollywood area, at these locations:

Sunset/Wilcox
Sunset/Cahuenga
Sunset/Ivar
Sunset/Vine
Sunset/Argyle
Sunset/Van Ness
Selma/Vine
De Longpre/Vine
Fountain/Vine
Lexington/Vine

My office has approved these locations, the artist and the attached designs provided by the BID. The art has been created following the specific conditions of the LADOT program for decorative displays on traffic signal cabinets.

We respectfully submit the attached designs to the Department of Transportation for final review and approval. Please contact Daniel Halden of my staff at daniel.halden@lacity.org or (213) 207-3015 upon approval of the submitted designs.

Paige Emery is a Los Angeles-based artist with a Bachelor's Degree in Fine Arts from Laguna College of Art and Design. While attending the university she received classical training in representational painting. Today she adds to her repertoire by incorporating abstract paintings with bold colors and expression. Emery employs oil painting to capture moments of truth among people she loves and meets in artistic and musical communities, emphasizing the rawness and honesty with expressive brushstrokes. While her specialty lies in figurative oil painting, she also combines her love for art and music by designing artwork for albums and posters for bands. Previous exhibitions include the Hibbleton, Gallery in Fullerton, Vintage Poster Gallery and Forest and Ocean Gallery in Laguna Beach, Lolipop Records in Los Angeles, and Elliot Bay Book Company in Seattle.

[Artist Statement]

In a world where mainstream and commercial products easily gain success while independent artists and businesses struggle for recognition, I aim to shine a light on lives trying to make an impact with their music despite that system. I document a culture of Los Angeles that is not conventional and superficial, but an artistic community of underrated talent struggling to make it while following their passion to create and share art and music- something underappreciated and undervalued now more than ever. Los Angeles has an energy drawing people together to create. For this project I intend to expose the richness of bands that are shaping this sprawling metropolis by capturing moments that symbolize the changing way that music is affecting the world.

For each chosen band, I listened to their music while painting them. Each painting was expressively rendered to depict the mood and emotion I interpreted the band to emit. Incorporating vibrant geometrical shapes allowed the subject matter to merge with their environment.

LOS ANGELES DEPARTMENT OF TRANSPORTATION
POLICY FOR DECORATIVE DISPLAYS ON TRAFFIC SIGNAL CABINETS

The Los Angeles Department of Transportation (LADOT) oversees the display of decorative designs on the exterior of traffic signal cabinets purchased and maintained by the City of Los Angeles. Displays are limited to signal cabinets located on public right of ways, excluding railroad crossings and locations restricted by safety regulations contained in the California Manual of Uniform Traffic Control Devices.

Prior to installation, the proposed decorative design, locations and duration for display must be approved by the appropriate City Council Office responsible for the district area. The Council Office must subsequently forward the request to the LADOT General Manager or his/her designee for final review and approval. Final approval will be based on compliance with safety regulations and impacts on the functionality of the signal cabinet. LADOT will notify the Council Office of its final approval or concerns within 3 business days.

All decorative displays must use environmentally preferred paints or adhesives with low volatile organic compounds. The décor may not puncture, etch, bend or otherwise alter the dimensions and integrity of the traffic signal cabinet. Additionally, the display must not cover or obstruct cabinet air vents, door handles, key holes, hinges, and seams.

The City has the right to reject any display that contains language or images that:

- infringe upon a registered trademark, patent or copyright;
- advertise for a financial benefit or commercial purpose;
- resemble a traffic control device or regulatory sign;
- contain reflective material, mirrors, or causes a glare;
- campaign for specific legislation, or the election or recall of a public official;
- promote violence, nudity, illegal drugs, deviant behavior or an illegal activity;
- portray acts deemed obscene, vulgar, profane, or scatological;
- denigrate a specific group based on ethnicity, national origin, age, disability, religion, gender, or sexual orientation;
- denigrate the military, law enforcement, fire rescue and support, government services, or public officials;
- denigrate animals or any living creature protected under the Federal Endangered Species Act.

The decorator will be responsible for all costs associated with the installation, repair, replacement or removal of a display. If any damage is caused to the exterior of a signal cabinet as the direct result of the decorator's installation or maintenance of the display, the decorator will be responsible for the costs necessary to restore the cabinet to a functional condition.

The decorator may be instructed to remove a display from any traffic signal cabinet at the direction of City Council, City Council Office responsible for the district area or LADOT (upon advance notice to City Council or appropriate Council Office). Removal shall take place within 24 hours from the time of notification. If the decorator fails to comply with the removal instruction, the City may remove the display and seek cost reimbursement from the decorator.

Public Art - Call for Artists

To: Daniel Halden <daniel.halden@lacity.org>

Hi Dan,

I hope you are doing well. We just announced our public art program for the Sunset & Vine BID – attached you will find the call for artists flyer we are distributing. Additional details about the program, including the application, can be viewed on our website: http://onlyinhollywood.org/calling-all-artists/.

As you can see, we have identified 10 utility boxes in the district that we hope to wrap with 3M vinyl (with councilmember approval of artwork, of course!). We are following the utility box art guidelines that have been established by LADOT.

My question to you: would CD13 be willing to help us spread the word on your social media channels? We're trying to garner the largest possible pool of top-notch, quality artists to choose from.

Let me know if you have any questions about this!

Best regards,

Hello Carter!

Please see the attached punch list which we compiled during our Hollywood Boulevard walkthrough. You'll note some recurring themes throughout:

- Light pole/historic post refurbishment
- Sign repair/replacement
- Curb painting
- Terrazzo repair
- Bump out resurfacing/repair
- Spotlight repair
- Tree well consistency

I have also included a Dropbox link to photos which correspond to each respective punch list item #:
https://www.dropbox.com/sh/423eehce690qh4o/AADJeEvZyGHLi9EIKIUXjBcka?dl=0

Some of these items (e.g. graffiti removal, DG filling) will be taken care of by our maintenance team. In addition, the BID is looking to take on some of these special projects, like adding art to utility boxes. We can discuss more after our walkthrough on June 4.

I hope this is a helpful start -- let me know if you have any questions!

Jeanne,
I'd like to inspect the following records:
The daily schedules of the people listed below, from the past twelve months, as well as appointments booked in advance for the next 6 months.
I would also like records of these individuals' vacation and sick days for the past year.

1. Jeanne Min
2. Mitch O'Farrell
3. Marisol Rodriguez
4. Aram Taslagyan
5. Daniel Halden
6. Sylvan De La Cruz

Thank you so much for your cooperation.

i wanted to speak to you about pedestrian crossings. They are NOT pedestrian friendly. Pedestrian walks up and presses the button but has no idea if or when the light starts blinking because it blinks out toward the cars. Does it start blinking the second i push the button? Is there a 1, 2,3? second delay after i push the button? And how long does it blink for? If i wait a few seconds before daring to step into the cross walk have i short changed my crossing. The pedestrian needs to see that the light is blinking, too! The cars do not stop just because the light is blinking. They keep going until pedestrian steps down into the cross walk. pedestrian doesn't step down because cars keep coming. Vicious circle! And heaven help you if you're on a bike or a skateboard. Maybe crosswalks should have red instead of yellow blinkers.

Tree trimming.
Could we get the jacarandas on the South side of Fountain at Vine (6300 block) trimmed? i've put in requests but they have never been trimmed to my knowledge.

Thanks,

Team:
As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

Here's the request:

- All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com between April 24, 2016 and June 30, 2016
- All emails between anyone at CD13 and kerryhmorrison@gmail.com without time limitation

Here's my suggested "pecking order" for staff responses, based on who likely has emails that will be responsive:

1. Marisol
2. Jeanne
3. Chris
4. Dave/William - personal accounts + the MOF accounts
5. Leg. Team
6. Christine

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to look at all records having to do with the tree trimming issue and with CF 15-0467-S4, including but not limited to internal communications, notes of meetings, drafts, reports which don't appear in the official council file, constituent emails (either inclusive or exclusive of mine, whichever makes your search easier), and so on. For emails I'm not sure how best to craft the search, but it should at least include "tree trimming" and whatever other search terms you think would be effective. Probably from January 1, 2016 through June 30, 2016 is a sufficient date range.

Thanks, and I hope your time off is as you wish it to be,

Adrian

question re CPRA.pdf

Hi Kimberly,
We are working on Adrian Riskin's CPRA requests. Please see the attached documents. Would the attached correspondence be considered deliberative, and thus we would not have to turn over these documents in the request?

Thanks,

COUNCILMEMBER O'FARRELL SEEKS TO STRENGTHEN CITYWIDE TREE TRIMMING POLICY FOR PRIVATE ENTITIES

CITY HALL – Los Angeles City Councilmember Mitch O'Farrell introduced a motion this week that seeks to evaluate the current protocols for inspection and enforcement of both permitted and unpermitted pruning and removal of trees on public rights of way across the City.

The motion was introduced following the unpermitted trimming of nine trees over the holidays at Sunset Triangle Plaza in Silver Lake, next to Polka Dot Plaza at the intersection of Sunset Boulevard and Griffith Park Boulevard. The City's Department of Urban Forestry said three of the nine trees were severely damaged by a private entity and will need to be replaced.

"The City has tree pruning protocols as it relates to street trees, however, without proper inspection and enforcement, incidents like the one in Silver Lake continue to occur and lead to further deterioration of the City's urban forest," said Councilmember O'Farrell in the motion he introduced Tuesday during the regular Council meeting. The motion seeks to re-evaluate this process, and make improvements where necessary.

Following the tree trimming incident in Silver Lake, Councilmember O'Farrell directed staff to organize a meeting with the billboard company responsible for the tree trimming, a group of neighbors, and the City's Division of Urban Forestry. During that meeting, the billboard company agreed to consider the replacement of three of the damaged trees, donate public service announcement space on their billboard, and make other improvements at the plaza. The Councilmember is working to follow through with the City Attorney to determine what fines, if any, are applicable to this act of vandalism.

The Councilmember also seeks to review funding and staffing levels needed for proper enforcement, as well as hear a report back on recommendations for monetary fines for illegal pruning and removal.

"It is imperative the City take every effort to ensure the protection and preservation of our urban forest in order to reap all the environmental and aesthetic benefits that trees provide," said O'Farrell.

The motion and report backs will be heard in the Public Works and Gang Reduction Committee in the coming weeks.

Hi guys,

Here's a rough draft of how I foresee committee going on Monday. The talking points and questions are below and attached.

- The CM will make opening remarks about the Silver Lake incident, and tie it in to an overall Citywide issue.
- The CM will then bring up BSS and the City Attorney and ask for an update on the Silver Lake investigation
- He'll then ask BSS to give a rundown of the current permitting, inspection and enforcement protocols
- Then he'll throw it back to the other members to weigh in before giving his final recommendations.

Let me know your thoughts.

PUBLIC WORKS & GANG REDUCTION COMMITTEE NOTES

ILLEGAL TREE PRUNING/REMOVALS MOTION

OPENING REMARKS:

- LATE LAST YEAR, AN INCIDENT OCCURRED IN THE SILVER LAKE NEIGHBORHOOD OF MY DISTRICT
- A PRIVATE COMPANY HIRED A CONTRACTOR TO PRUNE STREET TREES IN THE PUBLIC RIGHT OF WAY
- THE PRUNING WORK WAS DONE NEGLIGIBLY AND WITHOUT A PERMIT.
- THIS RESULTED IN THE DEATH OF THREE TREES, AND THREE OTHER TREES THAT WILL NOT HAVE THE SAME CANOPY
- UNFORTUNATELY INCIDENTS OF THIS TYPE HAPPEN THROUGHOUT THE CITY AND WE NEED TO DO MORE TO PREVENT AND SUPPRESS IT.
- TREES ARE A VITAL COMPONENT OF OUR CITY'S INFRASTRUCTURE AND PROVIDE NUMEROUS ENVIRONMENTAL AND AESTHETIC BENEFITS
- THE CURRENT PROTOCOLS IN PLACE MAY NOT BE SUFFICIENT AND IT IS MY HOPE THAT TODAY'S DISCUSSION WILL LEAD TO FUTURE ACTION TO ALLOW US TO CLAMP DOWN ON THESE VIOLATIONS

QUESTIONS:

SILVER LAKE INCIDENT:

- WHAT IS THE CURRENT STATUS OF THE INVESTIGATION OF THE INCIDENT IN SILVER LAKE?

- WHEN WILL THE REPORT FROM THE BUREAU BE TRANSMITTED TO THE CITY ATTORNEY'S OFFICE?

- WHAT IS THE POTENTIAL PENALTY THAT THE PERPETRATOR FACES? I WANT TO MAKE IT CLEAR THAT I WOULD LIKE TO SEE THE OFFENDER BE DEALT THE MAXIMUM PENALTY AVAILABLE.

RUNDOWN OF CURRENT POLICY:

- CAN YOU PLEASE WALK US THROUGH THE CURRENT PERMITTING PROTOCOLS FOR TREE PRUNING AND TREE REMOVALS? PLEASE TOUCH ON:
    - HOW A PRIVATE ENTITY APPLIES AND OBTAINS A PERMIT FOR TREE PRUNING AND TREE REMOVAL?
    - WHAT IS THE FEE FOR EACH PERMIT?
    - WHAT RULES MUST THE PERMITEE COMPLY WITH?
    - WHAT LEVEL OF INSPECTION OR OVERSIGHT IS CONDUCTED PRIOR TO APPROVING EACH PERMIT, RESPECTIVELY?
    - HOW LONG IS EACH PERMIT VALID FOR?
    - IS THERE ANY INSPECTION OF THE WORK AFTER THE PERMIT IS ISSUED?

- HOW MANY TREE PRUNING AND TREE REMOVAL PERMIT APPLICATIONS DOES THE BUREAU RECEIVE IN ANY GIVEN YEAR, AND OF THAT NUMBER, HOW MANY DOES IT APPROVE?

- WHAT IS THE CURRENT PENALTY FOR PRUNING TREES WITHOUT A PERMIT?
    - IS THAT VIOLATION THE SAME FOR PERMITTED TREE PRUNING, BUT LEADS TO THE TREE BEING INJURED OR DESTROYED?
    - HOW MANY VIOLATIONS ARE INVESTIGATED ON AVERAGE IN ANY GIVEN YEAR?
    - WOULD THE BUREAU BENEFIT FROM HAVING THE ABILITY TO ISSUE MONETARY ADMINISTRATIVE FINES FOR TREE PRUNING AND REMOVAL VIOLATIONS?

- ****ASK THE CHAIR TO ALLOW OTHER COMMITTEE MEMBERS TO WEIGH IN BEFORE GIVING FINAL RECOMMENDATIONS****

RECOMMENDATIONS:

- MR. CHAIR, I RECOMMEND THAT WE HOLD THIS ITEM IN COMMITTEE AND REQUEST THE FOLLOWING REPORTS BACK FROM THE BUREAU:
    - REQUEST THAT THE BUREAU OF STREET SERVICES, WITH THE ASSISTANCE OF THE CITY ATTORNEY, PROVIDE A **WRITTEN** REPORT BACK ON RECOMMENDATIONS FOR ESTABLISHING MONETARY ADMINISTRATIVE FINES FOR ILLEGAL TREE PRUNING AND REMOVALS, INCLUDING ITS POTENTIAL INCLUSION IN THE ADMINISTRATIVE CITATION ENFORCEMENT PROGRAM.
        - THE REPORT SHOULD INCLUDE RATIONALE FOR THE FINE AMOUNT
        - THE REPORT SHOULD INCLUDE RECOMMENDATIONS THAT WOULD ALLOW THE ADMINISTRATIVE FINE TO BE APPLICABLE TO BOTH THE PARTY CONTRACTED TO PERFORM THE WORK AS WELL AS THE PARTY HIRING THAT CONTRACTOR (TWEAKING THE WORDING ON THIS ONE)
- ADDITIONALLY, I RECOMMEND THAT THE BUREAU OF STREET SERVICES PROVIDE A **WRITTEN** REPORT BACK ON THE BUREAU'S CURRENT PROTOCOLS AND ABILITY TO INSPECT TREE PRUNING AND REMOVAL PERMITS AS WELL AS RECOMMENDATIONS TO IMPROVE CURRENT PRACTICES:
    - THE REPORT SHOULD INCLUDE, BUT NOT BE LIMITED TO:
        - THE NUMBER OF TREE PRUNING AND TREE REMOVAL VIOLATIONS.
        - THE LEVEL OF STAFFING NECESSARY TO INSPECT EVERY TREE PRUNING AND REMOVAL PERMIT BEFORE AND AFTER WORK IS COMPLETED.
        - AMENDING THE TREE PRUNING PERMIT RULES TO REQUIRE A SUBMITTAL OF A BEFORE AND AFTER PICTURES OF EACH TREE PERMITTED TO BE PRUNED.
        - RECOMMENDATIONS FOR ENSURING THAT REPEAT OFFENDERS ARE NOT ALLOWED TO COMPETE FOR CITY CONTRACTS NOR BE APPROVED FOR TREE PRUNING AND REMOVAL PERMITS.
        - RECOMMENDATIONS FOR REQUIRING PERMITEES TO PHYSICALLY POST NOTIFICATIONS ON TREES THAT WILL BE TRIMMED AND REMOVED, WHEN THE NUMBER OF TREES TRIMMED EXCEEDS: XX

Great notes. edits below:

- RECOMMENDATIONS FOR ENSURING THAT REPEAT OFFENDERS ARE NOT ALLOWED TO COMPETE FOR CITY CONTRACTS NOR BE APPROVED FOR TREE PRUNING AND REMOVAL PERMITS.

Explain this one, we are saying that a tree trimming company should be excluded from being issued a tree pruning permit **and** other contracts? Such as what? And, a bit extreme don't you think? How about this:

- RECOMMENDATIONS FOR ENSURING THAT (the city deny private companies that are) REPEAT OFFENDERS (a) TREE PRUNING AND REMOVAL PERMIT(remove the "s"), this includes any sub-contractors hired by the original permittee (are we allowing sub contracting? can we limit it? We should extend all rules to any subcontractors).

RECOMMENDATIONS:

Great recs. Please talk to Rita Venegas as well, she is prepping the next quarterly report for public safety on ACE and plans on including the BSS department in it. Add the instruction below, or some version. The CA must be requested to include the bureau officially.

- REQUEST THAT THE CITY ATTORNEY EXTEND THE ACE PROGRAM TO THE BUREAU OF STREET SERVICES.

In regards to the "blacklisting suggestion" It was something that JM brought up when we first intro'd the motion. Yes, in a sense, if a tree pruner is caught trimming trees poorly and/or without a permit x number of times, we would deny them a tree pruning permit and blacklist their ability to compete for BSS Urban Forestry tree pruning contracts, DWP tree pruning contracts, etc.

I'll ask about the sub-contracting piece. My understanding is that the agency/company/person doing the work has to be the one with the approved permit.

Thanks, I'll add the ACE recommendation as well and talk to Rita

Subject: FOR THIS WEEK!! Leg. Team/MSR/MDR: CPRA request (CD13.2016.06.23.b)

Hey guys! We need to spend **one cumulative hour of staff time this week** on this CPRA request:

- All records having to do with the **[Silver Lake/Outfront Media] tree trimming issue** and with **CF 16-0467-S4;** date range is **1/1/16 through 6/30/16**

As we've been doing, one staff member should begin searching for/preparing the records. Log how much time you've spent, then let the next person on the list know how much time is remaining this week.

I suggest that we proceed in this list for this request:

1. **David G.**
2. **Star**
3. **Angelo**
4. **Marisol**
5. **Mary**
6. **Dave C. - MOF's accounts**
7. **William - MOF's accounts**
8. **Tony**

We started this request last year, so there may be some documents already printed out.

Please keep me posted.

Dear Dan,

I'd like to look at all records having to do with the tree trimming issue and with CF 15-0467-S4, including but not limited to internal communications, notes of meetings, drafts, reports which don't appear in the official council file, constituent emails (either inclusive or exclusive of mine, whichever makes your search easier), and so on. For emails I'm not sure how best to craft the search, but it should at least include "tree trimming" and whatever other search terms you think would be effective. Probably from January 1, 2016 through June 30, 2016 is a sufficient date range.

Thanks, and I hope your time off is as you wish it to be,

Adrian

Dear Mr. Marose:

This letter is in response to your request received by Council District 13 seeking records pertaining to you, M West Holdings, and discussions between CD13 and the Hollywood Property Owners Alliance related to painting of electrical boxes and an art project you proposed, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before March 26, 2017.

If you have any questions, you may reach me at (213) 473-7013. We greatly appreciate your courtesy and cooperation in this matter.

Mr Arranga:

Since the councilman does not have a portal for public records - or use the term in the entire website - I am sending this records request to you.

In accordance with todays CA Supreme Court ruling to include personal email accounts in public records, I am submitting the following requests for any and all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act. Ill remind you of the key provisions:

6253.1. (a) When a member of the public requests to inspect a public record or obtain a copy of a public record, the public agency, in order to assist the member of the public make a focused and effective request that reasonably describes an identifiable record or records, shall do all of the following, to the extent reasonable under the circumstances:

(1) Assist the member of the public to identify records and information that are responsive to the request or to the purpose of the request, if stated.

(2) Describe the information technology and physical location in which the records exist.

(3) Provide suggestions for overcoming any practical basis for denying access to the records or information sought.

The records I request are:

ALL records [all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act] in which my I, Jay (John) Marose and/or M West Holdings (and their properties and employees, past and present) is discussed or addressed - whether directly or indirectly - from 1 Jan 2014 to Today, March 2, 2017 by staff, past and present, public and private - in accordance with todays Supreme Court ruling. This includes correspondence between 3rd parties about these subjects, their interests or activities. For instance, complaints made to LAPD passed to CD13 about Jay or M West Holdings, their employees and properties, would be germane to this request.

ALL records [all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act] between CD13 and the HPOA - the business improvement districts for Hollywood Blvd and Sunset/Vine regarding the HPOA program with the Hollywood Arts Council to paint electrical boxes in the BID as well as the arts project I brought to HPOA to paint rolling shutters on Hollywood Blvd (regardless of the name used, as outlined in 6253.1.1). This includes correspondence between 3rd parties about these subjects, their interests or activities. For instance, CD13 corresponding with Erik Kaizer or Steven Tronson, would be germane to this request. Dates Jan 1 2014 - Today, March 2, 2017.

To: Tony Arranaga <tony.arranaga@lacity.org>

Mr Arranga:

Since the councilman does not have a portal for public records - or use the term in the entire website - I am sending this records request to you.

In accordance with todays CA Supreme Court ruling to include personal email accounts in public records, I am submitting the following requests for any and all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act. Ill remind you of the key provisions:

6253.1. (a) When a member of the public requests to inspect a public record or obtain a copy of a public record, the public agency, in order to assist the member of the public make a focused and effective request that reasonably describes an identifiable record or records, shall do all of the following, to the extent reasonable under the circumstances:

(1) Assist the member of the public to identify records and information that are responsive to the request or to the purpose of the request, if stated.
(2) Describe the information technology and physical location in which the records exist.
(3) Provide suggestions for overcoming any practical basis for denying access to the records or information sought.

The records I request are:

ALL records [all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act] in which my I, Jay (John) Marose and/or M West Holdings (and their properties and employees, past and present) is discussed or addressed - whether directly or indirectly - from 1 Jan 2014 to Today, March 2, 2017 by staff, past and present, public and private - in accordance with todays Supreme Court ruling. This includes correspondence between 3rd parties about these subjects, their interests or activities. For instance, complaints made to LAPD passed to CD13 about Jay or M West Holdings, their employees and properties, would be germane to this request.

ALL records [all emails, agendas, documents, text messages (CITY provided devices) or other formats that are included under the Public Records Act] between CD13 and the HPOA - the business improvement districts for Hollywood Blvd and Sunset/Vine regarding the HPOA program with the Hollywood Arts Council to paint electrical boxes in the BID as well as the arts project I brought to HPOA to paint rolling shutters on Hollywood Blvd (regardless of the name used, as outlined in 6253.1.1). This includes correspondence between 3rd parties about these subjects, their interests or activities. For instance, CD13 corresponding with Erik Kaizer or Steven Tronson, would be germane to this request. Dates Jan 1 2014 - Today, March 2, 2017.

Yours,
Jay Marose

Sending this as info only (no need to reply all).

As some of you know, AB 900 is a State law intended to streamline CEQA litigation for large development projects. Projects certified (by the Governor) under AB 900, get priority over other cases if challenged in court. Such lawsuits go straight to appellate courts, which then have 270 days to resolve the dispute.

We have two projects in Hollywood that fall under AB 900. One project has been certified: Crossroads.

One of the requirements to ensure expeditious litigation, is to prepare the Administrative Record (the records required for CEQA litigation) ahead of time and post it online for the public. Although our communication is always subject to review because of the CPRA, in this case, all records will proactively be recovered and posted on the Planning Department's website.

Nothing to do for now, and many of you won't have any records on this at all, but I wanted to share.

Hello, everyone,

due to the expected rains this weekend, we are postponing our Hollywood Community Day until **Saturday February 25th**, same time, same plan.

Will get revised flyer for you asap, and I hope that you are all still available to make it. We are still anticipating a great community event, and a great day for Hollywood on Feb. 25th.

Please let me know if you have any questions, thanks!

As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

Here's the request:

- All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com between April 24, 2016 and June 30, 2016
- All emails between anyone at CD13 and kerryhmorrison@gmail.com without time limitation

Here's my suggested "pecking order" for staff responses, based on who likely has emails that will be responsive:

1. Marisol
2. Jeanne
3. Chris
4. Dave/William - personal accounts + the MOF accounts
5. Leg. Team
6. Christine

Here's a vimeo link to Gregorio's documentary promo reel. He's asked to please not post it online anywhere (that means you Mark!). So please keep it at your desk!

I should also mention that I'm in contact with One Archives, and asked that they help spread the word...

Well...another week has gone by! Here's a few updates from our side as far as outreach goes:

Bill McDermott, Chief Dev. Officer LA LGBT Center, assures me that our announcement will be in next week's Calendar of Event email from the center (we hosted an event for The Liberty Hill Foundation earlier this week and make some excellent contacts).

Adrian Scott Fine, Director of Advocacy at the Los Angeles Conservancy, will be releasing our announcement to their network shortly (their film will screen in our private room on Feb. 9th).

Gregorio Davila, writer and director of the feature length documentary L.A. A Queer History- Where It All Began
www.laaqueerhistory.com has offered to document the event with multiple cameras. I have offered him our private room on Fri. Feb. 10 so he can screen a 17 min. promotional short for his film.

I've reached out directly to Commissioner Goldsmith and Chief Girmala as well as Richard Tefank, Executive Director of the Police Commission. I haven't heard anything back yet. Does anyone know where we stand with LAPD LGBTQ outreach/liasons?

CONFIDENTIAL/ATTORNEY-CLIENT COMMUNICATION
Pursuant to the City's arrangement with a frequent CPRA requester, Adrian Riskin, City departments are to allocate an hour of staff time per week toward any outstanding or new CPRA request from Mr. Riskin.
We would like you to confirm that your staffs have been spending one hour per week on Mr Riskin's CPRA requests and that documents responsive to his requests are being produced to the City Clerk. Please respond to this email by tomorrow with an accounting of time spent and a status report on the list of prioritized Riskin requests that were sent to you by our office.

Attached is a flow chart depicting how Mr. Riskin's CPRA requests should be processed. Thank you for your attention to the process of handling and responding to Mr. Riskin's requests, since the actions of one department or office will have an impact on all city departments operating under this system.

Hello, everyone,

due to the expected rains this weekend, we are postponing our Hollywood Community Day until **Saturday February 25th**, same time, same plan.

Will get revised flyer for you asap, and I hope that you are all still available to make it. We are still anticipating a great community event, and a great day for Hollywood on Feb. 25th.

Please let me know if you have any questions, thanks!

Team:
As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

Here's the request:

- All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com between April 24, 2016 and June 30, 2016
- All emails between anyone at CD13 and kerryhmorrison@gmail.com without time limitation

Here's my suggested "pecking order" for staff responses, based on who likely has emails that will be responsive:

1. Marisol
2. Jeanne
3. Chris
4. Dave/William - personal accounts + the MOF accounts
5. Leg. Team

6. Christine

As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

Here's the request:

- All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com between April 24, 2016 and June 30, 2016
- All emails between anyone at CD13 and kerryhmorrison@gmail.com without time limitation

Here's my suggested "pecking order" for staff responses, based on who likely has emails that will be responsive:

1. Marisol
2. Jeanne
3. Chris
4. Dave/William - personal accounts + the MOF accounts
5. Leg. Team
6. Christine

As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

Here's the request:

Subject: Important for Week of 1/31: CPRA Request for CD13 (CD13.2016.06.23.a)

Thanks, Chris. We are done for this week. **Dave/William** -- you are up next with your personal accounts + the MOF accounts.
For next week, the week of 1/31, we will have **one cumulative hour of staff time to devote to this.** Perhaps Dave can start, catalog his time, and then pass the baton to William? Make sure you are keeping track of your time.

Here's the request:

- All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com between April 24, 2016 and June 30, 2016
- All emails between anyone at CD13 and kerryhmorrison@gmail.com without time limitation

Thanks,

Team:
As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

Here's the request:

- All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com between April 24, 2016 and June 30, 2016
- All emails between anyone at CD13 and kerryhmorrison@gmail.com without time limitation

Here's my suggested "pecking order" for staff responses, based on who likely has emails that will be responsive:

1. Marisol
2. Jeanne
3. Chris
4. Dave/William - personal accounts + the MOF accounts
5. Leg. Team
6. Christine

If Clint is unavailable, Dick will reach out to WARREN BEATTY for a similar honor.

Art Yoon asked me to prepare a list of local Oscar nominees. Below is each nominated film that shot here or whose respective work was done here even if filmed outside California. Hence, Georgia-filmed Passengers is listed because it was nominated for score, which was done in LA. Conversely, I left Jungle Book off of here because while the live-action was shot in LA, the vast bulk of the VFX (where its nominated) was done in the UK & Canada.

Hello all,

Art Yoon asked me to prepare a list of local Oscar nominees. Below is each nominated film that shot here or whose respective work was done here even if filmed outside California. Hence, Georgia-filmed Passengers is listed because it was nominated for score, which was done in LA. Conversely, I left Jungle Book off of here because while the live-action was shot in LA, the vast bulk of the VFX (where its nominated) was done in the UK & Canada.

La La Land:

Best Picture

Best Actor

Best Actress

Cinematography

Costume Design

Directing

I'm pretty sure we have some California animation features. The Kubo credits had an California feel. Two prior times when we had only one live action feature ('The Artist' and 'Argo,') they went on to win. As we say in Missouri, it's not whacha got, it's whacha do with it. Let's have some fun. dick

As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

Here's the request:

- All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com between April 24, 2016 and June 30, 2016
- All emails between anyone at CD13 and kerryhmorrison@gmail.com without time limitation

Here's my suggested "pecking order" for staff responses, based on who likely has emails that will be responsive:

1. Marisol
2. Jeanne
3. Chris
4. Dave/William - personal accounts + the MOF accounts
5. Leg. Team
6. Christine

Thanks David.

Very helpful. I'll discuss with my boss and team. As a mom who frequents playgrounds with my kids, I personally would like to pursue the LAMC change. :)

As for the other issues you framed, our office will continue discussions with both the department and with your office as to best next steps for that particular park.

Best,
Jeanne

> Hi Jeanne. We had an internal meeting with our lawyers. A few things. As I mentioned briefly last week, the Penal Code Section cited on the signs is not a perfect fit. We believe the City will be better positioned legally if Council adopts a new (short) section to the LAMC that expressly prohibits an adult unaccompanied by a child from entering a child's play ground area in a park - where the playground area is clearly delineated from the rest of the park and signs are posted. Beverly Hills has such a stand alone ordinance as does a few other municipalities. If CD13 introduces a motion (we can help draft it) and Council acts on it, we will quickly transmit the draft ordinance for Council adoption. Please let us know if that's how you want to proceed. For now, we understand that the signs are back up in the delineated playground in Selma Park. Our neighborhood prosecutor tells us that adults have honored the signs for the playground area in the past so hopefully the adults will continue to do so and working with CD13 we can get this new LAMC provision in place and new signs made and posted (which also address this issue throughout the park system).

As for the other half of Selma Park beyond the fenced playground area, our prosecutor tells us homeless persons congregate in that area throughout the day and it has possibly intimidated other members of the public from feeling comfortable about using that part of the park. We understand, however, that not much in the way of actual criminal activity is occurring. Apparently, that part of the park is walled and gated and that might be a factor as to why the homeless congregate there. There is no legal means to preclude the homeless from using this part of the park. Of course, the City can consider altering the park to meet legitimate park needs, such as changing this part of Selma Park to a dog park or possibly removing the walls/gate to provide better visibility to the street. Installing video surveillance cameras might be another option. RAP are the professionals who can help CD13 address these issues and of course we remain available to assist. I've copied both AP Diaz with RAP and Valerie, Strefan and Alex from our Office.

We are researching whether the sign's current citation to Penal Code 653b(a) is the most effective law to cite. Next week we will provide further advice on that issue and whether a different state or local law is preferable (or we might suggest an amendment to the LAMC). Thank you and have a great Thanksgiving.

A constituent named Adrian Riskin, who is a serial CPRA abuser and frequent critic of the City, posted a negative comment about the sign on his blog. Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.

We are writing to advise that the sign at Selma Park and other similar signage, can be re-posted. My impression from speaking to Council Member O'Farrell earlier this morning is that he would like the signs put back up as soon as possible.

Please feel free to contact me if you have any questions or concerns.

Wishing both of you a happy and delicious Thanksgiving!

Hi Dan,

It was very nice to talk to with you earlier today. I just got home, hence the late reply.

I can't actually figure out the name of organization that owns or is responsible for the bin. The email address posted is donaterecycle@hotmail.com and the phone number is (866) 895 8728. I've called and left messages several times over the past few months.

After speaking with you, I called LA County and was told that the County is only responsible for unincorporated municipalities in the area and have no involvement in the City. However, the Saban Community Clinic who's parking lot is visible in the attached pictures has a big "Los Angeles County" sign on it's entrance. I will try calling them again tomorrow.

I've attached 4 pictures. Two of them are from this evening when I returned from work. One is from last week, and the last one is from several months ago when the other bins were still present. As you can imagine, this is an ongoing problem and I'm completely fed up with it.

My wife, my neighbors, my landlord, and myself are committed to getting rid of these bins and are happy to help you in any way possible. Please don't hesitate to ask me for any information or help.

I really appreciate the effort and care you've shown so far. Thank you very much!

I can't actually figure out the name of organization that owns or is responsible for the bin. The email address posted is donaterecycle@hotmail.com and the phone number is (866) 895 8728. I've called and left messages several times over the past few months.

After speaking with you, I called LA County and was told that the County is only responsible for unincorporated municipalities in the area and have no involvement in the City. However, the Saban Community Clinic who's parking lot is visible in the attached pictures has a big "Los Angeles County" sign on it's entrance. I will try calling them again tomorrow.

I've attached 4 pictures. Two of them are from this evening when I returned from work. One is from last week, and the last one is from several months ago when the other bins were still present. As you can imagine, this is an ongoing problem and I'm completely fed up with it.

My wife, my neighbors, my landlord, and myself are committed to getting rid of these bins and are happy to help you in any way possible. Please don't hesitate to ask me for any information or help.

I really appreciate the effort and care you've shown so far. Thank you very much!

Good afternoon

Sarunas,

It was great speaking to you earlier, and thanks

again for contacting our office regarding the donation bin

at the NW corner of Melrose and Wilton.

As promised, I have requested that BSS (Bureau of

Street Services) investigate the bin and whether or not it

is on public property.

Per our discussion, could you please send me the

contact information you have for the company that owns

the

bin?

Thanks,

Dan

As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

Here's the request:

- All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com between April 24, 2016 and June 30, 2016
- All emails between anyone at CD13 and kerryhmorrison@gmail.com without time limitation

Here's my suggested "pecking order" for staff responses, based on who likely has emails that will be responsive:

1. Marisol
2. Jeanne

3. Chris
4. Dave/William - personal accounts + the MOF accounts
5. Leg. Team
6. Christine

Ok thanks. What do you need from us? Again I can confirm we will definitely need the time extension.

Ps- we are working out way through the rest of the list.

Good afternoon, Shannon.

I'd like to take a look at all emails to/from/cc/bcc anyone at CD13 from 2016 regarding cleanups of homeless people's stuff in the vicinity of Willoughby and Cole in Hollywood.

This should be appended to my priority list H, an updated copy of which is attached for your convenience.

thanks,

Adrian

Good morning, City of Los Angeles and Holly Wolcott.

I'd like to take a look at the following material:

1. All records associated with CF 16-1456 and the lead-up to the CM's motion. This should include but not be limited to emails to/from/cc/bcc concerning creepy activity in parks both intra- and inter-CD. I'd also like to see minutes, notes, agendas, calendar entries, text messages, chat logs, and so on having to do with restricting access to children's playgrounds, and so on. This should absolutely include complaints from constituents about Hollywood park(s) taken over by drug dealers and so on. I'd like to see such material from September 1, 2015 through whenever you comply with this request.

2. All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com from between November 3, 2016 and whenever you comply with this request. I would like to obtain copies of these emails and all attachments to these emails in the native electronic copies in which they're held. Also, for the sake of efficiency, and because I realize that you're probably not going to supply emails in their native electronic format, can you please make sure that all quoted messages are expanded and visible?

This should be appended to my list H, a revised copy of which is attached for the sake of reference.

Thanks in advance,

Adrian

Hi Dan,

It was very nice to talk to with you earlier today. I just got home, hence the late reply.

I can't actually figure out the name of organization that owns or is responsible for the bin. The email address posted is donaterecycle@hotmail.com and the phone number is (866) 895 8728. I've called and left messages several times over the past few months.

After speaking with you, I called LA County and was told that the County is only responsible for unincorporated municipalities in the area and have no involvement in the City. However, the Saban Community Clinic who's parking lot is visible in the attached pictures has a big "Los Angeles County" sign on it's entrance. I will try calling them again tomorrow.

I've attached 4 pictures. Two of them are from this evening when I returned from work. One is from last week, and the last one is from several months ago when the other bins were still present. As you can imagine, this is an ongoing problem and I'm completely fed up with it.

My wife, my neighbors, my landlord, and myself are committed to getting rid of these bins and are happy to help you in any way possible. Please don't hesitate to ask me for any information or help.

I really appreciate the effort and care you've shown so far. Thank you very much!

Good afternoon

Sarunas,

It was great speaking to you earlier, and thanks

again for contacting our office regarding the donation bin

at the NW corner of Melrose and Wilton.

As promised, I have requested that BSS (Bureau of

Street Services) investigate the bin and whether or not it

is on public property.

Per our discussion, could you please send me the

contact information you have for the company that owns the

bin?

Thanks,

Dan

This is great news. Thank you very much.

I noticed that the area had been cleaned up on Saturday. I had assumed it was your team that had done it, but sometimes people come and merely collect whats been discarded to keep for themselves. Occasionally neighborhood residents get fed it up with it and stuff the items back into the bin.

Anyways, it's great that someone actually managed to find and speak with a someone at Save the World. We appreciate your efforts on our behalf.

Hi Dan,

It was very nice to talk to with you earlier today. I just got home, hence the late reply.

I can't actually figure out the name of organization that owns or is responsible for the bin. The email address posted is donaterecycle@hotmail.com and the phone number is (866) 895 8728. I've called and left messages several times over the past few months.

After speaking with you, I called LA County and was told that the County is only responsible for unincorporated municipalities in the area and have no involvement in the City. However, the Saban Community Clinic who's parking lot is visible in the attached pictures has a big "Los Angeles County" sign on it's entrance. I will try calling them again tomorrow.

I've attached 4 pictures. Two of them are from this evening when I returned from work. One is from last week, and the last one is from several months ago when the other bins were still present. As you can imagine, this is an ongoing problem and I'm completely fed up with it.

My wife, my neighbors, my landlord, and myself are committed to getting rid of these bins and are happy to help you in any way possible. Please don't hesitate to ask me for any information or help.

I really appreciate the effort and care you've shown so far. Thank you very much!

Good afternoon
Sarunas,
It was great speaking to you earlier, and thanks
again for contacting our office regarding the donation bin
at the NW corner of Melrose and Wilton.
As promised, I have requested that BSS (Bureau of
Street Services) investigate the bin and whether or not it
is on public property.
Per our discussion, could you please send me the

contact information you have for the company that owns the bin?

Thanks,

Team:
As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

Here's the request:

- All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com between April 24, 2016 and June 30, 2016
- All emails between anyone at CD13 and kerryhmorrison@gmail.com without time limitation

Here's my suggested "pecking order" for staff responses, based on who likely has emails that will be responsive:

1. Marisol
2. Jeanne
3. Chris
4. Dave/William - personal accounts + the MOF accounts
5. Leg. Team
6. Christine

Apple Nabs Retail Space in Downtown Los Angeles

By DAINA BETH SOLOMON

Apple is in the in the process of securing a lease for retail space at the historic Tower Theater downtown at 800 S. Broadway.

Apple Inc. is in the in the process of securing a lease for retail space at the historic Tower Theater downtown, according to sources familiar with the transaction. When complete, the lease for an Apple store at the building, at 800 S. Broadway, could spark dramatic changes along a corridor that has long been in flux.

"If you have a retailer like Apple that comes to Broadway, everyone else will follow," said Jones Lang LaSalle agent Lorena Tomb. "It's going to push rents up, and it's going to change the entire street."

Terms of the deal could not be determined. Apple said it has not made any announcements about a store at that location. The brokerage reportedly representing Apple, Robert K. Futterman & Associates, did not immediately respond to a request for comment.

The stretch of Broadway between First Street and Olympic Boulevard has roughly 250,000 square feet of vacant retail space, despite being populated recently by retailers such as Urban Outfitters, Gap Outlet, Acne Studios, and Oak. The presence of an Apple store could be the spark that reshapes the area.

"If Apple were to go in, I think you would see it start to take shape similar to other strong retail corridors like the Third Street Promenade (in Santa Monica), and Colorado (Avenue) in Pasadena," said Avison Young broker Derrick Moore, who helped bring in Whole Foods to a downtown location close to Broadway.

The Tower Theater was built in 1927 with ornate Renaissance Revival exteriors. Its interior, styled after the Paris Opera House, contains about 7,500 square feet of theater space and another 7,500 square feet of basement space. It was not immediately clear how much space Apple would be taking. The building also has street-front spaces along Eighth Street occupied by small retailers on short-term leases that could be made available to Apple.

Apple had been in the market for retail space downtown for months, and virtually all of downtown's brokers and landlords had clamored to attract the tech giant. Only a handful of locations were said to be seriously in the running, all historic sites on Broadway.

"Apple is known to do things that are outside-of-the-box and unorthodox," said broker Gabe Kadosh of Colliers International. "It creates a bigger splash by going in a historic building."

Part of the splash would be to push up the surrounding rents, which currently range from $1.50 to $4.50 a square foot, depending on the block.

"When it becomes fully known, the pricing is going to skyrocket," said Kadosh.

The Tower Theater would become Apple's most distinctive site in Los Angeles, and possibly one of its most unique nationwide. Apple's local stores are within tried-and-true shopping zones at the Glendale Galleria, Americana at Brand, Beverly Center, Westfield Century City, Grove, Third Street Promenade, and on Colorado Boulevard in Pasadena.

The Blvd has had assaults from street characters, a stabbing death by a homeless person, and other issues considered detrimental to public safety. With the gathering of tourists on a daily basis, the Blvd could also be considered a soft target for terrorism. The Blvd has street characters walking around with masks and no way to identify them if they cause a disturbance. I have cc'd our city representatives who are well aware of these issues with the hope something can be done B4 there is a major incident. Thx

Hello Kerry,

The councilmember mentioned he would like to set up a breakfast with you - you spoke this morning I believe.

He will be away for most of the council recess but is available on Friday morning July 24, 8:30AM, at Mel's Diner - 1660 S. Highland Avenue LA, CA 90028.

Please let me know if you are available.

Hi Dave, that is a LAHSA Commission meeting that morning, so it won't work for breakfast. Can you offer up another morning?

Also, here is an invite to a "friendraiser" we are having at The Center. The CM and his staff were instrumental in helping to secure the grant for this renovation. We, of course, would like to recognize him and let him say a few words.

Would he be in town for Thur July 16?

Team:
As you may know, the City Attorney recently implemented a new procedure related to Adrian Riskin's CPRA requests. He now communicates solely through them, and they have provided a list of his priorities in order. CD13 is to spend **no more than one cumulative hour of staff time per week** on his requests. This means that CD13 **TOTAL** can only spend one hour each week.

Over the last two weeks, Esmeralda and I fulfilled this obligation for the first of Adrian's requests. My work is now complete, as I have printed out and redacted all my relevant documents.

It is now your turn. I am included the details of this request below. My suggestion (after discussing with Jeanne) is that there should be a "pecking order" of responders, which I am also listing below. The first person on the list should go through their emails, see if they have any responsive documents, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Make sense? Please let me know if you have any questions. Also, please keep in mind that we do HAVE to respond and that, with this new system, the amount of time we have to devote to this has now been quite limited, per the City Attorney.

Also, if I am on the email, assume I already printed it out. Only look for emails on which I am not included.

Here's the request:

- All emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com between April 24, 2016 and June 30, 2016
- All emails between anyone at CD13 and kerryhmorrison@gmail.com without time limitation

Here's my suggested "pecking order" for staff responses, based on who likely has emails that will be responsive:

1. Marisol

2. Jeanne
3. Chris
4. Dave/William - personal accounts + the MOF accounts
5. Leg. Team
6. Christine

Hi Kerry,

Hope all is well with you. Wanted to touch base with you regarding this recommendation. As you know the recommendation was removed in the committee process, but we are looking to add it back in when it comes to Council on Tuesday the 9th.

I had a chat with Carlos VanNatter at HACLA about this as well.

Would you have time to chat about it sometime this week?

Thanks in advance!

Hi Dan,

Still doesn't make sense that Hollywood isn't included in the pilot study where there is more pedestrian and tourist (walking) traffic by far than Downtown or Pasadena. This would be a highly used and helpful amenity for Hollywood now! How did we miss out on this?

Hi Dan,

There are efforts to bring bike share to Hollywood. Deployment of the countywide bike share program to Hollywood and West Hollywood is Phase IV of Metro's plan. However, with an LADOT grant to bring integrated carshare and bike share to Hollywood, we are working with Metro to accelerate their planned Hollywood deployment (which they haven't actually funded yet) to next Summer 2017. With our grant, Metro will be able to bring bike share to Hollywood sooner than planned. We are working on the RFP now to hire the team of vendors that will deliver the Mobility Hubs project to Hollywood. Mobility Hubs integrate carshare, bike share, secure bike parking and on-demand smart shuttles.

No - I don't think it's premature. We held a workshop a few months ago and several Hollywood community-based organizations attended so they are aware of the grant and of our project timeline. But our goal to have the services available by next summer may be aggressive. So, I would just let them know that we are working with Metro to accelerate the bike share program in Hollywood to be ready next year.

Why can't we pitch for Hollywood to be included in the Pilot Program? That way, we are guaranteed of something happening sooner rather than later. I don't understand why Pasadena and Downtown were picked over Hollywood. This is where it would have the greatest impact and benefit.

Hi Dan,

It was very nice to talk to with you earlier today. I just got home, hence the late reply.

I can't actually figure out the name of organization that owns or is responsible for the bin. The email address posted is donaterecycle@hotmail.com and the phone number is (866) 895 8728. I've called and left messages several times over the past few months.

After speaking with you, I called LA County and was told that the County is only responsible for unincorporated municipalities in the area and have no involvement in the City. However, the Saban Community Clinic who's parking lot is visible in the attached pictures has a big "Los Angeles County" sign on it's entrance. I will try calling them again tomorrow.

I've attached 4 pictures. Two of them are from this evening when I returned from work. One is from last week, and the last one is from several months ago when the other bins were still present. As you can imagine, this is an ongoing problem and I'm completely fed up with it.

My wife, my neighbors, my landlord, and myself are committed to getting rid of these bins and are happy to help you in any way possible. Please don't hesitate to ask me for any information or help.

I really appreciate the effort and care you've shown so far. Thank you very much!

As promised, I have requested that BSS (Bureau of
Street Services) investigate the bin and whether or not it
is on public property.
Per our discussion, could you please send me the
contact information you have for the company that owns the
bin?
Thanks,

Somewhere along the way, Jonathan went out to do the project, but was not clear on what needed to be done, because it was not clearly communicated to him. He went out and only trimmed the bush back from the sidewalk, but not from the top down, as I had instructed Adrian to do.

Tuesday: Field Deputy Dan Halden
Please bring hedge clippers for project #3.

1. Ivar St from Yucca St to Franklin Ave: Please figure out a way to park at this location for this project: Remove litter, debris and bulkies from sidewalks and gutters.

2. El Cerrito Pl: Just south of 1724 El Cerrito Pl: Please see the bushy tree, **photo is attached**. Trim up the tree and shape it a little, if you can.

3. 6056 Calrton Way: Please neatly trim the hedge down to the level of the gate/fence. **please see attached photo.**

Thank you,

Team,
FYI we have heard once again from Mr. Riskin regarding CPRA. Per the new guidelines drafted by the City Attorney, he can communicate only with them. Our office is to spend only one hour **collectively** on responding to his CPRA requests.

He has provided his list of CPRA request priorities, the bulk of which will first and foremost apply to me. Upon my return from the holiday break, I will work on the first request from my end and then work with Jeanne to send out to other staff as needed.

No need to respond to this message; I just wanted to let you know.

BASIC CITY COUNCIL MEETING RULES

AGENDAS - The City Council meets Tuesday, Wednesday and Friday at 10:00 A.M. The agendas for City Council meetings contain a brief general description of those items to be considered at the meetings. Council Agendas are available in the Office of the City Clerk, Council and Public Services Division, Room 395, City Hall, 200 North Spring Street, Los Angeles, CA 90012, and on the City's website at lacity.org; or lacouncilcalendar.com

Ten (10) members of the Council constitute a quorum for the transaction of business. The Council may consider an item not listed on the agenda only if it is determined by a two-thirds (10) vote that the need for action arose after the posting of an Agenda. Some items on the agenda may be approved without any discussion, however, any item may be called "special" by a Councilmember. If an item is called "special" it will be "held" until the remainder of the items on the Council agenda have been acted on by the Council. An item may also be called "special" if a member of the public has requested to speak on the item and a public hearing was not previously held.

The City Clerk will announce the items to be considered by the Council, however items will be grouped. For example, all items for which required public hearings have not previously been held are listed in one section on the printed agenda. The Council President will ask if any Councilmember or member or the public wishes to speak on one or more of these items. If anyone wishes to speak on an item, it will be called "special". The remaining items in this section will be voted on by Council with one roll call vote.

PUBLIC INPUT AT CITY COUNCIL MEETINGS - An opportunity for the public to address the Council on agenda items for which public hearings have not been held will be provided at the time the item is considered or during the Multiple Agenda Item Comment period. Members of the public who wish to speak on items shall be allowed to speak for up to one minute per item up to a total of three minutes per meeting. The Council has determined that a cumulative total of 20 minutes is a reasonable minimum amount of time for the Multiple Agenda Item segment of each regular meeting.

The Council will also provide an opportunity for the public to speak on public interest items. Each speaker shall be limited to one minute of general public comment each regular meeting for a cumulative total of ten (10) minutes. The Council shall not discuss or take action relative to any general public comment.

If you wish to provide documents to the full Council for consideration on an item, please present the Sergeant-At-Arms with 35 copies. Otherwise, your materials will simply be added to the official record.

COUNCIL DISCUSSION AND TIME LIMITS - Councilmembers requesting to address the Council will be recognized by the Council President in the order requested. For any item, the Chairperson of the Committee, or the maker of the original motion, or the member calling a matter "special" shall have up to six (6) minutes to discuss the item. All other Councilmembers may speak up to three (3) minutes each on the matter. After all members desiring to speak on a question have had an opportunity to be heard once, the time for each Member desiring to speak again shall be limited to a maximum of three (3) minutes.

A motion calling the "previous question" may be introduced by any member during a Council debate. If adopted, this motion will terminate debate on a matter and the Chair will instruct the Clerk to call the roll on the matter.

VOTING AND DISPOSITION OF ITEMS - Most items require a majority vote of the entire membership of the Council (8 members). Items which have not been discussed in a Council Committee and have been placed directly on the agenda will require 10 votes to consider. Once considered, these items will normally require eight (8) affirmative votes to be adopted. Ordinances require a unanimous vote (at least 12 members must be present) in order to be adopted on first consideration. If an ordinance does not receive the necessary unanimous vote, it is laid over one calendar week. The votes required for approval on second consideration vary and depend upon the type of ordinance, but a typical ordinance requires eight (8) affirmative votes upon second consideration.

When debate on an item is completed, the Chair will instruct the Clerk to "call the roll". Every member present must vote for or against each item; abstentions are not permitted. The Clerk will announce the votes on each item. Any member of Council may move to "reconsider" any vote on any item on the agenda, except to adjourn, suspend the Rules, or where an intervening event has deprived the Council of jurisdiction, providing that said member originally voted on the prevailing side of the item. The motion to "reconsider" shall only be in order once during the meeting, and once during the next regular meeting. The member requesting reconsideration shall identify for all members present the agenda number, Council file number and subject matter previously voted upon. A motion to reconsider is not debatable and shall require an affirmative vote of eight (8) members of the Council.

When the Council has failed by sufficient votes to approve or reject an item, and has not lost jurisdiction over the matter, or has not caused it to be continued beyond the next regular meeting, the item is continued to the next regular meeting for the purpose of allowing the Council to again vote on the matter.

The City Council rules provide that all items adopted by the Council will not be presented to the Mayor, or other designated officer by the City Clerk until the adjournment of the regular Council meeting following the date of the Council action. A motion to send an item "forthwith" if adopted by ten (10) votes, suspends these rules and requires the City Clerk to forward the matter to the Mayor, or other officer, without delay.

RULE 16 MOTIONS - Council Rule No. 16, in part, allows a member to send an item directly to the Council without it having to go to a Council Committee first, by giving the City Clerk a motion (seconded by an additional member) during a Council session to be placed on the next regular available Council agenda.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. CERTIFY that the Environmental Impact Report (EIR) (EIR No. ENV-2015-1192-EIR; State Clearing House No. 2015101001) has been completed in compliance with the California Environmental Quality Act (CEQA), the State Guidelines and the City Guidelines and that the City Council has reviewed the information contained therein and considered it along with other factors related to this project; that this determination reflects the independent judgment of the City of Los Angeles; and that the documents constituting the record of proceedings in this matter are located in Council file No. 16-0345-S2 in the custody of the City Clerk and in the files of the Department of City Planning (DCP) in the custody of the Environmental Review Section; and, ADOPT the EIR.

2. ADOPT the FINDINGS pursuant to and in accordance with Section 21081.6 of the California State Public Resources Code, the Mitigation Monitoring Program as the Findings of Council and ADOPT the Mitigation Monitoring Program.

3. ADOPT the FINDINGS made pursuant to and in accordance with Section 21081 of the Public Resources Code and the Statement of Overriding Considerations prepared by the DCP and ADOPT the Statement of Overriding Considerations.

4. ADOPT the FINDINGS of the Los Angeles City Planning Commission (LACPC) as the Findings of the Council.

5. ADOPT the revised Conditions of Approval as modified by the PLUM Committee and attached to Council file No. 16-0345-S2.

6. ADOPT the accompanying RESOLUTION as recommended by the Mayor, the Director of Planning and the LACPC, APPROVING the proposed General Plan Amendment to the Hollywood Community Plan to change the land use designation from Limited Manufacturing to General Commercial, for a mixed-use project consisting of three buildings across two sites flanking McCadden Place, with the

first building being a six-story, 75-foot senior housing building with 100 affordable housing units for seniors; the second building being a five-story (60-foot) youth housing building with up to 35 affordable housing units for young people ages 18-24; the third building being a one- to four-story (20-56 feet) LGBT facility with approximately 69,250 square feet of floor area, including a 7,085 square-foot senior center, a 15,465 square-foot youth center, approximately 17,040 square feet of administrative offices, approximately 5,215 square feet of accessory recreational space, a 4,520 square-foot kitchen/service area, 55 transitional living and emergency guest rooms with a capacity for 100 beds (including 60 transitional living beds and 40 emergency overnight beds), and 1,885 square feet of retail primarily to serve the project residents, employees, clients and guest; including 350 parking spaces provided in a two-level subterranean parking garage; entire project would serve as the new headquarters for the LGBT Center, and the existing Village at Ed Gould Plaza which is operated by the LGBT Center and includes a one/two-story building with approximately 30,708 square feet of floor area, would also become part of the McCadden Project to allow intergrated services and expanded programs to be provided to the LGBT community, for the properties located at 1118-1136 North McCadden Place, 1119-1139 North McCadden Place, and 6719-6733 West Santa Monica Boulevard.

7. PRESENT and ADOPT the accompanying ORDINANCE dated October 13, 2016 effecting a Vesting Zone and Height District Change from [Q]M1-1VL-SN to [T][Q]C2-2D-SN for both sites, and a D-Limitation to allow an average 2.00:1 Floor Area Ratio over the entire site, for the properties located at 1118-1136 North McCadden Place, 1119-1139 North McCadden Place, and 6719-6733 West Santa Monica Boulevard, subject to Conditions of Approval.

8. INSTRUCT the DCP to update the General Plan and appropriate maps pursuant to this action.

9. ADVISE the applicant, pursuant to Section 12.32-G3 of the Los Angeles Municipal Code, as follows:

. . . the Council may decide to impose a permanent Q Condition . . . identified on the zone change map by the symbol Q in brackets . . . There shall be no time limit on removal of the brackets around the [Q] Qualified designation nor on removal of the [T] Tentative designation. After the conditions of the permanent [Q] Qualified classification have been fulfilled, the brackets surrounding the Q symbol shall be removed.

10. ADVISE the applicant that, pursuant to California State Public Resources Code Section 21081.6, the City shall monitor or require evidence that mitigation conditions are implemented and maintained throughout the life of the project and the City may require any necessary fees to cover the cost of such monitoring.

11. ADVISE the applicant that, pursuant to State Fish and Game Code Section 711.4, a Fish and Game Fee and/or Certificate of Fee Exemption is now required to be submitted to the County Clerk prior to or concurrent with the Environmental Notice of Determination filing.

Re: California Public Records Act Requests

Dear Councilmember O'Farrell:

This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following from the City (as "City" is defined below).

For ease of reference in this document, please refer to the following **defined terms**:

> The "City" shall refer to all officials, employees, consultants, and agents of the City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.
>
> "Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.
>
> "Email" includes, but is not limited to, correspondence to or from any email account through which any City business is being conducted, including but not limited to email accounts to City officials, employees or consultants. This definition of email is consistent with the recent Los Angeles County Superior Court order to the City of Malibu to preserve all personal email of public officials

where they conducted public business on personal email accounts so as to defeat the mandates of the California Public Records Act and the Ralph M. Brown Act.

"Meeting notes" includes, but is not limited to any personal handwritten or electric notes maintained by any City employee, contractor, or agent, regardless of the ownership of the media in which the notes summarizing official City business activity is recorded, including but not limited to all Case Summary notes maintained in LADBS records within all City intranet sites or internet sites.

The Public Records requests include:

1. All documents from January 1, 2015 through the date of your compliance with this request which are, refer or relate to any discussions about a development proposal or concept for the Food 4 Less site located at or about 5420 Sunset Blvd., Hollywood, including but not limited to any and all staff reports, including drafts and documents in Planner "working files," studies, photographs, memoranda and internal memoranda, agenda items, agenda statements, correspondence, emails, attachments to emails, notes, photos, and audio and/or video recordings.

2. All documents from January 1, 2015 through the date of your compliance with this request which refer or relate to communications with the developers or their representatives, including but not limited to the law firm of Armbruster, Goldsmith & Delvac, of a proposed or potential project at the Food 4 Less site located at or about 5420 Sunset Blvd., Hollywood, as referred to by way of example in the Weekly Planning Director Report attached hereto at **Exhibit 1**, and incorporated by this reference, including but not limited to any and all staff reports, including drafts and documents in City Planner "working files," studies, photographs, memoranda and internal memoranda, agenda items, agenda statements, correspondence, emails, attachments to emails, notes, photos, and audio and/or video recordings.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If the City determines that any information is exempt from disclosure, I ask that the City reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If the City determines that any requested records are subject to a still-valid exemption, I request that the City exercise its discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, the City redact the exempt content and disclose the rest. Should the City deny any part of this request, the City is required to provide a written response describing the legal authority on which the City relies.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b): (1) if the City is withholding any documents; (2) if the City is redacting any documents; (3) what documents the City is so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

We request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications. ***This is a litigation hold and you are on notice that all records requested are subject to this hold. A litigation hold requires legal counsel to take affirmative acts to assure the preservation of documents, including email, against destruction or spoliation.***

If the copy costs for these requests do not exceed $300, please make the copies and bill this office. If the copy costs exceed $300, please contact me in advance to arrange a time and place where I can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am emailing or faxing this request on January 6, 2017, please ensure that your response is provided to me by no later than **January 16, 2017.** Thank you.

Very truly yours,
Daniel Wright

All,
Just to clarify. I have confirmed that the cite on the sign is correct: Penal Code Section 653b(a).

The sign should be re-installed at Selma Park only at the entrance to the children's play area, not the entrance to the entire park. Similarly, at other RAP parks, the signs should only be placed at entrances to the Children's Play areas, not in other areas of parks. Next week we will work with RAP to discuss options for the area of Selma Park that does not include the children's play area.

Let me know if you have any additional questions.

> Thank you Val for bringing to our attention and providing the legal interpretation as to defense. We will have our staff immediately replace the sign or re-fabricate ASAP, if necessary. And Steve, we'll have our Park Rangers work with you on the proper citation process and guidelines for 653b (which require presence and intent) and Gita, similarly - City wide.

Ramon and Javier please address ASAP with priority at Selma Park. Next, cull together a list of any other similar sites where signs were removed. Please let me know when it's been re-posted at Selma. Thank you.

And similar wishes for a Happy T-day to everyone here and yours.

Best,

> Hi Mike and A.P.
> Council Member O'Farrell contacted the City Attorney yesterday regarding signage posted outside of the children's play area at Selma Park. A constituent named Adrian Riskin, who is a serial CPRA abuser and frequent critic of the City, posted a negative comment about the sign on his blog. Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.
